

### Compliance with FCC Regulations

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

**NOTE :** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**CAUTION:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

 If at any time in the future you want to dispose this product, please note that electrical products should not be disposed with household waste. Find out where your nearest recycling centre is. Consult your local authority or retailer for more details (Waste Electrical and Electronic Equipment Directive).

THE SPECIFICATION AND EXTERNAL APPEARANCE OF THE SET ARE SUBJECT TO CHANGE WITHOUT PRIOR NOTICE.

# USER MANUAL

# USING PORTICO

*Before using PORTICO solar sound, fully charge the device using the provided DC adapter. The indicator light will turn red when charging and off when finished.*

## POWER

*To turn the device on, hold the power button on the remote for 3 seconds.*

## LIGHTS

*Press the Light On/Off button to turn the lights on or off.*

## AUX

*To use the speaker with any music device, use a 1/4 inch audio cable to connect the AUX-IN port with the headphone or music out jack.*

## RECHARGING

*When placed in direct sunlight, PORTICO solar sound will recharge automatically. A full recharge takes 12 hours of direct sunlight. If faster charging is required, used the provided 10W DC power adapter.*

## VOLUME

*Press and hold the volume buttons to increase or decrease the sound level. Volume can also be control directly from the Bluetooth paired device.*

# PAIRING PORTICO

*1 - Turn on the PORTICO solar sound. The blue & red LED will blink rapidly, indicating the unit it ready for pairing. If the LED light is not blinking, press the Bluetooth (Pause/Play) button.*

*2 - Turn on the Bluetooth function on your smartphone or tablet and search for Bluetooth devices.*

*3 - Select PORTICO SOLAR from the list.*

*4 - After pairing successfully, the LED light will turn blue.*

## TROUBLESHOOTING

*Your smartphone and PORTICO solar sound should automatically re-pair when PORTICO is turned on, but if this is not the case, go into Bluetooth settings, select PORTICO, press the “Forget Device” button, and re-pair using the steps above.*

*If you want to use your phone or tablet with another Bluetooth device, you should first turn off PORTICO solar sound before attempting to pair.*

*If PORTICO solar sound ceases working, take the product inside and fully recharge using the provided DC adapter.*
