THE RENAISSANCE OF COLOR

MX-2300N/MX-2700N

**A PERFORMANCE PACKED FULL-FEATURED MFP...  
PLUS HIGH QUALITY COLOR  
DESIGNED TO FIT ANY BUDGET**

Sharp's MX Color Series color multifunction document systems are truly a departure from the ordinary. With an advanced scalable design, the MX-2300N and MX-2700N offer all of the features you expect from a robust B&W MFP with the added benefit of cost-effective color. The MX Color Series combine brilliant color imaging with advanced functionality at a surprisingly low total cost of ownership. Now, users can save time and money by producing professional color documents in-house with breathtaking image quality, while also watching the bottom line. With Sharp's advanced management tools, it's easy to control color usage and costs while also providing easy integration with your IT Infrastructure. And, with Sharp's Industry leading security suite, you can rest assured that your MFP and your documents are well protected.

# PERFORMANCE FEATURES

## THE CASE FOR IN-HOUSE COLOR HAS NEVER BEEN SO BLACK AND WHITE

**IN TODAY'S BUSINESS, YOU NEED TO STAY ONE STEP AHEAD. WITH SHARP'S MX COLOR SERIES, IT'S NEVER BEEN SO EASY. ADVANCED EASY-TO-USE FEATURES ALLOW YOU TO GET MORE DONE IN CONSIDERABLY LESS TIME.**

### RELIABILITY THAT WILL KEEP UP WITH YOUR BUSINESS

The MX color workgroup document systems are designed to provide exceptional performance and productivity day after day! With copy/print speeds up to 23 ppm and 27 ppm respectively (in both color or B&W), you will have your jobs finished with time to spare. A total on-line **paper capacity of up to 5,600 sheets** means that the MX is ready when you are.

Paper capacity up to 5,600 sheets with options

### THE POWER AND FLEXIBILITY YOU NEED

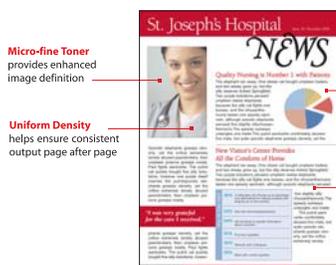

With state-of-the-art color engine technology, the MX Color Series can help your business work smarter, not harder. These MX color models utilize a powerful **600 MHz true multi-tasking** controller that can easily process complicated color or B&W print jobs, even while documents are being scanned. But that's just the beginning, with a 100-sheet reversing document feeder, automatic duplexing and electronic sorting with offset stacking, you'll complete even large jobs in a snap. With Sharp's large customizable touch-screen display, operating the MX Color is simple and easy.

Large 8.1" (measured diagonally), touch-screen display

### BEST-IN-CLASS IMAGE QUALITY

With Sharp's micro-fine toner technology and **Advanced Image Stabilization**, the MX Color Series offer enhanced image definition and consistent density for **beautiful output page after page**. The MX Color Series also monitors ambient conditions during the imaging process

**Micro-fine Toner** provides enhanced image definition

**Uniform Density** helps ensure consistent output page after page

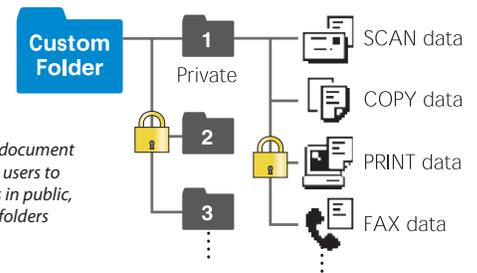

**Advanced Image Stabilization** monitors ambient conditions and helps ensure optimal color balance

**Advanced Laser Technology** with individual scanning units provides clear, crisp images and text

and helps ensure optimum quality and color balance. The results are documents with crisp, clear images and dazzling high quality colors.

### INNOVATIVE DOCUMENT FILING

Sharp's easy-to-use **Document Filing System** provides up to 20 GB of hard drive space to store frequently used files, such as forms and templates. With storage capacity for thousands of pages, everyone on the network can securely share and access documents in a snap. An advanced backup system and pin-access security help ensure that your files are safe.

Sharp's easy-to-use document filing system allows users to store processed files in public, private or personal folders

### GET PROFESSIONAL RESULTS WITH ADVANCED FINISHING

The MX Color Series offer a choice of two high-performance finishers that can always give your documents a professional look and feel. You'll save time and money by minimizing outsourced color jobs such as proposals, presentations or newsletters. Choose from a compact inner finisher or floor-standing saddle-stitch finisher, both finishers offer three-position stapling and an available 3-hole punch.

