No connection to phone
Make sure that the headset is charged and within range of the phone. The settings in the phone may not be correct. Check or redo the settings in the phone for adding a Bluetooth device.

The headset is automatically switched off
• The battery is too low. The indicator light on the headset flashes red and you hear a low beep.
• The headset switches off if you do not add it to the phone within 10 minutes.

Nothing happens when connecting charger
It may take over 15 minutes before the indicator light shows that the headset is charging.
