20" Ultra SlimFit™

Samsung's 20" Ultra SlimFit™ is a true breakthrough in CRT technology. Imagine breathtaking clarity, stunningly vibrant colors, and seamless multimedia integration, tucked into a sleek design that is one-third thinner than a traditional CRT TV. You'll enjoy rich stereo sound through built-in side speakers that add a smart touch to the overall aesthetic appeal. Elegant and space-conscious, Samsung's SlimFit™ is the perfect choice for every room of your home.

TV/Video

- Ultra-Slim depth CRT; thinner than regular flat CRT
- Built-in ATSC tuner
- Finer pixel dot pitch flat CRT improves picture resolution and brightness
- 480i analog display

TX-T2082

20" Ultra SlimFit™

TV/Video

4:3 aspect ratio

Built-in ATSC tuner

Display format 480i

Finer pixel dot pitch DynaFlat™ HD CRT improves picture resolution and brightness with a greater amount of individual picture elements being illuminated.

4H digital comb filter constantly analyzes the three dimensions of picture height, picture width, and picture changes over-time, to dramatically reduce edge image artifacts while improving transition detail.

Color temperature controls: Cool2, Normal, Warm1, Warm2

4 video presets optimize the picture for the type of program being watched. Presets: Standard/Dynamic/Movie/Custom with user adjustable brightness, contrast, sharpness, color, and tint.

Dynamic black level expansion & white peak limiter further improves picture contrast.

Convenience

Full function remote control

Remote Surf™ timer returns TV to original channel so other channels can be browsed during commercial breaks.

Previous channel button permits switching back and forth between two channels.

Variable sleep timer to turn the TV off in varying time intervals.

Clock and On/Off timer

Closed Caption (CC)¹

V-Chip system¹

Easy navigation with a translucent On-screen menu display

Trilingual on-screen display English, Spanish or French.

Screen filling picture modes: Panorama, 4:3, zoom1

Plug & Play setup uses automation and simple menus to select the source (broadcast or cable), set the clock, and map the active channels.

Auto channel programming memorizes only active broadcast and cable channels. Manual add/delete option included.

Channel labeling assigns on-screen channel labels (e.g.-NBC, ESPN, VH-1).

Self diagnostic system displays help messages to facilitate proper set-up and operation.

Audio

Stereo broadcast reception (MTS & SAP)

Second audio program (SAP) capability.

Auto volume leveler keeps audio volume consistent during channel changing to minimize static sound bursts.

Turbo sound boosts high and low audio frequencies

Audio output right and left main: 5W x 2

2 way (left & right) high quality audio driver compliment

Preset sound modes include Movie, Music, Speech (focuses on dialog and reduces background), and Custom (5 band graphic equalizer allows detailed sound adjustments).

Connections

DVD component input (Y/Pb/Pr) 480i: 1 rear

2 Composite A/V inputs: 1 side & 1 rear

RF input: 1 rear

Fixed A/V monitor output

Headphone output: 1 side

Warranty

1 year parts and 1 year labor warranty (90 days parts and labor for commercial use), with in-home service, backed by Samsung toll-free support.
