Instruction symbols

The following appear in the User guide.

Note

Tip

Warning

A service or function is network- or subscription-dependent. Contact your network operator for details.

> Use a selection or navigation key to scroll and select. See *Navigation* on page 14.

Press the navigation key centre.

Press the navigation key up.

Press the navigation key down.

Press the navigation key left.

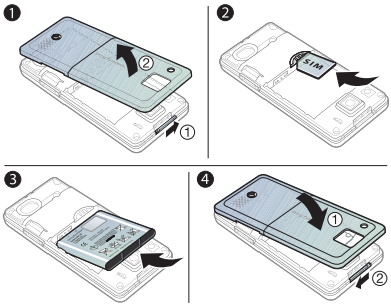
Press the navigation key right.

Getting started

Assembly

Before you start using your phone, you need to insert a SIM card and the battery.

To insert the SIM card and battery



1 Slide and hold the clasp sideways and remove the battery cover.
2 Slide the SIM card into its holder with the contacts facing down.
3 Insert the battery with the label side up and the connectors facing each other.
4 Replace the battery cover.

Turning on the phone

To turn on the phone

1 Press and hold down ⏻ .
2 Select a mode:
- Normal mode – full functionality.
- Flight mode – limited functionality with network, FM radio, Bluetooth™ transceivers off.

3 Enter your SIM card PIN, if requested.
4 Select a language.
5 Select Yes to use the setup wizard.

If you make a mistake when you enter your PIN, you can press C to delete numbers from the screen.

SIM card
The SIM (Subscriber Identity Module) card, which you get from your network operator, contains information about your subscription. Always turn off your phone and detach the charger before you insert or remove the SIM card.

You can save contacts on the SIM card before you remove it from your phone. See To copy names and numbers to the SIM card on page 25.

PIN
You may need a PIN (Personal Identification Number) to activate the services in your phone. Your PIN is supplied by your network operator. Each PIN digit appears as *, unless it starts with emergency number digits, for example, 112 or 911. You can see and call an emergency number without entering a PIN.

To delete numbers from the display
- Press C.

If you enter the wrong PIN three times in a row, PIN blocked *appears. To unblock it, you need to enter your PUK (Personal Unblocking Key). See SIM card lock on page 69.*

Flight mode
In Flight mode the network, radio and Bluetooth transceivers are turned off to prevent disturbance to sensitive equipment.

Start-up screen
The start-up screen appears when you turn your phone on. See *Using pictures* on page 46.

Standby
After you have turned your phone on and entered your PIN, the name of the network operator appears on the screen. This is called standby.

Making and receiving calls

You must turn on your phone and be within range of a network.

To make a call
1 From standby enter a phone number (with international country/region code and area code, if applicable).
2 Select Call.

To answer a call
- Select Answer.

To reject a call
- Select Busy.

Help in your phone

Help and information is available in your phone at any time.

To use the setup wizard

1 From standby select Menu > Settings > the General tab > Setup wizard.
2 Select an option.
See *Navigation* on page 14.

To view information about functions

- Scroll to a function and select More > Info, if available.

To view the phone demonstration

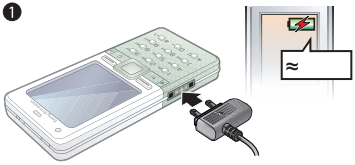
- From standby select Menu > Entertainment > Demo tour.

Charging the battery

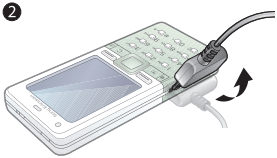
The phone battery is partly charged when you buy it.

To charge the battery

❶



❷



1 Connect the charger to the phone. It takes approximately 2.5 hours to fully charge the battery. Press a key to view the screen.
2 Remove the charger by tilting the plug upwards.

You can use your phone while it is charging. You can charge the battery at any time and for more or less 2.5 hours. You can interrupt the charging without damaging the battery.

Desk Stand CDS-65

Your phone's best assistant: connect a USB cable, charger and portable handsfree.

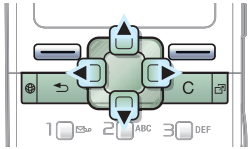
** Some menus are operator-, network- and subscription-dependent.*
*** You can use the navigation key to scroll between tabs in submenus. For more information, see Navigation on page 14.*

Navigation

The main menus are shown as icons. Some submenus include tabs.



To navigate the phone menus

1 From standby select Menu.
2 Use the navigation key to move through the menus.

To scroll between the tabs

- Scroll to a tab by pressing the navigation key left or right.

