Instruction symbols

The following appear in the user guide:

Note

A service or function is network- or subscription-dependent. Contact your network operator for details.

See also page...

Use a selection or navigation key to scroll and select **11 Navigation**.

Press the navigation key centre.

Press the navigation key up.

Press the navigation key down.

Press the navigation key left.

Press the navigation key right.

Getting started

SIM card, battery, turning on, help, calls.

SIM card and battery

To insert SIM card and battery

- 1 Remove the battery cover.
- 2 Slide the SIM card into its holder with the contacts facing down.
- 3 Insert the battery with the label side up and the connectors facing each other.
- 4 Slide the battery cover into place.

To charge the battery

- 1 Connect the charger plug to the phone with the symbol facing upwards.
- 2 It may take up to 30 minutes before the battery icon appears.
- 3 Wait approximately 2.5 hours or until the battery icon indicates a full charge. Press a key to activate the screen.
- 4 Pull out the charger plug by tilting the plug upwards.

Turning on your phone

Make sure the phone is charged and a SIM card inserted before turning it on. After turning on, use the setup wizard to quickly and easily prepare for use.

To turn on the phone

- 1 Press and hold down **ⓘ**. The first startup may take a few minutes.
- 2 Select to use the phone in:
 - Normal mode – full functionality
 - Flight mode – limited functionality with network, FM radio, Bluetooth™ transceivers off.
- 3 Enter your SIM card PIN, if requested.
- 4 At first startup, select the language for your phone menus.
- 5 ► Yes for the setup wizard to help you.
- 6 Follow the instructions to complete setup.

 *If predefined settings exist in your phone, you may not need more settings. If you use **Settings download**, you must register the phone at Sony Ericsson. A text message is sent. No personal data will be transferred to or processed by Sony Ericsson. Contact your network operator or service provider for more information.*

Help in your phone

Help and information is available in your phone at any time.

To use the setup wizard

- Settings ► the General tab ► Setup wizard and select an option:
 - Settings download
 - Basic setup
 - Tips and tricks

To view information about functions

Scroll to a function ► More ► Info, if available.

To view the phone demonstration

- Entertainment ► Demo tour.

Making and receiving calls

The phone must be in normal mode.

To make a call

Enter a phone number (with international prefix and area code if applicable) ► Call to make the call or ► More ► Make video call ► 17 Video call.

To receive a call

When the phone rings ► Answer or ► Busy to reject the call.

To end a call

► End call.

* Some menus are operator-, network- and subscription-dependent.

** Use the navigation key right and left to move between tabs in submenus. For more information  11 Navigation.

Navigation

The main menus are shown as icons. Some submenus include tabs. Scroll to a tab by pressing the navigation key left or right and selecting an option.

Navigation keys

Key

	Go to the main menus or to select highlighted items.
	Move through the menus and tabs.
	Select options shown immediately above these keys on the screen.
	Go back one level in the menus. Press and hold down to return to standby or to end a function.
	Delete items, such as pictures, sounds and contacts. During a call, press and hold down to mute the microphone.
	Open the browser.
	Open the activity menu ➤ <i>14 Activity menu.</i>
	Open or pause the Music player.
	Press and hold down to take a picture or record a video clip.
	Press and hold down to call your voicemail service (if set).
 - 	Press and hold down any of these keys to reach a contact beginning with a specific letter.

 - 	Press a number key and ► Call to speed dial.
	Turn off the ringtone when receiving a call. Press and hold down to set the phone to silent. The alarm sounds even if the phone is set to silent.
	View status information in standby. Increase the volume during a call, or when using the Music player. Zoom out when using the camera or viewing pictures. Press and hold down to go back one track. Press twice to reject a call.
	Decrease the volume during a call, or when using the Music player. Zoom in when using the camera or viewing pictures. Press and hold down to go forward one track.
	Use left or right photo keys to view camera album pictures from standby, for full or thumbnail views.
► Info	Find more information, explanations or tips about selected features, menus or functions available in your phone ► <i>5 Help in your phone.</i>
► More	Enter a list of options. There are different alternatives in the list of options depending on where you are in the menus.

Entering letters

Enter letters in one of the following ways (text input methods), for example, when writing messages:

- Multitap text input
- T9™ Text Input

To change the text input method

Before, or when entering letters, press and hold down  to change the method.

Options when entering letters

► **More** for options when writing a message.

To enter letters using multitap input

- Press **(2)** - **(9)** repeatedly until the desired character appears.
- Press **(⇧↔)** to shift between capital and lower-case letters.
- Press and hold down **(0+)** - **(9)** to enter numbers.
- Press **(C)** to delete letters or numbers.
- Press **(1)** for the most common punctuation marks.
- Press **(#↔)** to add a space.

T9™ Text Input

The T9 Text Input method uses a built-in dictionary to recognize the most commonly used word for each sequence of key presses. This way, you press each key only once, even if the letter you want is not the first letter on the key.

To enter letters using T9 Text Input

- 1 To enter text, you have to be in a function where text input is possible, for example, ► **Messaging** ► **Write new** ► **Text message**.
- 2 For example, to write the word “Jane”, press **(5)**, **(2)**, **(6)**, **(3)**.

- 3 If the word shown is the one you want, press **(#↔)** to accept and add a space. To accept a word without adding a space, press **(⊙)**. If the word shown is not the one you want, press **(⊙)** or **(⊙)** repeatedly to view alternative words. Accept a word and add a space by pressing **(#↔)**.
- 4 Continue writing the message. To enter a punctuation mark, press **(1)** and then **(⊙)** or **(⊙)** repeatedly, press **(#↔)** to accept and add a space.

To add words to the T9 Text Input dictionary

- 1 When entering letters ► **More** ► **Spell word**.
- 2 Edit the word by using multitap input. Use **(⊙)** and **(⊙)** to move the cursor between the letters. To delete a character, press **(C)**. To delete the entire word, press and hold down **(C)**.
When you have edited the word ► **Insert**. The word is added to the T9 Text Input dictionary. Next time you enter this word using T9 Text Input, it appears in alternative words.

Next word prediction

When writing a message, you can use T9 Text Input to predict the next word, if previously used in a sentence.

To turn next word prediction on/off

When entering letters ► **More** ►
Writing options ► **Next word pred..**

To use next word prediction

When entering letters, press **(# →)** to
accept or continue.

Activity menu

You can open the activity menu
almost anywhere in the phone to view
and handle new events, and access
bookmarks and shortcuts.

To open and close the activity menu

Press **(☰)**.

Activity menu tabs

- **New events** – such as missed calls and messages. When a new event occurs, the tab appears. Press **(C)** to dismiss an event from the event tab. New events can also be set to appear as pop-up text instead, ► **Settings** ► the **General** tab ► **New events** ► **Pop-up**.
- **Running apps** – applications that are running in the background. Select an application to return to it or press **(C)** to end it.

- **My shortcuts** – add, delete and change the order of shortcuts. When you select a shortcut and the application opens, other programs are closed or minimized.
- **Internet** – your Internet bookmarks. When you select a bookmark and the browser opens, other programs are closed or minimized.

File manager

Use the file manager to handle items such as pictures, videos, music, themes, Web pages, games and applications saved in the phone memory or on a Memory Stick Micro™ (M2™) memory card.

You may have to separately purchase a memory card for your phone.

You can also move and copy files between the phone, a computer and a memory card.

