

SAVANT

BLASTER
QUICK START GUIDE

THANKS FOR PURCHASING A SAVANT BLASTER. HERE'S HOW TO GET STARTED:

1

DOWNLOAD THE SAVANT APP™

The Savant App is available for Apple and Android devices. Upon download, the app will walk you through the rest of your setup.

If you need additional help, visit savant.com/support.

Search for Savant in your app store and look for this icon.

2

ENSURE YOUR HOST IS ALREADY SET UP

A Savant Host™ is required to connect to the Blaster™. A solid green light indicates that the Host is connected to your Wi-Fi® network. If you need help setting up your Host, please refer to the Host Quick Start Guide.

3

POWER ON YOUR BLASTER

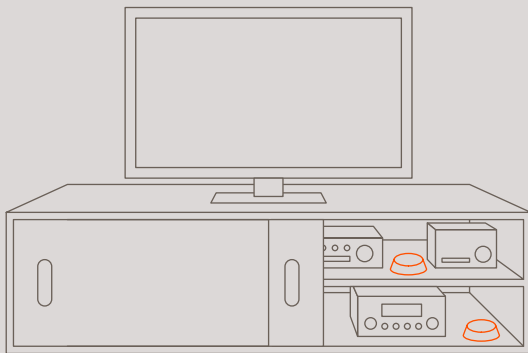

Insert the two AAA batteries into the bottom of the Blaster to power it on. Your app should recognize the Blaster and will prompt you to connect it to the system. If you do not receive a prompt, you can complete the Blaster setup through the Devices section of the Savant App.

4

PLACE YOUR BLASTER

Blasters are for use with devices that are out of the line of sight of your Remote Base. When devices are on multiple shelves, you will need to place a Blaster in front of the devices on each shelf.
