5

开始使用

在使用您的Clip D-169蓝牙音响前，请遵循以下步骤：
1.确保耳机和电池已经充电完毕。
2.将耳机与手机或其他具有蓝牙功能的移动电话配接（参见使用耳机的 电话配接的章节）。

耳机充电

首次使用耳机或长期（超过2个月）没有充电之后，电池电力即耗尽或不足。

耳机充电

将充电器的插头插入到适合电源（如插座）中后再将充电器插头插入耳机的充电插孔。充电时指示灯将会亮红灯，表示正在充电。充电完毕后指示灯将会亮蓝灯。充电通常约需要2小时。

6

（图2）

低电量指示

当电池电力不足时，耳机将会发出警告音，并且指示灯将会闪烁红灯。

通话及播放时间

您在充满电后可以有约5小时通话或140小时待机时间。即使没有进行通话，耳机也会耗电而减少。

7

（图3）

8

启动和关闭耳机

启动耳机

要启动耳机，请按住主功能按钮（参见图1）3秒钟或者“听”一声提示音或语音提示“Clip D-169”字样，直至泛蓝光。

关于配接过程，请参阅此用户手册的“配接和听”一节。

关闭耳机

将开机状态，请按住主功能按钮（参见图1）3秒钟或者“听”一声提示音或语音提示“Clip D-169”字样。

注意：如您将一部时间停不使用耳机，则耳机会自动关闭并关闭移动电话的蓝牙功能。

耳机配接

首次使用耳机或长期（超过2个月）没有充电之后，电池电力即耗尽或不足。

用户与移动电话上使用可以看到此信息。下列将会提供与其连接至可以配对移动电话和连接的耳机。耳机的配接和重新连接也适用于使用专有蓝牙连接设备的情况，请参见移动电话连接蓝牙连接设备的使用指南。

9

（图4）

10

耳机配接

1. 请将耳机和移动电话放在适当距离的时间范围之内进行开启程序。
2. 启动耳机和移动电话。
3. 将耳机置于配接模式中（参见耳机配接）。请查阅您的手机（或其他装置）的手册，以确定如何启动手机和其他装置的蓝牙功能。

4. 请按照移动电话第三步骤进行，启动移动电话蓝牙功能。
5. 设定移动电话使其找寻到蓝牙装置。将“搜索蓝牙装置”或“搜索新装置”。
6. 输入装置的密码“0000”，然后按“OK”，或者是移动电话提示蓝牙装置。
7. 配对设定成功，耳机会发出“已配对”的语音提示（已配对）。
8. 配对成功后，耳机将会自动连接。
9. 若连接不成功，请参阅移动电话的使用说明书。
10. 某些型号的移动电话无法将其自动开。某些型号移动电话将无法自动连接。

11

上一首/下一曲键

在使用Clip D-169蓝牙耳机时，可以上一首/下一曲键可以播放和后前上下一曲歌曲。

调节音量键

在使用Clip D-169蓝牙耳机时，可以调节音量。

12

调色音频键

在您的耳机使用时，您可以调节音频的音色或者音质。

启动及关闭内置调频

启动内置调频功能

在待机状态下，“听”一声开机进入耳机状态，按住下一曲键3秒钟或者听到“调频”一声。

注意：内置调频功能仅为“开”，将会对移动设备功能“开”、“关”、“调节”。

13

安全守则

一般情况和说明，您驾驶时必须遵守所有的移动电话安全规则。您在驾驶时使用耳机，请将您的安全放在首位，以避免可能发生：

- 您的驾驶安全会受到影响（例如开车时接听电话）
- 您违反了有关使用移动电话的法律或规定
- 您对其他驾驶者、乘客或者行人造成危险或伤害

14

保养及维修

耳机

请将您的蓝牙立体声设备产品，免无故损坏，避免意外地下雨和水接触。

- 切勿将耳机接触液体或者接触过热环境。
- 切勿将耳机接触灰尘或者脏污环境。
- 切勿将耳机接触易燃易爆化学物品或者热源。（最佳存储环境为-15℃到+55℃）
- 切勿拆解或试图修理耳机。
- 切勿将耳机接触过强的震动。
- 切勿将耳机接触过长时间（如：金属或者玻璃）。
- 切勿将耳机存储在输入过低或者过高的环境。
- 切勿将耳机存储在潮湿环境。
- 切勿将耳机存储在灰尘、污染物质或者不干净的地方，更换基座后一个月要给耳机充电，以保证该电池及时的充电状态。
- 请勿用温度变化很大的温度存储耳机。

15

21

Getting started

To use your Bluetooth Headset , please follow the steps below :
1. Charge the headset battery fully.
2. Pair your charged headset with a Bluetooth-enabled mobile phone.