Create subfolders to move or copy files to. Games and applications can be moved within the **Games** and **Applications** folders and from the phone memory to a memory card. Unrecognized files are saved in the **Other** folder. When handling files, you can select several or all files in a folder

at the same time for all items except Games and Applications.

All files are automatically saved in the phone memory. If all available memory is full, you cannot save any files until content is removed.

File manager menu tabs

The file manager is divided into three tabs, and icons are included to indicate where the files are saved.

- All files – all content in the phone memory and on a Memory Stick Micro™ (M2™).
- On Memory Stick – all content on a Memory Stick Micro™ (M2™).
- In phone – all content in the phone memory.

File information

View file information by highlighting it
▶ More ▶ Information.

To use a file from the file manager

- 1 ▶ File manager and open a folder.
- 2 Scroll to a file ▶ More.

To move or copy files to a computer
▶ 35 Transferring files using the USB cable.

To create a subfolder

- 1 ▶ File manager and open a folder.

- 2 ▶ More ▶ New folder and enter a name for the folder.

- 3 ▶ OK to save the folder.

To select several files

- 1 ▶ File manager and open a folder.
- 2 ▶ More ▶ Mark ▶ Mark several.
- 3 Scroll to select files ▶ Mark or Unmark.

To select all files in a folder

- ▶ File manager and open a folder ▶ More ▶ Mark ▶ Mark all.

To delete a file or a subfolder from the file manager

- 1 ▶ File manager and open a folder.
- 2 Scroll to a file ▶ More ▶ Delete.

Calling

Calls, video calls, contacts.

Making and receiving calls

Before you can make or receive any calls, you must turn on your phone and be within range of a network. ➔ 5
Turning on your phone. To make a video call ➔ 17 *Video call.*

Networks

When you turn on the phone, it automatically selects your home network if this is within range. If it is not within range, you may use another network, provided your network operator has an agreement that allows you to do so. This is called roaming.

Select the network to use, or you can add a network to your preferred networks. You can also change the order in which networks are selected during an automatic search.

To view available network options

► Settings and use  or  to scroll to the Connectivity tab ► Mobile networks.

To make a call

- 1 Enter a phone number (with international country code and area code, if applicable).
- 2 ► Call to make a voice call or ► More to view options, such as Make video call ➔ 17 *Video call.*
- 3 ► End call to end the call.

You can call numbers from your contacts and call list ➔ 19 Contacts, and ➔ 21 Call list.

To make international calls

- 1 Press and hold down  until a + sign appears.
- 2 Enter the country code, area code (without the first zero) and phone number ► Call to make a voice call or ► More ► Make video call.

To re-dial a number

If a call connection fails and Retry? appears ► Yes.

Do not hold the phone to your ear when waiting. When the call connects, the phone gives a loud signal, unless muted.

To answer or reject a call

► Answer or ► Busy.

To turn off the microphone

- 1 Press and hold down .

- 2 To resume the conversation, press and hold down  again.

To turn the loudspeaker on or off during a voice call

► More ► Turn on speaker or Turn off speaker.

 Do not hold the phone to your ear when using the loudspeaker. This could damage your hearing.

To change the ear speaker volume

Press  to increase or  to decrease the ear speaker volume during a call.

Missed calls

When the activity menu is set to default, missed calls appear in the **New events** tab in standby. If pop-up is set to default, **Missed calls:** appears in standby ► **14 Activity menu.**

To check missed calls from standby

- If activity menu is set to default: Press  and use  or  to scroll to the **New events** tab and use  or  to select a number ► **Call** to call.
- If pop-up is set to default: ► **Calls** and use  or  to scroll to the **Missed** tab. Scroll  or  to select a number ► **Call** to call.

Emergency calls

Your phone supports international emergency numbers, for example, 112, 911. These numbers can normally be used to make emergency calls in any country, with or without a SIM card inserted, if a 3G (UMTS) or GSM network is within range.

 In some countries, other emergency numbers may also be promoted. Your network operator may therefore have saved additional local emergency numbers on the SIM card.

To make an emergency call

Enter 112 (the international emergency number) ► **Call.**

To view your local emergency numbers

► **Contacts** ► **More** ► **Options** ► **Special numbers** ► **Emergency nos..**

Video call

See a person on screen during calls.

Before you start

To make a video call, both you and the person you are calling need a subscription that supports the 3G (UMTS) service, and you need to be within range of a 3G (UMTS) network.

A 3G (UMTS) service is available when the 3G icon appears in the status bar.

Video call demo mode

You can use most video call functions without making a call, for example, to prepare a camera view before calling.

► Video call.

To make a video call

When a 3G (UMTS) service is available, you can make a video call in one of the following ways:

- Enter a phone number (international prefix and area code if applicable) ► More ► Make video call.
- ► Contacts and select the contact to call. Use ☺ or ☻ to select a number ► More ► Make video call.
- ► Video call ► Call.... ► Contacts to retrieve a phone number ► Call or enter a phone number ► Call.

To zoom the outgoing video in or out

Press ☺ to zoom in the outgoing video and press ☻ to zoom out.

To accept an incoming video call

► Answer.

To end a video call

► End call.

Video call options

► More for the following options:

- **Switch camera** – to switch between the main and video call cameras. Use the main camera to show a full image of your surroundings to the recipient.
- **Stop camera/Start camera** – turn the video camera off or on. An alternative picture is shown when off.
- **Save picture** – save the image shown in the large view, for example, the incoming caller image.
- **Camera** – options
 - **Brightness** – adjust the level for the outgoing picture.
 - **Turn on night m.** – use when lighting conditions are poor. This setting affects the outgoing video.
- **Sound** – options during a video call
 - **Turn off speaker/Turn on speaker** – incoming sound.
 - **Mute microphone/Unmute mic.** – microphone off or on.
 - **Transfer sound** – to and from Bluetooth handsfree equipment.
- **Layout** – options
 - **Switch pictures** – show incoming or outgoing video in full size view.
 - **Hide small pic./Show small pic.**
 - **Mirror image** – show the outgoing camera picture.

- **Settings** – when answering
 - **Answer mode** – set the video call camera to on or off.
 - **Alternative picture** – set a picture to show to the recipient when the camera is off.
 - **Audio options** – select if microphone, speaker phone, or both should be on or off.
 - **Video quality** – select picture quality for video calls. Changes do not take effect during an ongoing call.

Contacts

You can save your contact information in the phone memory or on a SIM card. The following is available:

You can choose which contact information – **Phone contacts** or **SIM contacts** – is shown as default.

For useful information and settings ► **Contacts ► More ► Options**.

Default contacts

If **Phone contacts** is selected as default, your contacts show all the information saved in **Contacts**. If you select **SIM contacts** as default, your contacts show information depending on the SIM card.

To select default contacts

- 1 ► **Contacts ► More ► Options ► Advanced ► Default contacts**.
- 2 ► **Phone contacts** or **SIM contacts**.

Phone contacts

Save contacts in the phone with names, phone numbers and personal information. You can also add pictures and ringtones to contacts. Use ⌂, ⌂, ⌂ and ⌂ to scroll between tabs and their information fields.

To add a phone contact

- 1 If **Phone contacts** is selected as default, ► **Contacts ► New contact ► Add**.
- 2 Enter the name ► **OK**.
- 3 Enter the number ► **OK**.
- 4 Select a number option.
- 5 Scroll between tabs and select the fields to add information. To enter symbols such as @, ► **More ► Add symbol** and select a symbol ► **Insert**.
- 6 When all information is added ► **Save**.

