Do not spray wet cleaners directly onto your Shot Scope watch.

Do not expose your Shot Scope watch to extremely high or low temperatures.

Do not bring your Shot Scope watch into contact with any sharp objects as this could cause scratches and damage.

Do not attempt to repair, modify or disassemble your Shot Scope watch; it does not contain any user-serviceable components and doing so will void the warranty.

If your Shot Scope watch becomes submerged in a liquid or a liquid comes in contact with the watch, turn the watch off, wipe any excess liquid from the surface of the watch and place the watch in a dry area for 24 hours.
