

CRAIG[®]

STEREO HEADPHONE

With Bluetooth[®] Wireless Technology

Owner's Manual

PLEASE READ BEFORE OPERATING THIS EQUIPMENT.

Model: CBH508X

Size: 148.5(W) x 210(H)mm (A5)

FCC INFORMATION:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide residential protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on the circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC NOTICE:

To assure continued compliance, follow the attached installation instructions and use only shielded cables when connecting to other devices. Modifications not authorized by the manufacturer may void user's authority to operate this device.

Location of Controls

- | | |
|---------------------|------------------|
| 1. MIC (Microphone) | 4. Indicators |
| 2. LINE IN Jack | 5. ⏻ Button |
| 3. DC IN Jack | 6. Toggle Switch |

Battery Recharge:

The unit has a built-in Li-ion rechargeable battery, recharge it before use or when the battery is consumed as follow:

1. Connect the small plug from the supplied USB Connection Cable to the DC IN Jack (Micro USB Port) on the unit.
2. Connect the other plug to the USB Port on the Computer or any USB Charger having DC 5V output (Computer and USB Charger not included).
3. During charging, the Red Charging Indicator will illuminate. When finished, it will turned off.

Notes: Your battery will last longer if you follow these simple guidelines for charging and storing it.

- A. Before first time use, charge the unit approximate 2 hours until the unit is fully charged.
- B. Recharge and store the device within the temperature range of 5°C~35°C (40°F~95°F).
- C. Do not overcharge (longer than 24 hours). Excessive charging or discharging may shorten the battery's life.
- D. Battery life naturally shortens slowly over time.
- E. The rechargeable battery incorporated in this product is not replaceable.
