

Quick Start Guide

Tablet Device SGPT1 Series

Getting Started

Make sure to turn off your tablet device.

Press the buttons to open the bottom cover.

Orient the notches as show, and then slide the battery back in.

Close the bottom cover.

Slide off the upper cover.

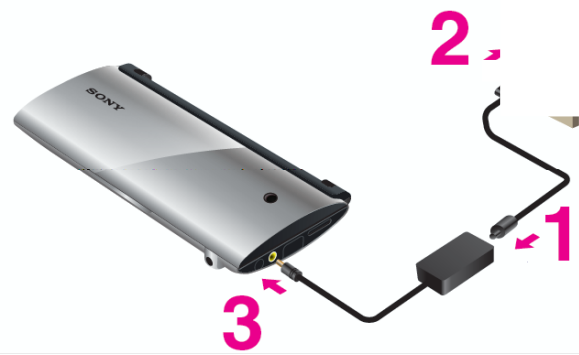

Insert a SIM card.

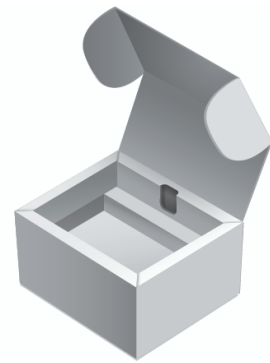

Press and hold the  (power) button for three seconds. Connect your tablet device to the Internet and sign up for or register your Google account.

Charging the Battery

Plug the AC adapter into the charge connector of your tablet device.

In the box

- AC adapter
- AC power cord
- MicroSD memory card (2GB)
- SIM card (TBD)
- Lithium-ion battery pack
- Quick Start Guide (this document)