SIM contacts

Save contacts on your SIM card.

To add a SIM contact

- 1 If **SIM contacts** is selected as default, ► **Contacts ► New contact ► Add**.
- 2 Enter the name ► **OK**.

- 3 Enter the number ► **OK** and select a number option. Add more information, if available ► **Save**.

To delete a contact

- 1 ► **Contacts** and scroll to a contact.
- 2 Press **(C)** and select **Yes**.

To delete all phone contacts

► **Contacts** ► **More** ► **Options** ► **Advanced** ► **Delete all contacts** ► **Yes** and ► **Yes**. Names and numbers on the SIM card are not deleted.

To automatically save names and phone numbers on the SIM card

► **Contacts** ► **More** ► **Options** ► **Advanced** ► **Auto save on SIM** and select **On**.

Memory status

The number of contacts you can save in the phone or on the SIM card depends on available memory.

To view memory status

► **Contacts** ► **More** ► **Options** ► **Advanced** ► **Memory status**.

Using contacts

Contacts can be used in many ways. Below you can see how to:

- Call phone and SIM contacts.

- Send phone contacts to another device.
- Copy contacts to phone and SIM card.
- Add a picture or a ringtone to a phone contact.
- Edit contacts.
- Synchronize your contacts.

To call a phone contact

- 1 ► **Contacts**. Scroll to, or enter the first letter or letters of the contact.
- 2 When the contact is highlighted press **(*)** or **(*)** to select a number ► **Call** or ► **More** ► **Make video call**.

To call a SIM contact

- If **SIM contacts** is default ► **Contacts** and when the contact is highlighted press **(*)** or **(*)** to select a number ► **Call** or ► **More** ► **Make video call**.
- If **Phone contacts** is set as default ► **Contacts** ► **More** ► **Options** ► **SIM contacts** and select the contact ► **Call** or ► **More** ► **Make video call**.

To send a contact

► **Contacts** and select a contact ► **More** ► **Send contact** and select a transfer method.

To send all contacts

- ▶ **Contacts ▶ More ▶ Options ▶ Advanced ▶ Send all contacts and select a transfer method.**

To copy names and numbers to the SIM card

- 1 ▶ **Contacts ▶ More ▶ Options ▶ Advanced ▶ Copy to SIM.**
- 2 **Select one of the alternatives.**

 *When copying all contacts from the phone to the SIM card, all existing SIM card information is replaced.*

To copy names and numbers to phone contacts

- 1 ▶ **Contacts ▶ More ▶ Options ▶ Advanced ▶ Copy from SIM.**
- 2 **Select one of the alternatives.**

To add a picture, ringtone sound or video to a phone contact

- 1 ▶ **Contacts and select the contact ▶ More ▶ Edit contact.**
- 2 **Select the relevant tab and then select Picture or Ringtone ▶ Add.**
- 3 **Select an option and an item ▶ Save.**

 *If your subscription supports Calling Line Identification (CLI) service, you can assign personal ringtones to contacts.*

To edit a phone contact

- 1 ▶ **Contacts and select a contact ▶ More ▶ Edit contact.**
- 2 **Scroll to the relevant tab and select the field to edit ▶ Edit.**
- 3 **Edit the information ▶ Save.**

To edit a SIM contact

- 1 **If SIM contacts is default ▶ Contacts and select the name and number to edit. If phone contacts is default ▶ Contacts ▶ More ▶ Options ▶ SIM contacts and select the name and number to edit.**
- 2 ▶ **More ▶ Edit contact and edit the name and number.**

To select the sort order for contacts

- ▶ **Contacts ▶ More ▶ Options ▶ Advanced ▶ Sort order.**

Call list

Information about most recent calls.

To call a number from the call list

- 1 **From standby ▶ Calls and select a tab.**
- 2 **Scroll to the name or number to call ▶ Call or ▶ More ▶ Make video call.**

To add a call list number to contacts

- 1 **From standby ▶ Calls and select a tab.**
- 2 **Scroll to the number to add ▶ More ▶ Save number.**

- 3 ▶ **New contact** to create a new contact, or select an existing contact to add the number to.

To clear the call list

- ▶ **Calls** and select the **All** tab ▶ **More** ▶ **Delete all**.

Messaging

Text messaging, picture messaging, email, My friends.

Your phone supports various messaging services. Please contact your service provider about the services you can use, or for more information, visit www.sonyericsson.com/support.

Text messaging (SMS)

Text messages can contain simple pictures, sound effects, animations, and melodies. You can also create and use templates for your messages.

If you send a text message to a group, you will be charged for each member.

Before you start

The number to your service centre is supplied by your service provider and is usually set on the SIM card. If not, you can enter the number yourself.

To set a service centre number

- 1 ▶ **Messaging** ▶ **Settings** ▶ **Text message** ▶ **Service centre**. If the service centre number is saved on the SIM card it is shown.

- 2 If there is no number shown ► **Edit** ► **New ServiceCentre** and enter the number, including the international “+” prefix and country/region code ► **Save**.

Sending text messages

For information about entering letters
► **12 Entering letters**.

💡 *Some language-specific characters use more space. For some languages you can deactivate **National chars.** to save space.*

To write and send a text message

- 1 ► **Messaging** ► **Write new** ► **Text message**.
- 2 Write your message ► **Continue**. (You can save a message for later in **Drafts** by pressing  ► **Save message**.)
- 3 ► **Enter phone no.** and enter a number, or ► **Contacts look-up** to retrieve a number or a group from **Contacts**, or ► **Enter email addr.** or select from last used recipients ► **Send**.

💡 *To send a message to an email address, you need to set an email gateway number; ► **Messaging** ► **Settings** ► **Text message** ► **Email gateway**. The number is supplied by your service provider.*

To copy and paste text in a message

- 1 When writing your message ► **More** ► **Copy & paste**.
- 2 ► **Copy all** or ► **Mark & copy** and use the navigation key to scroll and mark text in your message.
- 3 ► **More** ► **Copy & paste** ► **Paste**.

To insert an item in a text message

- 1 When writing your message ► **More** ► **Add item**.
- 2 Select an option and then an item, for example, a picture.

💡 *You can convert your text message to a picture message. When writing your message ► **More** ► **To picture msg and continue creating a picture message**, ► **23 Picture messaging (MMS)**.*

To delete a message

- 1 ► **Messaging** and select a folder.
- 2 Select the message to delete and press .

To set default text message options

► **Messaging** ► **Settings** ► **Text message** and select the options to change.

Picture messaging (MMS)

Picture messages can contain text, pictures, camera pictures, slides,

sound recordings, video clips, signatures and attachments. You can send picture messages to a mobile phone or an email address.

Before you start

- Both you and the recipient must have subscriptions that support picture messaging.
If no Internet profile or message server exists, you can receive all the settings for MMS automatically from your network operator or from www.sonyericsson.com/support.
- The address of your message server and an Internet profile are set.

To check the message server address and Internet profile

- 1 ▶ Messaging ▶ Settings ▶ Picture message ▶ MMS profile and select a profile.
- 2 ▶ More ▶ Edit ▶ Message server and ▶ More ▶ Edit ▶ Internet profile.

To create and send a picture message

- 1 ▶ Messaging ▶ Write new ▶ Picture msg. Scroll  to use toolbar options. Scroll  or  to select an option.
- 2 When ready to send ▶ Continue.

- 3 ▶ Enter email addr. or ▶ Enter phone no. or ▶ Contacts look-up to retrieve a number or group in Contacts or select from last used recipients ▶ Send.

