Instruction symbols

The following appear in the User guide.

Note

Tip

Warning

A service or function is network- or subscription-dependent. Contact your network operator for details.

> Use a selection or navigation key to scroll and select. See *Navigation* on page 13.

Press the navigation key centre.

Press the navigation key up.

Press the navigation key down.

Press the navigation key left.

Press the navigation key right.

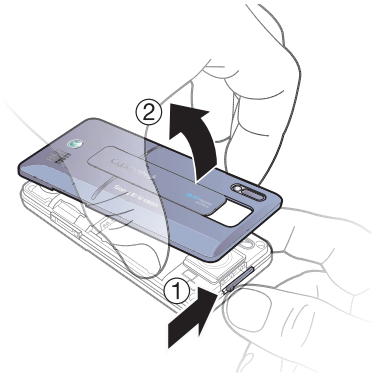
Getting started

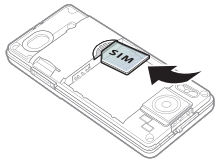
Assembly

Before you start using your phone, you need to insert a SIM card and the battery.

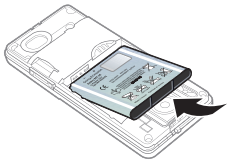
To insert the SIM card and battery



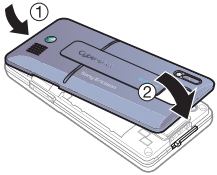
1 Slide and hold the clasp sideways and remove the battery cover.



2 Slide the SIM card into its holder with the contacts facing down.



3 Insert the battery with the label side up and the connectors facing each other.



4 Replace the battery cover.

Turning on the phone

To turn on the phone

1 Press and hold down ⏻.
2 Select a mode:
   - Normal mode – full functionality.
   - Flight mode – limited functionality with network, FM radio, Bluetooth™ transceivers off.
3 Enter your SIM card PIN, if requested.
4 Select a language.
5 Select Yes to use the setup wizard.

If you make a mistake when you enter your PIN, you can press C to delete numbers from the screen.

SIM card
The SIM (Subscriber Identity Module) card, which you get from your network operator, contains information about your subscription. Always turn off your phone and detach the charger before you insert or remove the SIM card.

You can save contacts on the SIM card before you remove it from your phone. See To copy names and numbers to the SIM card on page 21.

PIN
You may need a PIN (Personal Identification Number) to activate the services in your phone. Your PIN is supplied by your network operator. Each PIN digit appears as *, unless it starts with emergency number digits, for example, 112 or 911. You can see and call an emergency number without entering a PIN.

To delete numbers from the display
- Press C.

If you enter the wrong PIN three times in a row, PIN blocked *appears. To unblock it, you need to enter your PUK (Personal Unblocking Key). See SIM card lock on page 64.*

Flight mode
In Flight mode the network, radio and Bluetooth transceivers are turned off to prevent disturbance to sensitive equipment.

Start-up screen

The start-up screen appears when you turn your phone on. See *Using pictures* on page 41.

Standby

After you have turned your phone on and entered your PIN, the name of the network operator appears on the screen. This is called standby.

Making and receiving calls

You must turn on your phone and be within range of a network.

To make a call

1. From standby enter a phone number (with international country code and area code, if applicable).
2. Select Call.

To answer a call

- Select Answer.

To reject a call

- Select Busy.

Help in your phone

Help and information is available in your phone at any time.

To use the setup wizard

1. From standby select Menu > Settings > the General tab > Setup wizard.
2. Select an option.

   See *Navigation* on page 13.

To view information about functions

- Scroll to a function and select Info, if available. In some cases, Info appears under More.

To view the phone demonstration

- From standby select Menu > Entertainment > Demo tour.

Settings download

You can download settings to your phone. These settings let you use functionality that require Internet accounts, for example, picture messaging and email.

To download settings

- From standby select Menu > Settings > the General tab > Setup wizard > Settings download.

Contact your network operator or service provider for more information.

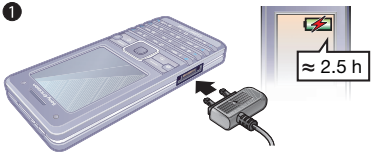
Charging the battery

The phone battery is partly charged when you buy it.

To charge the battery

❶



❷

1 Connect the charger to the phone. It takes approximately 2.5 hours to fully charge the battery. Press a key to view the screen.
2 Remove the charger by tilting the plug upwards.

You can use your phone while it is charging. You can charge the battery at any time and for more or less than 2.5 hours. You can interrupt the charging without damaging the battery.