# ADVANCED WORKFLOW FEATURES

## HIGH-QUALITY NETWORK PRINTING IN BOTH COLOR AND B&W

The MX Color Series offer **extraordinary color image quality** without compromising the workflow features you need. With 600 x 600 dpi **color output** resolution, you can quickly produce professional, ultra-crisp documents right from your desktop. And, with features like **cover page printing**, overlay print and pamphlet print, you'll produce documents that look so good, everyone will think you had them sent out to a printing company.

Sharp's easy-to-use print drivers make accessing all of the MX Color features simple and easy.

## ADVANCED JOB QUEUING ENSURES PRODUCTIVITY AND EFFICIENCY

With Sharp's true multi-tasking controller, the MX Color models utilize dual queuing capability to ensure that copy, fax, and print jobs output continuously for maximum productivity. Whereas traditional controllers perform one function at a time, the MX Color models can process incoming jobs to be printed even while existing jobs are output.

## DIRECT USB PRINTING ADDS CONVENIENCE AND PORTABILITY

With Direct USB printing, users can print color or B&W files in a variety of popular formats directly from USB memory devices such as thumb drives. Need to print PDF brochures in a hurry for a big meeting? It's easy with the MX Color Series, just plug in your portable USB memory device, select the file, and your job prints instantly.

# DOCUMENT DISTRIBUTION

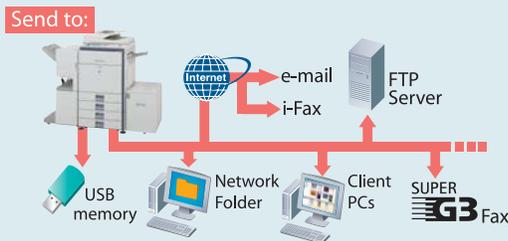

## SHARP LEADS THE INDUSTRY WITH AWARD WINNING NETWORK SCANNING

ImageSEND

Share documents across the network or across the world. With Sharp's advanced **ImageSEND** feature, the MX Color Series become powerful distribution hubs enabling you to scan documents to up to seven different destinations - including **network folders!**

Plus, with the Send-to-Group function, you can send a mixed group broadcast to E-mail, Fax, and Internet Fax in a single operation. With **Send-to-USB**, you can quickly scan documents to a USB memory device in popular formats such as TIFF, JPEG, PDF, and **Encrypted PDF**. Now it is even easier and safer than ever to share your files throughout the office

## CONVENIENT E-MAIL DISTRIBUTION

With Lightweight Directory Access Protocol (LDAP), there's no need to manually enter a recipient's complete e-mail address. Simply enter the first few characters and the MX Color Series automatically searches and displays a list of matching names. Plus, with **Unique File Naming**, you can enter specific filenames with custom subject fields. And, to reduce risk of unauthorized scanned documents, the MX Color Series offers **User Authentication**, which requires users to login at the machine before accessing any functions.

## INTEGRATED B/W FAX AND INTERNET FAX

With the optional Super G3 fax module, the MX Color Series become powerful facsimile systems offering advanced features such as automatic stapled/copied receptions and Inbound Fax Routing to e-mail. Plus, Sharp's innovative PC fax driver enables users to send fax documents right from their desktop. For Internet fax capability, add the optional B/W Internet Fax expansion kit.

## VERSATILE APPLICATION INTEGRATION

To help you manage your document workflow, the MX Color Series supports **Sharp OSA™ technology**. This streamlines document workflow and enhances productivity by allowing users to have bi-directional interaction with network applications right from the machine LCD panel. Sharp's OSA Development Platform uses industry-standard network protocols such as **XML** and **SOAP**, which allow the MX Color Series to communicate with many different applications. With Sharp OSA technology, users can interact with critical business applications such as document management systems, Enterprise Resource Planning software, workflow applications, and more (requires optional equipment).

## ADVANCED INTEGRATED SOFTWARE PROVIDES A COMPLETE OFFICE SOLUTION

### THE SHARP ADMINISTRATION UTILITY SUITE

To help you manage all of the versatile features of the MX-2300N and MX-2700N, Sharp designed the Administration Utility Suite, a collection of **easy-to-use software** that simplifies installation and management.

With **Sharp's Remote E-mail Diagnostics Utility**, IT managers, key operators and authorized Sharp dealers can automatically receive diagnostic e-mail messages regarding device conditions, meter readings and more.

With **Printer Status Monitor**, network users can view printer conditions, check paper levels, toner, and more all through an easy-to-use interface.