When writing and editing picture messages you can use the copy and paste functionality ▶ 23 To copy and paste text in a message.

To set default picture message options

▶ Messaging ▶ Settings ▶ Picture message and select options to change.

Email

Read your email messages in your phone at any time. The email address that you use on your computer can also be used in your phone. To do this, your phone needs the same email settings as used by your computer for email address. To use your computer email address in your phone, do one of the following:

Receive settings automatically

The easiest way is to have settings sent directly to your phone. Use Internet on your computer to go to www.sonyericsson.com/support.

Entering settings manually

- You can ask your email provider for settings information. An email provider is the person or company who provided your email address, for example, your IT administrator at work or an Internet provider.
- You may have a document at home from your email provider with the settings information.
- You may find the information in your computer email program settings.

What information do I need?

The minimum you need is the following:

Setting types	Examples
Connection type	<i>POP3 or IMAP4</i>
Email address	<i>joe.smith@example.com</i>
Incoming server	<i>mail.example.com</i>
Username	<i>jsmith</i>
Password	<i>zX123</i>
Outgoing server	<i>mail.example.com</i>

 *There are many different email providers. Their terminology and required information may differ. Not all service providers allow email access.*

Help in your phone

There are also setup instructions and help information as you enter settings.

To enter email settings

- 1 ► **Messaging** ► **Email** ► **Settings**.
- 2 After settings are entered, ► **Inbox** ► **More** ► **Send & receive** to access your email.

When settings are entered, your phone can connect to an email server to send and receive email messages.

For more information, contact your email provider or see the *User guide* with *additional information* at www.sonyericsson.com/support.

My friends

Connect and log in to the My friends server to communicate online with your favourite friends. If your subscription supports instant messaging and presence services, you can send and receive messages and see contact status if online. If no settings exist in your phone, you need to enter server settings.

Contact your service provider for more information.

Imaging

Camera, video, blog, pictures.

Camera and video recorder

Take pictures and record video clips to save, view and send in messages.

Adjust brightness or

To take a picture or record video

- 1 Slide open the lens cover.
 - 2 Use the navigation key to switch between camera and video recorder.
 - 3 **Camera:** Press half way down to use auto focus and then fully down to take a picture.
Video: Press half way down to use auto focus and then fully down to start recording. To stop recording, press again.
- To take another picture or record another video clip, press to return to the viewfinder.
 - To stop using the camera or video recorder and return to standby, press and hold down or close the lens cover.
- Pictures and video clips are saved in File manager ► Camera album.

Camera settings

When you are in the viewfinder ► Settings for options to adjust and

enhance your pictures and video clips before taking or recording them.

 *If you try to record with a strong light source such as direct sunlight or a lamp in the background, the screen may black out or the picture may be distorted.*

 *Do not look directly at the camera Xe flash in the phone using a magnification device. Failure to comply with this warning may damage your eyes.*

To use the zoom

Use volume buttons to zoom in and out.

To adjust brightness

Use the navigation key to increase or decrease brightness.

To use auto focus

Press  half way down. You hear a beep when auto focus is set within the frame that appears.

BestPic™

Use BestPic™ to catch the moment when taking pictures. Capture a range of nine pictures from just before you press the camera button down to just after. You can save the best picture or more pictures. This is not available with certain options, such as flash.

To use BestPic™

- 1 When using the camera, press the lower photo key twice or ► Settings ► Shoot mode ► BestPic™.
- 2 Press  half way down to use Focus and then fully down to take a picture.
- 3 Press  or  to select the best picture ► Save.

Camera and video options

When the camera or video is activated ► Settings for the following options:

- Switch to video camera to record a video clip or Switch to still camera to take a picture.
- Shoot mode (camera):
 - Normal – no frame.
 - BestPic™ – select from nine pictures.
 - Panorama – join several pictures into one.
 - Frames – add a frame to your picture.
- Shoot mode (video) – select For picture message or High quality video.
- Scenes (camera) – select from:
 - Auto – automatic settings.
 - Twilight landscape – a scenic picture at night.

- Twilight portrait – for example, for a subject picture at night.
 - Landscape – a scenic picture.
 - Portrait – for example, for a subject picture.
 - Beach/Snow – use in bright environments, for example, at the beach or when skiing.
 - Sports – use for fast-moving objects.
 - Document – use for pictures of text or drawings.
 - Picture size (camera) – select from:
 - 3 MP (2048x1536 pixels)
 - 2 MP (1632x1224)
 - 1 MP (1280x960)
 - VGA (640x480)
-  *The 3 MP picture size is 2000x1500 with image stabilizer on, if available.*
- Focus – select from:
 - Auto – auto focus for close-ups.
 - Macro – use for detailed close-ups.
 - Infinite – use to focus on all scenery.
 - Flash (camera) – select from:
 - Off, Auto or Red-eye reduction – reduce the effect of red eyes in pictures.
 - Turn on image stabilizer – if available, use to keep the image steady. In poor lighting conditions it compensates for small hand movements.
 - Turn on night mode (video) – adapt to poor lighting conditions.
 - Turn on self-timer (camera) – take a picture a few seconds after pressing the camera button.
 - Effects – select from:
 - Off – no effect.
 - Black & white – no colour.
 - Negative – reversed colours.
 - Sepia – brown tint.
 - Solarize – overexposure.
 - White balance – adjust colours to lighting conditions. Select from Auto, Daylight, Cloudy, Fluorescent or Incandescent.
 - Metering mode – adjust exposure to the whole or the centre of the picture or video. Select from Normal or Spot.
 - Picture quality (camera) – select Normal or Fine picture quality.
 - Turn off mic. (video) – set microphone.
 - Shutter sound (camera) – select different shutter sounds.
 - Turn on time and date (camera) – add time and date to a picture to appear as red text in the lower right corner. View in 1:1 size or use zoom when viewing a picture to see the text.

- **Reset file no.** – reset the file number counter (requires pictures on memory card).
- **Save to** – select to save to Memory Stick or Phone memory.

Camera shortcuts

When using the camera, you can also use keys as shortcuts to options:

Key	Shortcut
 upper	Scenes or Turn on night mode (video)
 lower	Shoot mode
 1	Picture size
 4	Focus
 7	Turn on self-timer
 O +	Camera key guide
 * 	Flash

 The illuminated blue icons by keys 1, 4, 7 and * indicate the shortcuts.

Transferring pictures

Transfer to your computer

Using the USB cable, you can drag and drop camera pictures to a computer ➔ *35 Transferring files using the USB cable.*

To further enhance and organize camera pictures on a computer, Windows® users can install Adobe® Photoshop® Album Starter Edition, included on the CD that comes with the phone or visit www.sonyericsson.com/support.

Blog on the Internet

Share your pictures by publishing them on your blog.

 *Web services may require a separate license agreement between you and the service provider. In some locations, additional regulations and/or charges may apply. For more information, contact your service provider.*

To send camera pictures to a blog

- 1 When viewing a picture you have just taken ► **More** ► **Blog this**.
- 2 Follow the instructions that appear for first-time use, for example, approve terms and conditions.
- 3 Add title and text ► **OK** ► **Publish** to send a picture to your blog.
A text message is sent to your phone with your Web address and log-in information. You can forward the text message for others to access your blog.

To send pictures to a blog

- 1 Press ⇐ (right photo key) to go directly to **Camera album** or ▶ **File manager** to select a picture in a folder.
- 2 ▶ **More** ▶ **Send** ▶ **To blog**.
- 3 Add title and text ▶ **OK** ▶ **Publish**.

