Chapter 1

Welcome to SMART Notebook SE for Mac Computers

SMART Notebook SE (Student Edition) for Mac computers enables students to complete assignments, take notes, manage due dates and organize digital material. Each file contains a series of pages and each page has its own objects, properties and settings. Students can add freehand objects, geometric shapes, straight lines, text, graphics, Adobe® Flash® content and tables to a page. Students can manipulate and edit these objects at any time. They can save files in a format that they can open in SMART Notebook SE or SMART Notebook software.

All of the students' files appear in a binder (an electronic filing system that enables the students to sort, arrange and open files).

Students can also export files in a variety of formats and send them to others as e-mail attachments.

The Page Sorter tab displays all of the pages in the current file in thumbnail format. SMART Notebook SE automatically updates these thumbnails when the students change the content of the pages.

Students can drag and drop clip art, backgrounds and multimedia content to pages from the Gallery. The Gallery also provides access to additional online resources.

This guide explains how to install SMART Notebook SE on a student's computer and is intended for school support staff and others responsible for this task.

Chapter 2
Installing SMART Notebook SE

You can install SMART Notebook SE on your Mac computer using SMART Notebook SE Installer.

NOTE
If you upgrade any open applications, they will be closed to complete the update. Save your work before performing any of the following procedures.

Starting the SMART Notebook SE Installer

You can find the Installer file on the SMART Notebook SE CD. You can also download the Installer file at www.smarttech.com/support.

To start the SMART Notebook SE Installer from the CD

1. Insert the SMART Notebook SE CD in the computer.

   The *SMART Notebook SE* window appears.

   NOTE
   If the *SMART Notebook SE* window doesn't appear after you insert the CD, navigate to and open the **CDBrowser.app** file on the CD using the Finder.

2. Click **CDBrowser.app**.

   The *CD Browser* window appears.

3. Click **Install SMART Notebook SE 2009**.

   A warning window appears.

4. Click **Continue**.

   The *SMART Notebook SE Installer* window appears.

To download and start the Installer from the SMART support site

1. In a Web browser, navigate to the following address:

   http://www2.smarttech.com/st/en-US/Support/Downloads/default.htm.

2. Click the appropriate product or operating system link.
3. Click **Download**.
4. Type the requested information.
5. Review the legal statement and then select the **I have read and agree to these terms and conditions** box.
6. Click **Start download**.

   A download confirmation page appears and the download begins.

   If it doesn't begin, click the link to manually start the download. The **Download** window opens; double click the .dmg file.

7. Click **Continue** when a dialog box appears asking if you're sure of the source of the software package.
8. Click **OK** when a warning message appears telling you that all applications being upgraded will close.

   The *SMART Notebook SE Installer Introduction* page appears.

Installing SMART Notebook SE Using the Installer

After starting the Installer, you can use it to configure and install SMART Notebook SE.

To install SMART Notebook SE using the Installer

1. Start the Installer (see page 3 or 4).
2. Click **OK** to acknowledge the warning and to continue with the installation.
3. Click **Continue** on the *Introduction* page.

   The *Software License Agreement* page appears.
4. Select your language if required.
5. Review the license agreement.

   TIP
   If you want a copy of the license agreement for your school's records, click **Print** or **Save**.
6. Click **Continue**.
7. Click **Agree** if you agree to the terms of the license agreement.

   The *Gallery Collections* page appears with all galleries automatically selected.
8. Clear the check boxes of the Gallery collections you don't want to include in the installation.
9. Click **Continue**.

   The *Product Activation* page appears.

To enter your product key and specify My Binder Location

1. Type your product key in the **Product Key** box.

   NOTES

   – This step is optional. If you don't provide a product key during installation, you can do so afterwards using the activation wizard (see page 8).

   – You can find your product key on an insert inside the CD case. If you downloaded SMART Notebook SE from the SMART support site (www.smarttech.com/support), you can purchase a product key from your SMART Authorized Reseller (http://www2.smarttech.com/st/en-US/Where+to+Buy/Software+Purchases.htm).

2. Click **Continue**.

   The *My Binder Directory* page appears.

3. Click **Application Support** to store binder files in the **Application Support** folder.

   OR

   Click **Other**, browse to and select the folder, and then click **OK** to store binder files in a different folder.

4. Click **Continue**.

   The *Destination Select* page appears.

   NOTE

   This page only appears if you have multiple hard drives installed on your computer.

5. Click on the desired location icon if you want to install SMART Notebook SE in a different folder, and then browse to the desired folder location.

6. Click **Continue**.

   The *Installation Type* page appears.

To specify the installation type and begin the installation or upgrade

1. Click **Customize**, select or clear the appropriate check boxes to specify which packages you want to install, and then click **Install**.

   OR

   Click **Install** or **Upgrade** to proceed with a standard installation.

   NOTE
   If other SMART software on your computer uses a Gallery, the button is labeled **Upgrade**. Otherwise, the button is labeled **Install**.

   The installation wizard installs SMART Notebook SE.

2. Enter your administrator password in the *Authenticate* dialog box.

   A message appears telling you that the software is successfully installed.

3. Click **Close**.

Activating SMART Notebook SE

In the procedure on page 6, you had the option of entering your product key. If you chose not to enter a product key, you can do so after installation using the activation wizard.

You can find your product key on an insert inside the CD case. If you downloaded SMART Notebook SE, you can purchase a product key from your SMART Authorized Reseller (http://www2.smarttech.com/st/en-US/Where+to+Buy/Software+Purchases.htm).

IMPORTANT
You must enter your product key within 30 days of installing SMART Notebook SE.

To activate SMART Notebook SE

1. Start SMART Notebook SE (see page 9).

   The *Evaluation Version* dialog box appears.

2. Click **Activate Product**.

   You're prompted for your administrator password.

3. Type your administrator password, and then click **OK**.

4. Type the 22-character product key in the **Product Key** box, and then click **Next**.

   The activation wizard validates the product key and activates SMART Notebook SE.

5. Click **Finish**.

Chapter 3
Using SMART Notebook SE

After you install SMART Notebook SE, students can start the software on their computers. They can then refer to the Help system to learn more about using the application.

Starting SMART Notebook SE

To start SMART Notebook SE

Select **Finder > Applications > SMART Notebook SE > SMART Notebook SE**.

Viewing the SMART Notebook SE Help

For information on using SMART Notebook SE, see the Help.

To view the SMART Notebook SE Help

Select **Help > SMART Notebook SE Help**.

OR

Press COMMAND+? on your keyboard.
