8

Before you can use your Bluetooth music receiver with your phone it has to be added once to your phone. Follow the instructions from the phone User guide on how to turn on Bluetooth in your phone.

1. Turn on Bluetooth in your phone.
2. Turn on Bluetooth visibility in your phone. This makes your phone visible to other Bluetooth devices.
3. Prepare the music receiver according to page 13.

4. Prepare your phone according to the phone User guide on how to add a Bluetooth device. Enter the music receiver passcode (0000).

After you have added the music receiver to your phone, it will automatically connect to your phone as soon as it is turned on and within range.

No connection between music receiver and phone

Make sure the music receiver is charged and within range of your phone. Check or redo the Bluetooth settings in the phone. Try to pair the music receiver again (see page 8).

For more information on Bluetooth and pairing, go to www.sonyericsson.com/learnabout.

The music receiver is automatically switched off

- The battery is too low. The indicator light on the music receiver flashes red and you hear a low beep.
- The music receiver switches off if you do not add it to your phone within 10 minutes.

The music receiver does not connect to my music source

Make sure your device is available, and supports Bluetooth Advanced Audio Distribution profile.

The sound is interrupted

Make sure the music receiver is charged and within range of your phone. Try to reconnect to the phone (see page 19).

The remote control functions do not work

Make sure your device supports Bluetooth Audio/Video Remote Control profile.

Unexpected behaviour

24

Reset the music receiver (see page 22).

Battery capacity

A battery that has been infrequently used, or a new one, could have reduced capacity. You may need to recharge it a number of times.