To visit a blog address in a contact

▶ **Contacts** and select a contact Web address ▶ **Go to**.

Camera album printing

Camera pictures are saved in ▶ **File manager** ▶ **Camera album**. You can print camera album pictures in your phone via the USB cable connected to a PictBridge™ compatible printer.

To view your camera pictures

- 1 Use photo keys or ▶ **File manager** ▶ **Camera album**.
- 2 The pictures are shown in thumbnail view. For a full picture view ▶ **View**.

To print camera pictures via USB

- 1 ▶ **File manager** ▶ **Camera album**.
- 2 ▶ **More** ▶ **Mark** or **Mark several** or **Mark all** pictures for printing.
- 3 ▶ **More** ▶ **Print** and follow instructions.
- 4 Connect the USB cable to the phone.
- 5 Connect the USB cable to the printer.
- 6 Wait for feedback in the phone ▶ **OK**.

- 7 Set printer settings, if required ▶ **Print**.

Disconnect and re-connect the USB cable if there is a printer error.

Pictures and video clips

View and use pictures and video clips.

To view and use pictures

- 1 ▶ **File manager** ▶ **Pictures**.
- 2 Select a picture ▶ **View** or ▶ **More** ▶ **Use as** and select an option.

To send a picture

▶ **File manager** ▶ **Pictures** and scroll to a picture. ▶ **More** ▶ **Send** and select a transfer method.

Some phones do not support picture sizes larger than 160 x 120 pixels.

To receive a picture

▶ **Settings** ▶ **Connectivity** and select a transfer method.

Entertainment

Handsfree, Music and Video player, radio, PlayNow™.

Stereo portable handsfree

To use the handsfree

Connect the stereo portable handsfree to your phone to use it for calls, listening to music, videos or the radio. If you receive a call and are playing music, music stops allowing you to answer the call. Music resumes when the call is ended or rejected.

Music and Video player

Your phone supports the following file types: MP3, MP4, M4A, 3GP, AAC, AAC+, Enhanced AAC, AMR, MIDI, IMY, EMY, WAV (16 kHz maximum sample rate) and Real®8. The phone

also supports streamed files that are 3GPP compatible.

To play music and videos

- 1 ▶ **Music player** or ▶ **Entertainment** ▶ **Video player**. A player browser opens.
- 2 Browse for songs by artist or track, or in playlists. Select a list ▶ **Open**. You can also browse for video clips.
- 3 Highlight a title ▶ **Play**.

The following options are available:

- Press to play or stop during playback.
- Press to stop the playback. Press again to resume playing.
- Press to go to the next music file or video clip.
- Press to go to the previous music file or video clip.
- Press and hold down or to fast forward or rewind when playing music files or video clips.
- When playing music and in **Now playing**, press to go to the music player browser.
- When playing music, ▶ **More** for options, for example, **Minimize** to use in the background.
- Press and hold down to exit the music player or the video player.

Radio

Listen to the FM radio. Connect the handsfree to the phone as it works as the antenna.

 *Do not use the phone as a radio in places where this is prohibited.*

To listen to the radio

Connect the handsfree to your phone
► Entertainment ► Radio.

Radio controls

- Search for a broadcasting frequency.
- Press  or  to move 0.1 MHz.
- Press  or  for preset channels.
- More for options.

Saving radio channels

Save up to 20 preset channels.

To save radio channels

► Radio set frequency ► More ► Save or press and hold down  -  to save in positions 1 to 9. Press and hold down  to save in position 10.

To select radio channels

Use the navigation key or press  -  to select a saved channel.

Radio options

► More for the following options:

- Turn off – turn off the radio.
- Save – save the current frequency in a position.
- Channels – select, rename, replace or delete a preset channel.
- Auto save – save tuned channels in positions 1 to 20. Previously saved channels are replaced.
- Turn on speaker – use the speaker.
- Set frequency – enter a frequency manually. Press  to go directly to Set frequency.
- RDS – set options for alternative frequency (AF) and station information.
- Turn on Mono – turn on mono sound.
- Minimize – return to standby to use other functions when using the radio.

To adjust the volume

Press the volume buttons to increase or decrease volume.

PlayNow™

Listen to music before you purchase and download it to your phone.

This function is network- or operator-dependent. Contact your network operator for information about your subscription and PlayNow™. In some countries you may be able to purchase music tones from some of the world's top musical artists.

This service is not available in all countries.

To listen to PlayNow™ music

► PlayNow™ and select music from a list.

Downloading from PlayNow™

The price appears when you select to download and save a music file. Your phone bill or prepay card is debited when a purchase is accepted. Terms and conditions are also provided in the phone kit.

To download a music file

- 1 When you have listened to a music file preview, you can agree to accept the conditions ► Yes to download.

- 2 A text message is sent to confirm payment and the file is made available to download. Music is saved in File manager ► Music.

Ringtones and melodies

You can exchange music, sounds and tracks, for example, using one of the available transfer methods.

You are not allowed to exchange some copyright-protected material. A protected file has a key symbol.

To select a ringtone

► Settings ► the Sounds & alerts tab ► Ringtone.

To turn the ringtone on or off

Press and hold down (#↔B) from standby or ► Settings ► the Sounds & alerts tab for more options. All signals except the alarm signal are affected.

To set ringtone volume

- 1 ► Settings ► the Sounds & alerts tab ► Ring volume and press 🔊 or 🔇 to decrease or increase the volume.
- 2 ► Save.

To set the vibrating alert

► Settings ► the Sounds & alerts tab ► Vibrating alert and select an option.

Sounds and alerts options

From **Settings** ► the **Sounds & alerts** tab, you can also set:

- **Message alert** – select how to be notified of an incoming message.
- **Key sound** – select what sound to hear when you press the keys.

Connectivity

Internet, RSS, USB cable, Update service.

Using Internet

Use Internet to access online services for example, news and banking, search and browse the Web.

To start browsing

► **Internet** and select a service such as
► **More** ► **Go to** ► **Search Internet**, or
Enter address to manually enter the address of a Web page.

To view options

► **Internet** ► **More**.

To stop browsing

► **More** ► **Exit browser**.

For more information contact your network operator or visit www.sonyericsson.com/support.

To use Internet keypad shortcuts or access keys

- 1 When browsing, press and hold down **(#↔)** to select **Shortcuts** or **Access keys**.

- 2 If you select Shortcuts, you can press a key for a function as follows:

Key	Shortcut
1	Bookmarks
2	Enter address
3	Search Internet
4	History
5	Refresh page
6	Forward
7	Page up
8	Not used
9	Page down - one at the time
	Fullscreen or Landscape or Normal screen.
	Zoom
	Shortcuts

RSS reader

When browsing, you can receive frequently updated content, such as news headlines, as feeds via a Web site. You can browse to a Web page to add new feeds, if available. Really Simple Syndication (RSS) options are set via the RSS reader and shown in the Internet browser.

To add new feeds for a Web page
When browsing ► More ► RSS feeds.

To create a new feed

- 1 ► Messaging ► RSS reader ► More ► New feed.
- 2 Enter the address of the new feed.

To set and use RSS reader options

► Messaging ► RSS reader ► More and select an option.

Transferring files using the USB cable

Connect your phone to a computer, via the USB cable, to use your phone in one of the following: File transfer or Phone mode.