**Printer Administration Utility** helps IT Managers speed up installation, driver distribution and configuration of printers on the network - as well as monitor device usage for both B&W and Color jobs.

An **Embedded Web Page** offers advanced web-based management right from the desktop for both authorized users and administrators. Users can create and manage their own network scanning destinations, profiles and web-links. Administrators can access device settings, color control, account information and security settings - without leaving their desk. Available SSL encryption ensures your information is private.

With **Sharpdesk®** personal document management software, users can easily integrate scanned documents into everyday workflow. Easy-to-use tools help users organize, edit, and convert - even combine scanned files, and full text search enables users to retrieve documents in a snap.

### EASILY MANAGE COLOR USAGE AND COSTS

Sharp's **advanced device management system** utilizes user groups to specify what features of the MX Color model can be used, such as color output for scanning, printing or copying. Plus a sophisticated accounting feature manages page counts for copy, print, fax, and scan operations for **both color and B&W**, which allows administrators to **easily manage the costs of color**. The MX Color models support up to **200 user accounts**.

# USER AND ENVIRONMENT FRIENDLY

## AN EASY-TO-USE, LOW MAINTENANCE COLOR DOCUMENT SYSTEM THAT MAKES SENSE

The MX-2300N and MX-2700N are designed to accommodate both large and small office environments. With a compact wingless design, the footprint of each base model is less than 24" x 27". Convenient, front-loading paper drawers and easy-to-change toner cartridges make maintaining the MX Color Series simple and uncomplicated. Our new long-life consumable parts and supplies minimize service intervals and down time, resulting in lower operating costs.

And to make managing all of the advanced features of your MX Color model simple and easy, ask your Authorized Sharp dealer about the **MY Sharp™** website. This dedicated customer training website is customized to your MX model and allows you to locate resources and find information specific to your configuration, truly helping you maximize your MFP investment.

## ENVIRONMENT-FRIENDLY DESIGN

Sharp's newly developed micro-fine toner technology offers a lower consumption rate than conventional toners, which results in less packaging material and longer replacement intervals. Power consumption on the MX-2300N and MX-2700N document systems is among the lowest in the industry and supports two different energy saving modes to reduce or shut off power after a set interval.

# SHARP'S ADVANCED SECURITY HELPS PROTECT YOUR BUSINESS

"Most Secure MFP" Award 2007

"Outstanding MFP Security Solution" 2006

To help protect your data, the MX Color Series offers several layers of security, making Sharp the optimum choice to protect employee privacy and intellectual property. As the leader in office equipment security, Sharp makes it easy for any business or government entity to safely deploy digital copying, printing, scanning and faxing.

### **AUTHORITY GROUPS**

Advanced account management enables administrators to set authority groups for access to features of the MX Color Series. Administrators can control which department, for instance, has full access to copying, printing, scanning and/or fax. Walk up users enter a code, Local Name and Password, or LDAP User Authentication to access their features assigned to their group.

### **DOCUMENTS REMAIN CONFIDENTIAL**

To help protect your printed documents from unauthorized viewing, the MX Color Series offers encrypted PDF files for printing and scanning as well as **Confidential Printing** that requires users to enter a PIN code in order to print a queued document. Additionally, **Secure Fax Release** ensures received fax documents are held in memory until an authorized user enters a PIN code. So compliance with healthcare regulations like HIPAA is easier.

### **NETWORK SCANNING ACCESS**

To help protect your network from unauthorized E-mail communications, the MX Color Series supports **User Authentication**, requiring users to login before performing any network scanning operations.

### **CONTROL DEVICE ACCESS OVER THE NETWORK**

To help restrict access to the device over the network, the MX Series offers **Secure Socket Layer (SSL Encryption)**, IP/MAC address filtering, protocol enable/disable and **port management** for maximum security.

### **DATA ERASE AND ENCRYPTION**

To help protect your data, the MX Color Series offers an optional data security kit that encrypts document data using **AES (Advanced encryption standard) encryption**. Additionally, the data security kit erases the temporary memory on the hard drive by overwriting the encrypted data up to seven times, offering an unprecedented level of assurance.

### **TRACKING AND AUDITING INFORMATION**

Legislation and industry policies require companies to be more aware of information flow from their offices. Sharp offers both built-in and additional hardware/software which allows users to control, access and track usage of each device on the network.

These scalable security offerings aim to protect your intellectual property, preserve confidential information and help your business to meet regulatory requirements, such as the Health Insurance Portability and Accountability Act (HIPAA), and the Gramm Leach Bliley Act (GLB).
