

Declaration on User manual and Nameplate label

For OEM integration only – device cannot be sold to general public.

Therefore we will not supply the User's manual, the installation manual is the official for OEM.

We submit the user manual of Wireless stereo headset (MDR-AS700BT) as representative product with this Bluetooth module (BTMODR01).

We submit the label of Wireless stereo headset (MDR-AS700BT) as representative product with this Bluetooth module (BTMODR01).

When we install in the other product, we include the following statements in the label and user manual.

(Label)

Contains FCC ID: AK8MODR01

Contains/ Content IC: 409B-MODR01

(User Manual)

For FCC

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment.

This equipment must not be co-located or operated in conjunction with any other antenna or transmitter.

For IC

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

For FCC and IC

This equipment complies with FCC/IC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines in Supplement C to OET65 and RSS-102 of the IC radio frequency (RF) Exposure rules. This equipment has very low levels of RF energy that are deemed to comply without testing of specific absorption ratio (SAR).