File transfer

Drag and drop files between phone and computer in Microsoft Windows Explorer.

Use Sony Disc2Phone (music transfer) or Adobe Photoshop Album Starter Edition (picture transfer/storage). These applications are found on the CD that comes with the phone, or visit

www.sonyericsson.com/support and download the applications.

 Only use the USB cable that comes with the phone, and connect the USB cable directly to your computer. Do not remove the USB cable from the phone or computer during file transfer as this may corrupt the phone memory or a memory card.

To use file transfer mode

- 1 Connect the USB cable to the phone and the computer.

- 2 **Phone:** Select File transfer or ► Settings ► the Connectivity tab ► USB ► USB connection ► File transfer. The phone shuts down.

- 3 Wait until your phone memory and memory card, if inserted, appear as external disks in Windows Explorer.

You can use:

- Windows Explorer to drag and drop files between phone and computer.
- Sony Disc2Phone to transfer music to your phone or memory card.
- Adobe Photoshop Album Starter Edition, to transfer and organize pictures on your computer.

To disconnect the USB cable safely

- 1 When using file transfer mode, right-click the removable disk icon in Windows Explorer and select Eject.
- 2 Remove the USB cable from your phone.

Phone mode

Synchronize contacts and calendar, transfer files, use the phone as modem and more from your computer. Applications supported in phone mode include: Synchronization, File manager and Mobile Networking Wizard. For other applications, use the file transfer mode.

You need to install and use Sony Ericsson PC Suite, included on the CD

that came with the phone, or visit www.sonyericsson.com/support.

 *Your computer needs to have one of the following operating systems to be able to use this feature: Windows® 2000 with SP3/SP4, Windows XP (Pro and Home) with SP1/SP2.*

USB drivers are installed automatically with the PC Suite software.

To use phone mode

- 1 Computer:** Install the Sony Ericsson PC Suite from the CD that came with your phone.
- 2 Computer:** Start PC Suite from Start/Programs/Sony Ericsson/PC Suite.
- Connect the USB cable to the phone and the computer.
- 4 Phone:** Select **Phone mode** or ► **Settings** ► the **Connectivity tab** ► **USB** ► **USB connection** ► **Phone mode**.
- 5 Computer:** Wait while Windows installs the required drivers.
- 6 Computer:** When PC Suite has found your phone you are notified.
All applications that you can use with your connected phone are found in the Sony Ericsson PC Suite.

Update service

Always keep your phone updated with the latest software to improve

performance. You do not lose personal or phone information, for example messages or settings during an update.

There are two ways to update your phone:

- Over the air via your phone.
- Via the provided USB cable and an Internet-connected computer.

The update service requires data access (GPRS). Your operator will provide you with a subscription with data access and price information.

To use Update service over the air

- **Settings** ► the **General tab** ► **Update service**.
- **Search for update** to search for the latest available software. Start the update process by following the installation instructions, or ► **Software version** to show the current software in your phone, or ► **Reminder** to set when to search for new software.

To use Update service via a computer

- 1 Visit www.sonyericsson.com/support.
- 2 Select a region and country.
- 3 Enter the product name.

- 4 Select Sony Ericsson Update Service and follow the instructions.

Important information

Sony Ericsson Consumer Web site

On www.sonyericsson.com/support there is a support section where help and tips are only a few clicks away. Here you will find the latest computer software updates and tips on how to use your product more efficiently.

Service and support

From now on you will have access to a portfolio of exclusive service advantages such as:

- Global and local websites providing support.
- A global network of Call Centers.
- An extensive network of Sony Ericsson service partners.
- A warranty period. Learn more about the warranty conditions in this user guide.

On www.sonyericsson.com, under the support section in the language of your choice, you will find the latest support tools and information, such as software updates, Knowledge base, phone setup and additional help when you require it.

For operator-specific services and features, please contact your network operator for more information.

You can also contact our Call Centers. See the phone number for the nearest Call Center in the list below. If your country/region is not represented in the list, please contact your local dealer. (The phone numbers below were correct at the time of going to print. On www.sonyericsson.com you can always find the latest updates.

In the unlikely event that your product needs service please contact the dealer from whom it was purchased or one of our service partners. Save

your original proof of purchase, you will need it if you need to claim warranty.

For a call to one of our Call Centers you will be charged according to national rates, including local taxes, unless the phone number is a toll-free number.

Guidelines for Safe and Efficient Use

Please read this information before using your mobile phone.

These instructions are intended for your safety. Please follow these guidelines. If the product has been subject to any of the conditions listed below or you have any doubt as to its proper function make sure you have the product checked by a certified service partner before charging or using it. Failure to do so might entail a risk of product malfunction or even a potential hazard to your health.

Recommendations for safe use of product (mobile phone, battery, charger and other accessories)

- Always treat your product with care and keep it in a clean and dust-free place.
- Warning! May explode if disposed of in fire.
- Do not expose your product to liquid or moisture or humidity.
- Do not expose your product to extremely high or low temperatures. Do not expose the battery to temperatures above +60°C (+140°F).
- Do not expose your product to open flames or lit tobacco products.
- Do not drop, throw or try to bend your product.
- Do not paint your product.

- Do not attempt to disassemble or modify your product. Only Sony Ericsson authorized personnel should perform service.
- Do not use your product near medical equipment without requesting permission from your treating physician or authorized medical staff.
- Do not use your product when in, or around aircraft, or areas showing the sign “turn off two-way radio”.
- Do not use your product in an area where a potentially explosive atmosphere exists.
- Do not place your product or install wireless equipment in the area above an air bag in your car.

CHILDREN

KEEP OUT OF CHILDRENS REACH. DO NOT ALLOW CHILDREN TO PLAY WITH YOUR MOBILE PHONE OR ITS ACCESSORIES. THEY COULD HURT THEMSELVES OR OTHERS, OR COULD ACCIDENTALLY DAMAGE THE MOBILE PHONE OR ACCESSORY. YOUR MOBILE PHONE OR ITS ACCESSORY MAY CONTAIN SMALL PARTS THAT COULD BECOME DETACHED AND CREATE A CHOKING HAZARD.

Power supply (Charger)

Connect the AC power adapter only to designated power sources as marked on the product. Make sure the cord is positioned so that it will not be subjected to damage or stress. To reduce risk of electric shock, unplug the unit from any power source before attempting to clean it. The AC power adapter must not be used outdoors or in damp areas. Never alter the cord or plug. If the plug does not fit into the outlet, have a proper outlet installed by a qualified electrician.

Use only Sony Ericsson branded original chargers intended for use with your mobile phone. Other chargers may not be designed to the same safety and performance standards.

Battery

We recommend that you fully charge the battery before you use your mobile phone for the first time. A new battery or one that has not been used for a long time could have reduced capacity the first few times it is used. The battery should only be charged in temperatures between +5°C (+41°F) and +45°C (+113°F).

Use only Sony Ericsson branded original batteries intended for use with your mobile phone. Using other batteries and chargers could be dangerous. Talk and standby times depend on several different conditions such as signal strength, operating temperature, application usage patterns, features selected and voice or data transmissions when the mobile phone is being used.

Turn off your mobile phone before removing the battery. Do not put the battery into your mouth. Battery electrolytes may be toxic if swallowed. Do not let the metal contacts on the battery touch another metal object. Doing this could short-circuit and damage the battery. Use the battery for the intended purpose only.

