FIRST STEPS

INSTALLING (OR REMOVING) YOUR BATTERY

When you remove the back cover, memory card will become inaccessible until you put the back cover back on, at when the memory card will become accessible again. Please make sure to put the back cover back on tight and fully after its removals so that you can access the memory card again once the back cover is put back on.

1. Insert the tip of your finger or a thin object firmly into the opening on the bottom side of the phone, between the phone and the battery cover. Do not use sharp objects that may damage parts of the phone. Then lift up the cover slowly.
2. Insert the battery with the connectors facing each other.
3. Place the cover over the back of the phone so that the camera lens hole in the cover is aligned with the camera lens.
4. Press down gently on all edges of the battery cover to make sure it gets attached on both sides.

CHARGING YOUR BATTERY

The phone battery is partly charged when you buy the phone. When you connect the phone to a power source, it may take a few minutes before the battery icon appears on the screen. You can still use your phone while it is charging.

NOTE:The battery will start to discharge a little after it is fully charged and then charges again after a certain time. This is to extend battery life and may result in the charge status showing a level below 100 percent.

POWERING YOUR PHONE ON/OFF

It's important to fully charge the battery before turning on your phone.

1. Press and hold down the  key on the top of the phone.
2. If your screen goes dark, press  briefly to activate the screen.
3. To unlock the screen, drag the screen lock icon across the screen.
4. Enter your SIM card PIN, when requested, and select OK.

NOTE:Your SIM card PIN is initially supplied by your network operator, but you can change it later from the **Settings** menu. To correct a mistake made while entering your SIM card PIN, press .

SETTING UP YOUR DEVICE

When you turn on your wireless device for the first time, you have the option to quickly set up various accounts, such as Google™, Microsoft® Exchange ActiveSync®, other email accounts, and sign in to social networking sites. Simply follow the onscreen instructions to complete the initial setup of your wireless device.

For more information on how to set up your email, visit smartphones.verizonwireless.com/. Click on the **Smartphone Support** tab and select your phone.

Setting up your Google Account

1. From your **Home screen**, tap .
2. Tap **Settings > Accounts & sync > Add account > Google™**.
3. Follow the registration wizard to create a Google™ account, or sign in if you already have an account.

Setting up an Email account

1. From your **Home screen**, tap .
2. Find and tap **Email**

3. Enter your email address and password, then tap **Next**.
4. If the settings for the email account cannot be downloaded automatically, you can complete the setup manually.

Note: If you need to enter the settings manually, contact your email service provider for the correct email account settings. For example, you need to know if the server type is POP3 or IMAP.

Backup AssistantSM

Backup Assistant is a free service from Verizon Wireless which saves your phone's address book to a secure server. If your phone is lost or damaged, or if you upgrade to a new phone, Backup Assistant will restore your contacts.

Note: Subject to specific terms of use. Results may vary based on backup schedule and other factors. See verizonwireless.com/backupassistant for more details.

2. Follow the prompts to enter your password and retrieve your messages.

RESETTING YOUR VOICE MAIL PASSWORD

To learn how to reset your password or discover other features, visit verizonwireless.com/myverizon.

NOTE: Voice mail may not be available in some areas. Voice mailboxes not set up within 45 days will be cancelled. Your Verizon Wireless voice mailbox is not password protected until you create a password by following the setup tutorial. Airtime and other charges will be incurred when using voice mail from your wireless device. Mobile to Mobile minutes do not apply to voice mail retrievals; you will be charged to maintain your connection to voice mail. Verizon Wireless is not liable for missed messages or deletions of messages from your voice mailbox, even if you have saved them.

VISUAL VOICE MAIL

Visual Voice Mail displays a list of messages and allows you to choose which message to listen to or erase, without having to dial into your mailbox.

Setting up Visual Voice Mail

1. If you are a new Verizon Wireless subscriber, first dial ***86** to set up your voice mail service.
2. From the main screen, press **OK** for **Menu** and press the **Navigation key** left to highlight **Messaging**.

3. Press **6** to select **Visual Voice Mail** and follow the prompts to download it for future use.

Please note that it may take five minutes for Visual Voice Mail to set up, and that storing a voice mail password is required. Anyone in possession of this device can access the voice mail. To limit unauthorized access to the voice mail, consider locking the device when not in use. To cancel your Visual Voice Mail service, go to verizonwireless.com/myverizon or contact Customer Service. Visual Voice Mail is only available in the National Enhanced Services Coverage Area and only on select devices. Specific terms, conditions and monthly charges apply. Basic voice mail and V CAST Coverage Area are required and V Block must be removed to use Visual Voice Mail. Unless you subscribe to V CAST VPak, V CAST Mobile TV Select Package or Nationwide Premium Plan, downloading the Visual Voice Mail application will require approximately 1 MB of data. Data sent or received will be aggregated each month, rounded up to the next megabyte. Megabyte charges will not be incurred for using the Visual Voice Mail application after download to the device.

GETTING STARTED WITH LOCATION-BASED SERVICES (LBS)

Verizon Wireless values your privacy. Because of this, your phone is defaulted to only acquire your location when you dial **911**. To use Location-Based Services, you must first enable location services on your phone:

1. From your **Home screen**, tap .
2. Tap **Settings > Location & security**.
3. To use information from Wi-Fi and mobile networks to determine your approximate location, tap **Use wireless networks**.
4. To use your phone's global positioning system (GPS) and get a more exact location, tap **USE GPS satellites**.

Even when your activation switch is set to Location On, your wireless device's location is still protected. For your privacy, you must "opt out" of all LBS applications.

FAMILY LOCATOR

Locate your children by their LBS-enabled phones and get real-time updates right on your PC or phone. As an extra service, Family Locator with Child Zone® will alert you by text message when your child's phone enters or leaves any area you determine, such as a

school or playground. You'll get the added peace of mind of knowing that you're never out of touch with your family.

Subject to Customer Agreement and Family SharePlan® Calling Plan. Monthly subscription, specific Media Center/Get It Now®/GPS-enabled wireless device, and airtime required for use. Only available in the National Enhanced Services Coverage Area. Verizon Wireless does not guarantee the completeness or accuracy of any information displayed or disclosed. Family Locator and Child Zone® are not child management tools and are not a substitute for adult supervision. Compatible device required. See product brochure for coverage information and complete terms and conditions.

VZ NAVIGATOR®

More than just directions, VZ Navigator gets you where you're going and keeps you informed once you get there. Receive traffic alerts, find gas prices and directions to the station, search local businesses, share your location with friends, or speed-dial roadside assistance. Go to verizonwireless.com/navigator.

Download, subscription, and airtime required for use; only in National Enhanced Services Coverage Area; accuracy and completeness of information is not guaranteed; information about location of device will be used to deliver service. You must have VZ Navigator added to your account in order for

GPS features to work. Download, subscription and airtime required for use; air time and data usage for download only. Roaming rates may apply. VZ Navigator only available in National Enhanced Services Coverage Area; accuracy and completeness of information is not guaranteed.