Charging Your Headset

Plug the plugger into the recharging hole(fig. 2), then connect the charger to A/C socket.

IMPORTANT : Charging indicator will be delayed for a few seconds if the headset has not been used for a long time or the battery is drained.

Normal Charging Time

Fully recharging needs 2hrs long, afterwards the battery LCD will displaying fully filled afterwards unplug the earphone from the A/C socket

22

Turning off the Headset

To power on stanby, long press MFB button for 5 seconds until a beep is heard. Afterwards LCD will display" Clip D-169".

Attention

If the earphone is left erased for a certain period , the earphone will be supposed to inactivate the Bluetooth function.

Pairing your headset

You must pair your headset with Bluetooth-enabled phones only. Prior to using and pairing your headset for the firsttime , please check if your mobile phone is Bluetooth-enabled.

Refer to the user guide literature feature on the packaging or user guide that is provided with your mobile phone.

The pairing instructions for typical Bluetooth-enabled mobile phone are explained on the next page. The headset pairing procedure may vary slightly from phone to phone. Please refer to the user guide from manufacturer of your mobile phone or its agent for further information.

23

(Figure 3)

Pairing Your Headset

1. Place the headset and the mobile phone where they are no more than one meter apart.
2. Ensure the headset is off. (The display is used.
3. Long press MFB button for 5 second until a beep is active, when LCD display" Clip D-169".

Attention: In pairing status, if you want to cancel the connecting status, long press MFB button for 5 seconds to exit.

24

4. Activate your mobile phone' s Bluetooth function. Please refer to your mobile phone user guide for details.
5. Get the mobile phone to search for Bluetooth devices within the coverage. Please refer to your mobile to the mobile phone user guide , and select " Clip D-169" from the list.
6. Enter the pre-programmed passkey"0000"and press " ok" to pair your mobile phone with the headset. Once pairing is completed, the display of the headset will show " Clip " and followed by a beep.
7. Go back to your mobile phone' s main menu.
8. Wait for the confirmation that pairing is completed. The headset will be connected with the mobile phone automatically.

Using your headset

Answering/Rejecting call

When there is an incoming call, a ring tone will be heard.if the buzzer is available, the continuous beeps will be active.

Press MFB once to answer the coming call. If you use the earphone to answer the incoming call, the LCD will display the call time length.Press and hold the Volume Button for 2 seconds.

25

Ending a call

Press the MFB once to end your call. Or end the call via your mobile phone as usual.

Adjusting the volume

When your on the phone or listening to the music, press the volume button to adjust the volume to the desired level. The LCD (Liquid Crystal) display will show a 7-15level audio level. The volume may be affected by the volume setting of the caller' s phone as well. Re-adjust the listening volume again when necessary.

Mute

In communication mode, double press MFB button to mute the mic in the headset. Double press MFB button again to activate the mic with synchronized two beeps from the earphone.

Delete the Pairing Status

To delete the pairing status, momentarily press "Warning Tone" and "Next page" for 5 seconds until "Reset headset" displays on the OLED screen with two beeps, afterwards the earphone is power off and delete the pairing status. After power on, the earphone will activate only after re-pairing.

Using your Headset

Making a call using voice dialing

Simply make use on your mobile phone in the normal way . Press MFB to cancel this call.

26

Voice Dialing Tone Your Headset

If your mobile phone is equipped with voice dialing funct on, simply press MFB button for your headset and please say the last page where you have a name.

IMPORTANT:for voice dialing, you must record the voice tag (for person's name) in your mobile phone before you can use voice dialing with your headset. Please refer to your mobile phone' s user guide on how to record the voice tag.

Redialing a Call

To redial the last incoming call , quickly press MFB 2 times

Last Number Redialing from Your Headset

Press two MFB on your headset twice

IMPORTANT: the above function are only applicable to mobile phone with Bluetooth profile supported. Not all mobile phone with the above function model you have Please refer to your mobile phone user guide for additional information.

On The Phone Mode

The Phone book can not be started by pressing the MFB button on the condition of the headset is connected with the stereo mobile phone. After pressing the MFB button for the first time, it will turn to pause. And when being connected with the AV Source, the functions of the MFB are music play / pause.