Personal medical devices

Mobile phones may affect the operation of pacemakers and other implanted equipment. Please avoid placing the mobile phone over the pacemaker, e.g. in your breast pocket. When using the mobile phone, use it at the ear on the opposite side of the body to the pacemaker. If a minimum distance of 15 cm (6 inches) is kept between the mobile phone and the pacemaker, the risk of interference is limited. If you have any reason to suspect that interference is taking place,

immediately turn off your mobile phone. Contact your cardiologist for more information. For other medical devices, please consult your physician and the manufacturer of the device.

Driving

Please check if local laws and regulations restrict the use of mobile phones while driving or require drivers to use handsfree solutions. We recommend that you use only Sony Ericsson handsfree solutions intended for use with your product.

Please note that because of possible interference to electronic equipment, some vehicle manufacturers forbid the use of mobile phones in their vehicles unless a handsfree kit with an external antenna has been installed.

Always pay full attention to driving and pull off the road and park before making or answering a call if driving conditions so require.

Emergency calls

Mobile phones operate using radio signals, which cannot guarantee connection in all conditions. You should therefore never rely solely upon any mobile phone for essential communications (e.g. medical emergencies).

Emergency calls may not be possible in all areas, on all cellular networks, or when certain network services and/or mobile phone features are in use. Check with your local service provider.

Antenna

This phone contains a built-in antenna. Use of antenna devices not marketed by Sony Ericsson specifically for this model could damage your mobile phone, reduce performance, and produce SAR levels above the established limits (see below).

Efficient use

Hold your mobile phone as you would any other phone. Do not cover the top of the phone when it is in use, as this affects call quality and may cause the phone to operate at a higher power level than needed, thus shortening talk and standby times.

Radio frequency (RF) exposure and Specific Absorption Rate (SAR)

Your mobile phone is a low-power radio transmitter and receiver. When it is turned on, it emits low levels of radio frequency energy (also known as radio waves or radio frequency fields).

Governments around the world have adopted comprehensive international safety guidelines, developed by scientific organizations, e.g. ICNIRP (International Commission on Non-Ionizing Radiation Protection) and IEEE (The Institute of Electrical and Electronics Engineers Inc.), through periodic and thorough evaluation of scientific studies. These guidelines establish permitted levels of radio wave exposure for the general population. The levels include a safety margin designed to assure the safety of all persons, regardless of age and health, and to account for any variations in measurements.

Specific Absorption Rate (SAR) is the unit of measurement for the amount of radio frequency energy absorbed by the body when using a mobile phone. The SAR value is determined at the highest certified power level in laboratory conditions, but the actual SAR level of the mobile phone while it is operating can be well below this value. This is because the mobile phone is designed to use the minimum power required to reach the network.

Variations in SAR below the radio frequency exposure guidelines do not mean that there are variations in safety. While there may be differences in SAR levels among mobile phones, all Sony Ericsson mobile phone models are designed to meet radio frequency exposure guidelines.

For phones sold in the US, before a phone model is available for sale to the public, it must be tested and certified by the Federal Communications Commission (FCC) that it does not exceed the limit established by the government-adopted requirement for safe exposure. The tests are performed in positions and locations (that is, at the ear and worn on the body) as required by the FCC for each model. For body-worn operation, this phone has been tested and meets FCC RF exposure guidelines when the handset is positioned a minimum of 15 mm from the body without any metal parts in the vicinity of the phone or when used with the original Sony Ericsson accessory intended for this phone and worn on the body. Use of other accessories may not ensure compliance with FCC RF exposure guidelines. A separate leaflet with SAR information about this mobile phone model is included with the material accompanying this mobile phone. This information can also be found, together with more information on radio frequency exposure and SAR, at www.sonyericsson.com/health.

Accessible Solutions/Special Needs

For phones sold in the US, you can use your TTY terminal with your Sony Ericsson mobile phone (with the necessary accessory). For information on Accessible Solutions for individuals with special needs call the Sony Ericsson Special Needs Center on 877 878 1996 (TTY) or 877 207 2056 (voice), or visit the Sony Ericsson Special Needs Center at www.sonyericsson-snc.com.

Disposal of old electrical and electronic equipment

This symbol indicates that all electrical and electronic equipment included shall not be treated as household waste. Instead it shall be left at the appropriate collection point for recycling of

electrical and electronic equipment. By ensuring this product is disposed of correctly, you will help prevent potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling of this product. The recycling of materials will help to conserve natural resources. For more detailed information about recycling this product, please contact your local city office, your household waste disposal service or the shop where you purchased the product.

Disposing of the battery

Please check local regulations for disposal of batteries or call your local Sony Ericsson Call Center for information.

The battery should never be placed in municipal waste. Use a battery disposal facility if available.

Memory card

Your phone is equipped with a memory card reader. Check memory card compatibility before purchase or use.

Memory cards are generally formatted prior to shipping. To reformat the memory card, use a compatible device. Do not use the standard operating system format when formatting the memory card on a PC. For details, refer to the operating instructions of the memory card or contact customer support.

WARNING:

If the memory card requires an adapter for insertion into the phone or another device, do not insert the memory card directly without the required adapter.

Precautions on memory card use:

- Do not expose the memory card to moisture.
- Do not touch terminal connections with your hand or any metal object.
- Do not strike, bend, or drop the memory card.

- Do not attempt to disassemble or modify the memory card.
- Do not use or store the memory card in humid or corrosive locations or in excessive heat such as a closed car in summer, in direct sunlight or near a heater, etc.
- Do not press or bend the end of the memory card adapter with excessive force.
- Do not let dirt, dust, or foreign objects get into the insert port of any memory card adapter.
- Check you have inserted the memory card correctly.
- Insert the memory card as far as it will go into any memory card adapter needed. The memory card may not operate properly unless fully inserted.
- We recommend that you make a backup copy of important data. We are not responsible for any loss or damage to content you store on the memory card.
- Recorded data may be damaged or lost when you remove the memory card or memory card adapter, turn off the power while formatting, reading or writing data, or use the memory card in locations subject to static electricity or high electrical field emissions.

Protection of personal information

To safeguard your privacy and prevent information being accessible to a third party, you should erase all personal data before selling or disposing of the product. To delete personal data, perform a master reset and remove the memory card. DELETION OF MATERIAL FROM THE PHONE MEMORY DOES NOT ENSURE THAT SAID INFORMATION CANNOT BE RECOVERED BY A SUBSEQUENT USER. SONY ERICSSON DOES NOT WARRANT AGAINST A SUBSEQUENT USER OF THE DEVICE ACCESSING YOUR INFORMATION AND DOES NOT ASSUME ANY RESPONSIBILITY FOR SUBSEQUENT DISCLOSURE OF SAID INFORMATION EVEN IF A MASTER RESET HAS BEEN PERFORMED. If you are concerned about

such potential disclosure retain your device or secure its permanent destruction.

Accessories

Sony Ericsson recommends use of Sony Ericsson original accessories for safe and efficient use of its products. Use of third-party accessories may decrease performance or pose a risk to your health or safety.

LOUDNESS WARNING:

Please adjust the audio volume cautiously when using third-party audio accessories to avoid volume levels that may be harmful to your hearing. Sony Ericsson does not test use of third-party audio accessories with this mobile phone. Sony Ericsson recommends using only Sony Ericsson original audio accessories.

End User Licence Agreement

This wireless device, including without limitation any media delivered with the device, ("Device") contains software owned by Sony Ericsson Mobile Communications AB and its affiliated companies ("Sony Ericsson") and its third party suppliers and licensors ("Software").

