User Manual

The best companion for your presentations!

When you need some assistance with your presentations, look no further than the Satechi Bluetooth Slim Presenter. Equipped with a laser pointer and rechargeable battery, this Presenter can change slides, start and stop presentations, and pause presentations with a black screen. And thanks to its sleek and compact design, the Presenter is easy to take with you anywhere!

Pairing Mode

To put the Presenter in Pairing Mode, press and hold the "Next slide" and "Prev. slide" buttons for ~3 seconds, then release. The indicator will blink red.

Pairing: Windows

First, put the Presenter in Pairing Mode. Then, on your Windows device, go to your device settings.

Select "Devices" in the settings menu, then select "Bluetooth" from the sidebar.
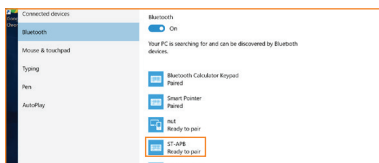

Make sure Bluetooth is turned on. Find "ST-APB" in the list, then click to pair.

Pairing: Mac

First, put the Presenter in Pairing Mode. Then, on your Mac, open your System Preferences.

Select "Bluetooth," and ensure Bluetooth is turned on.

Find "ST-APB" in the list, then click to pair.

Pairing: iOS

First, put the Presenter in Pairing Mode. Then, on your iOS device, open Settings.
