Radio equipment authorisation by FCC in USA and IC in Canada for Identicom i770

Dear Sirs,

The Identicom i770 will be supplied as an original equipment device by Connexion2 Ltd. According to 47 CFR 15.19 (Labelling requirements) Connexion2 Ltd. will print the following text in the appropriate user manual for the product.

**FCC Compliance Statement**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

**RF Exposure Statement**

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. SAR has been evaluated with a laptop as host and the maximum SAR value reported is 1.29 W/kg. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

**IC Compliance Statement**

Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Sincerely,

Connexion2 Limited  
Craig Swallow  
Managing Director