As user of this Device, Sony Ericsson grants you a non-exclusive, non-transferable, non-assignable license to use the Software solely in conjunction with the Device on which it is installed and/or delivered with. Nothing herein shall be construed as a sale of the Software to a user of this Device.

You shall not reproduce, modify, distribute, reverse engineer, decompile, otherwise alter or use any other means to discover the source code of the Software or any component of the Software. For avoidance of doubt, you are at all times entitled to transfer all rights and obligations to the Software to a third party, solely together with the Device with which you received the Software, provided always that such third party agrees in writing to be bound by these rules.

You are granted this license for a term of the useful life of this Device. You can terminate this license by transferring all your rights to the Device on which you have received the Software to a third party in writing. If you fail to comply with any of the terms and conditions set out in this license, it will terminate with immediate effect.

Sony Ericsson and its third party suppliers and licensors are the sole and exclusive owner of and retain all rights, title and interest in and to the Software. Sony Ericsson, and, to the extent that the Software contains material or code of a third party, such third party, shall be entitled third party beneficiaries of these terms.

The validity, construction and performance of this license shall be governed by the laws of Sweden. The foregoing shall apply to the full extent permitted by, when applicable, statutory consumer rights.

Limited Warranty

Sony Ericsson Mobile Communications AB, SE-221 88 Lund, Sweden, (Sony Ericsson) or its local affiliated company, provides this Limited Warranty for your mobile phone and original accessory delivered with your mobile phone (hereinafter referred to as "Product").

Should your Product need warranty service, please return it to the dealer from whom it was purchased, or contact your local Sony Ericsson Call Center (national rates may apply) or visit www.sonyericsson.com to get further information.

OUR WARRANTY

Subject to the conditions of this Limited Warranty, Sony Ericsson warrants this Product to be free from defects in design, material and workmanship at the time of its original purchase by a consumer, and for a subsequent period of one (1) year.

WHAT WE WILL DO

If, during the warranty period, this Product fails to operate under normal use and service, due to defects in design, materials or workmanship, Sony Ericsson authorised distributors or service partners, in the country/region* where you purchased the Product, will, at their option, either repair or replace the Product in accordance with the terms and conditions stipulated herein.

Sony Ericsson and its service partners reserve the right to charge a handling fee if a returned Product is found not to be under warranty according to the conditions below.

Please note that some of your personal settings, downloads or other information may be lost when your Sony Ericsson Product is repaired or replaced. At present Sony Ericsson may be prevented by applicable law, other regulation or technical restrictions from making a backup copy of certain downloads. Sony Ericsson does not take any responsibility for any lost information of any kind and will not reimburse you for any such loss. You should always make backup copies of all the information stored on your Sony Ericsson Product such as downloads, calendar and contacts before handing in your Sony Ericsson Product for repair or replacement.

CONDITIONS

- 1 The warranty is valid only if the original proof of purchase issued to the original purchaser by a Sony Ericsson authorised dealer, specifying the date of purchase and serial number**, for this Product, is presented with the Product to be repaired or replaced. Sony Ericsson reserves the right to refuse warranty service if this information has been removed or changed after the original purchase of the Product from the dealer.
- 2 If Sony Ericsson repairs or replaces the Product, the repaired or replaced Product shall be warranted for the remaining time of the original warranty

period or for ninety (90) days from the date of repair, whichever is longer. Repair or replacement may involve the use of functionally equivalent reconditioned units. Replaced parts or components will become the property of Sony Ericsson.

- 3 This warranty does not cover any failure of the Product due to normal wear and tear, or due to misuse, including but not limited to use in other than the normal and customary manner, in accordance with the Sony Ericsson instructions for use and maintenance of the Product. Nor does this warranty cover any failure of the Product due to accident, software or hardware modification or adjustment, acts of God or damage resulting from liquid.

A rechargeable battery can be charged and discharged hundreds of times. However, it will eventually wear out – this is not a defect. When the talk-time or standby time is noticeably shorter, it is time to replace your battery. Sony Ericsson recommends that you use only batteries and chargers approved by Sony Ericsson.

Minor variations in display brightness and color may occur between phones. There may be tiny bright or dark dots on the display. These are called defective pixels and occur when individual dots have malfunctioned and can not be adjusted. Two defective pixels are deemed acceptable.

Minor variations in the appearance of the camera image may occur between phones. This is not uncommon in digital cameras and does not mean that the camera is defective in any way.

- 4 Since the cellular system on which the Product is to operate is provided by a carrier independent from Sony Ericsson, Sony Ericsson will not be responsible for the operation, availability, coverage, services or range of that system.
- 5 This warranty does not cover Product failures caused by installations, modifications, or repair or opening of the Product performed by a non-Sony Ericsson authorised person.

- 6 The warranty does not cover Product failures which have been caused by use of accessories or other peripheral devices which are not Sony Ericsson branded original accessories intended for use with the Product.

- 7 Tampering with any of the seals on the Product will void the warranty.

- 8 THERE ARE NO EXPRESS WARRANTIES, WHETHER WRITTEN OR ORAL, OTHER THAN THIS PRINTED LIMITED WARRANTY. ALL IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE DURATION OF THIS LIMITED WARRANTY. IN NO EVENT SHALL SONY ERICSSON OR ITS LICENSORS BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY NATURE WHATSOEVER, INCLUDING BUT NOT LIMITED TO LOST PROFITS OR COMMERCIAL LOSS; TO THE FULL EXTENT THOSE DAMAGES CAN BE DISCLAIMED BY LAW.

Some countries/states do not allow the exclusion or limitation of incidental or consequential damages, or limitation of the duration of implied warranties, so the preceding limitations or exclusions may not apply to you.

The warranty provided does not affect the consumer's statutory rights under applicable legislation in force, nor the consumer's rights against the dealer arising from their sales / purchase contract.

***EUROPEAN UNION (EU)**

If you have purchased your Product in an EU country you can have your Product serviced, under the conditions set out above, within the warranty period in any EU country where an identical Product is sold by an authorised Sony Ericsson distributor. To find out if your Product is sold in the EU country you are in, please call the local Sony Ericsson Call Center. Please observe that certain

services may not be possible elsewhere than in the country of original purchase, for example due to the fact that your Product may have an interior or exterior which is different from equivalent models sold in other EU countries. It may not be possible to repair SIM-locked Products.

** In some countries/regions additional information is requested. If so, this is clearly shown on the valid proof of purchase.

FCC Statement

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Bluetooth wireless technology

Bluetooth™ Qualified Design ID is B011122.

Declaration of Conformity

We, Sony Ericsson Mobile Communications AB of Nya Vattentornet

SE-221 88 Lund, Sweden

declare under our sole responsibility that our product

Sony Ericsson type AAD-3022061-BV

and in combination with our accessories, to which this declaration relates is in conformity with the appropriate standards 3GPP TS 51.010-1, EN 301908-1, EN 301489-7, EN 301489-24, EN 300328, EN 301489-17 and EN 60950, following the provisions of, Radio Equipment and Telecommunication Terminal Equipment Directive 99/5/EC with requirements covering EMC Directive 89/336/EEC, and Low Voltage Directive 73/23/EEC.

Lund, January 2007

CE 0682

A handwritten signature in black ink, appearing to read 'Shoji Nemoto', written over a horizontal line.

Shoji Nemoto,
Head of Product Business Group GSM/UMTS

We fulfil the requirements of the R&TTE Directive (99/5/EC).
