SocketScan S550	Active Surface	Security Cable	White Charging Cable

Thank you for choosing Socket Mobile
Let's get started!

For complete user guide: socketmobile.com\downloads

1. Place Active Surface

Peel plastic off to place the active surface on top of the S550.

IMAGE
COMING
SOON

Optional: Attach Security Cable

Step 1: Feed the string loop through the eyelet.

Step 2: Pull the gimbal through the string loop.

Step 3: Pull tight so the string loop is secure.

2. Charge Your S550
Connect to power using the charging cable and charge the battery.

Charging connector

3. Power On
Press the power button to turn on when S550 is battery operated.

Power button

*S550 will automatically turn on when connected to power.

4. Select Mode and Pair Your S550

The S550 will announce the mode: Reader or Keyboard

"Reader" mode: You are in Reader Only Profile (default)
Recommended to use with your business app developed with Socket Mobile SDK.

Step 1: Download Socket Mobile Companion.

Step 2: Launch app.

Step 3: When prompted, select "Yes" to pair S550 device.

"Keyboard" mode: You are in Keyboard Emulation Profile
Use this mode if you do not have an app developed with
Socket Mobile SDK.

Step 1: Download Socket Mobile Companion.

Step 2: Launch app and when prompted, select "Yes" to
pair S550 device.

Step 3: Select Keyboard mode.

Step 4: Go to your host device's Bluetooth settings.

Step 5: Find S550 and tap to pair.

5. Read NFC Data

Launch your business app. Then, place membership card or mobile pass on top of the S550 to read data.

Important Information

Safety, Compliance and Warranty

Safety and Handling:
See Safety and Handling in the User Guide and
Regulatory Compliance.
www.socketmobile.com/regulatory-compliance

Regulatory:
Regulatory information, certification and compliance marks specific to the
Socket Mobile Barcode scanner are available in the User Guide or Regulatory
Compliance at:
www.socketmobile/regulatory-compliance.

IC and FCC Compliance Statement:
This device complies with Industry Canada licenseexempt RSS standard(s).
This device complies with part 15 of the FCC rules. Operation is subject to
the following two conditions: (1) this device may cause interference, and (2)
this device must accept any interference, including interference that may
cause undesired operation.

EU Compliance Statement:
Socket Mobile hereby declares that this wireless device is in compliance
with the essential requirements and other relevant provisions of the R&TTE
Directive.

Battery and Power Supply:
The scanner contains Battery Friendly® technology-
rechargeable, replaceable batteries lasting over 8 hours.
Rechargeable batteries may present a risk of fire or chemical burn if
mistreated. Do not charge or use the unit in a car or similar place where the
inside temperature may be over 60 degrees C or 140 degrees F. For the full
battery and battery charging warning statement and disposal information,
go to
User Guide or Regulatory Compliance:
www.socketmobile.com/regulatory-compliance

Limited Warranty Summary:
Socket Mobile Incorporated (Socket) warrants this product against defects in
material and workmanship, under normal use and service, for one (1) year
from the date of purchase. Product must be purchased new from a Socket
Authorized Distributor or Reseller. Used products and products purchased
through non-authorized channels are not eligible for this warranty support.
Warranty benefits are in addition to rights provided under local consumer
laws. You may be required to furnish proof of purchase details when making
a claim under this warranty.

**Consumables such as batteries, removable cables, cases, straps, and
chargers: 90 day coverage only.**