Key	
	Go to the main menus or to select items
	Scroll between the menus and tabs
	Select options shown immediately above these keys on the screen
	Go back one level in the menus. Press and hold down to return to standby or to end a function
C	Delete items, such as pictures, sounds and contacts. Press and hold down to mute the microphone during a call
	Open the browser
	Open the activity menu
	Press and hold down to take a picture or record a video clip
1	Press and hold down to call your voicemail service (if set)

2 - 9	Press and hold down a number key to reach a contact beginning with a specific letter
1 - 9	Press a number key and select Call to speed dial
#	Press to turn off the ringtone when you receive a call. Press and hold down to set the phone to silent. The alarm signals even if your phone is set to silent
▲	View status information in standby. Increase the volume during a call, or when you use the music player. Press and hold down to go back one track when you use the music player. Zoom out when you use the camera or view pictures. Press twice to reject a call. Voice control. See *Voice control* on page 29
▼	Decrease the volume during a call, or when you use the music player. Press and hold down to go forward one track when you use the Music player. Zoom in when you use the camera or view pictures. Voice control. See *Voice control* on page 29

Shortcuts

You can use keypad shortcuts to go directly to a menu. Menu numbering starts from the top left icon and moves across and then down row by row.

To go directly to the seventh menu

- From standby select Menu and press 7.

To use navigation key shortcuts

- From standby press ▲, ▼, ◀ or ▶ to go directly to a function.

To edit a navigation key shortcut

1. From standby select Menu > Settings > the General tab > Shortcuts.
2. Scroll to an option and select Edit.
3. Scroll to a menu option and select Shortcut.

Activity menu

The activity menu gives you fast access to certain functions.

To open the activity menu

- Press ⊡.

Activity menu tabs

- New events – view missed calls and new messages. These can also be set to appear as pop-up texts.
- Running apps – applications that are running in the background.
- My shortcuts – add your favourite functions to access them quickly.
- Internet – your Internet bookmarks.

To select pop-up texts

- From standby select Menu > Settings > the General tab > New events > Pop-up.

File manager

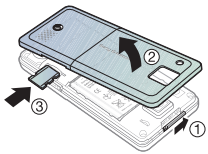
You can use the file manager to handle items saved in the phone memory or on a memory card.

! *You may have to purchase a memory card separately from your phone.*

Memory Stick Micro™ (M2™)

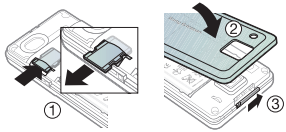
Your phone supports Memory Stick Micro™ (M2™) memory card adding more storage space to your phone. It can also be used as a portable memory card with other compatible devices.

To insert a memory card



1 Remove the battery cover.
2 Insert the memory card with the golden contacts facing down.

To remove a memory card



1 Press the edge to release and remove the memory card.
2 Replace the battery cover.

To view memory card options

1 From standby select Menu > File manager > the On Memory Stick tab.
2 Select More.

Handling files

You can move and copy files between your phone, a computer and a memory card. Files are saved on the memory card first and then in the phone memory. Unrecognized files are saved in the Other folder.

You can create subfolders to move or copy files to. When you handle files, you can select more than one or all the files in a folder at the same time for all items except Games and Applications.

If the memory is full, delete some content to create space.

File manager tabs

The file manager is divided into three tabs, and icons indicate where the files are saved.

- All files – all content in the phone memory and on a memory card.
- On Memory Stick – all content on a memory card.
- In phone – all content in the phone memory.

To open a file in the file manager

1 From standby select Menu > File manager.
2 Scroll to a folder and select Open.

To view information about files

1 From standby select Menu > File manager.
2 Scroll to a file and select More > Information.

To move a file in the file manager

1 From standby select Menu > File manager.
2 Scroll to a folder and select Open.
3 Scroll to a file and select More > Manage file > Move.
4 Select an option.

To select more than one file in a folder

1 From standby select Menu > File manager.
2 Scroll to a folder and select Open.
3 Select More > Mark > Mark several.
4 Select Mark to mark the files.

To delete a file from the file manager

1 From standby select Menu > File manager.
2 Find the file and press C.

Phone language

You can select a language to use in your phone.

To change the phone language

1 From standby select Menu > Settings > the General tab > Language > Phone language.
2 Select an option.

Entering text

There are two methods you can use to enter text:

- Multitap text input
- T9™ Text Input

To change text input methods

- When you enter letters, press and hold down *a/A.

To view options when you enter letters

- Select More.

To enter text using multitap

- From standby select Menu > Messaging > Write new > Text message.
- Press 2 – 9 until the desired character appears.
- Press C to delete.
- Press *a/A to shift between capitals and lower-case letters.
- Press and hold down 0+ – 9 to enter numbers.
- Press #␣ to add a space.
- Press 1@ to enter full stops and commas.
- Press 0+ to enter the + sign.

Multitap input only applies when latin characters are selected as writing language.

T9™ Text Input

The T9™ Text Input method uses a built-in dictionary.

To enter text using T9™ Text Input

1 From standby select Menu > Messaging > Write new > Text message.
2 Press each key only once, even if the letter you want is not the first letter on the key. For example, if you want to write the word “Jane”, press 5, 2, 6, 3. Write the whole word before looking at the suggestions.
3 Press C to delete.
4 Use ▲ or ▼ to view suggestions.
5 Press #␣ to accept a suggestion.
6 Press 1@ to enter full stops and commas.