27

Last track/ next track key

When using a mobile phone supporting A2DP profile, please have a short press of the Last/next track key respectively and you will hear the right beep.

Warning tone key

The machine has recorded 30 seconds warning tone content,when users are in the process of using the headset, long press the warning tone key, warning content is over,it beeps off automatically.When playing the warning tone,assist can hang off by mobile phone or by rectifi cational key.

Voice recording

The machine has recorded 40 seconds , Word-voice key as background music When user's tone spectot reacts,press this key,and they can talk under recet-voiced background

Turning the built in buzzer on and off

Enter the Pairing Status

Enter in to Watching. Press and hold the next track key for 5 seconds until you hear a long beep.

Notes: 1. The buzzer default is set to be"on".

2. The built in will not sound when you are using a mobile phone supporting A2DP profile, but you will hear a sound noting the incoming call from the headset speaker instead. If you have set your mobile phone, you' ll found the built-in buzzer/ reciever to note you with beep.

28

Turn off the Built-in Buzzer

Enter in to Watching. Press the "NEXT page"for 5 seconds until the buzzer beeps 2 times,then turns off the buzzer.when a call is coming,the tone is well heard through earphones.

pair the Bluetooth headset thay is no with two mobile phones at the same time

You can pair the Bluetooth headset with two mobile phones at the same time. It is very convenient to pair double mobile phones with only one headset.

Note: Making a voice activated call and redialing the last number should be operated by the mobile phone paired with the headset lastly.

Pairing with your Bluetooth mobile phone

Please turn the Bluetooth headset to pairing mode, and then pairing one mobile phone,when it is successful, switch to headset to pairing mode again, pairing the other mobile phone.

29

Care and Maintenance

Headset

- Before entering your headset off before placing it in your pocket or bag. If the MFB is accidentally activated your mobile phone may place an unintended call.
- Do not expose the headset to liquid, moisture or humidity as it is not waterproof and may malfunction if exposed to liquid, moisture or humidity.
- Do not expose the headset to extreme temperatures conditions.The best storage temperature range is from -15C to +55C otherwise the life of the headset will be shortened.
- Do not expose the headset to dust, dirt or sand as damage may occur.
- Do not bring your headset into contact with sharp objects as this will cause scratches and damage.
- Do not use the earthing mode the headset as it this may damage the internal components.
- Do not attempt to disassemble the headset as does not contain serviceable components.
- If you do not use the headset for long periods be sure to store it in a dry place free from extreme temperature conditions and dust.

Battery

- Do not attempt to replace the headset' s battery yourself as it is built into the headset and is non-changeable.
- Charge the battery in accordance with the instructions supplied with this user guide.

30

Charging

- Only use the manufacturer-supplied charger when charger the headset.
- Do not disassemble the charger as it may expose you to dangerous voltages and other risks.Incorrect reassembly can cause electric shocks when the charger is subsequently used.
- Do not use the charger outdoors or in damp areas.
- Only charge the headset' s built-in battery in accordance with the instructions supplied in this user guide.
- Avoid charging the headset in extreme temperature conditions.

Safety information

- Check local laws regarding the use of mobile phones and headsets while driving. If you use the headset while driving, ensure your attention is not taken from the road and you drive in a responsible and safe manner.
- Never allow children to play with the headset-small parts may be a choking hazard.
- Observe all signs that require an electrical device or RF radio product to be switched off in designated areas. These could include hospitals, blasting areas, and potentially explosive environments.

31

- Turn off your headset prior to boarding an aircraft.Do not use your headset on the ground.
- Never mount or store your headset over any air bag deployment area as serious injury may result when the air bag deploys.
- Do not dispose of batteries in a fire.
- Dispose of batteries exceeding to local regulations.do not dispose as household waste.

Troubleshooting

If you are unable to connect your headset and mobile phone, please try the following:

- Ensure your headset is turned off and is properly charged.
- Ensure the headset is paired with your mobile phone.
- Ensure your mobile phone' s Bluetooth function is activated.Please refer to your mobile phone user guide for specific instruction.
- Ensure your mobile phone is within the range of the compatible headset and there are no obstructions, such as walls or other electronic devices in between.

If the above steps do not solve your problems, please recharge the headset and remove your mobile phone battery for a short time.

Compatibility

Works with all Bluetooth-enabled phones and PDA.
