

The Sony® α330 DSLR camera brings you the freedom of Live View, which lets you compose and shoot photos using a tiltable 2.7" (diag.) LCD screen. SteadyShot® INSIDE in-camera image stabilization reduces blur in every shot, while 10.2 megapixel resolution preserves those special moments in stunning clarity and detail.

- **2.7" (diag.) Clear Photo LCD Plus™** featuring Live View with Quick Auto Focus  
A large 2.7" (diag.) Clear Photo LCD Plus™ display features Live View with Quick Auto Focus, which lets you compose and shoot pictures in real-time using the LCD, just as you would with a point-and-shoot camera. In addition, the LCD display tilts up or down for low or high-angle shooting situations, such as capturing a child's first steps or shooting over a crowd.
- **SteadyShot INSIDE™** in-camera image stabilization  
SteadyShot INSIDE™ in-camera image stabilization is built into each camera body, so every a-mount lens benefits from the ability to minimize blur due to camera shake.
- **10.2 megapixel resolution** for ultra-fine detail  
A 10.2 megapixel APS-size CCD image sensor captures your images in stunning detail, giving you the freedom to make large prints and tight crops without sacrificing quality.
- **Lightweight and stylish body**  
The α330 features a stylish, modern design with an intuitive button layout for easier operation. In addition, the lightweight body and revised grip make the camera more comfortable to hold and carry.
- **Integrated on-screen Help Guide and Graphic Display**  
An integrated on-screen Help Guide and Graphic Display help take the complexity out of DSLR photography. The Help Guide offers clear, concise explanations of various modes and settings, while the Graphic Display helps you understand the relationship between aperture and shutter speed, as well as the effect each has on photographic results.

- **HDMI™ terminal and BRAVIA® Sync™ compatibility**  
An HDMI™ terminal gives you the option of connecting your camera to a compatible HDTV and playing back your images in stunning high definition quality (HDMI cable required, sold separately). In addition, BRAVIA® Sync™ works with compatible Sony® BRAVIA HDTVs to let you control camera playback using the television's remote (HDMI cable and BRAVIA Sync capable HDTV required, sold separately) 1.
- **High sensitivity (ISO 3200) for superior noise reduction**  
A broad sensitivity range from ISO 100 to ISO 3200 enables you to capture beautiful color images even in very dim light -- High ISO Noise Reduction technology reduces picture noise artifacts at high-sensitivity ISO 1600 and ISO 3200 settings by eliminating noise from RAW data after analog-to-digital conversion.
- **Eye-Start Autofocus**  
Eye-Start Autofocus System begins precision autofocus adjustments the moment you raise the camera to your eye, so the camera is ready to catch the perfect moment.
- **9-Point AF Sensor**  
9-Point Center Cross AF Sensor with improved focus control to help bring images into sharp definition more quickly, and predictive focus control automatically calculates the position of fast-moving subjects.
- **Up to 2.5 fps continuous shooting**  
Continuous Shooting lets you shoot at up to 2.5 fps (frames per second) while viewing your subject through the optical viewfinder so you never lose track of the action.

**ADDITIONAL FEATURES**

- Creative Style settings
- Dynamic Range Optimizer
- Built-in Pop-Up Flash
- Anti-Dust Technology
- Stamina® Battery power
- Smart Teleconverter 2X Digital Zoom
- BIONZ™ image processor
- PhotoTV HD compatibility
- Scene Selection Modes
- Index and Slide Show Display
- Function Guide Display
- Dual slot Compatibility for Memory Stick® and SD media
- Included SAL1855 18-55mm standard zoom lens

**BIONZ**

**HDMI**

**InfoLITHIUM H**

**MEMORY STICK™**

**PhotoTV HD**

**SD HC**

## DSLR-A330Y

DSLRA330 with W lens kit

### Specifications

#### Optics/Lens

Lens Mount Type: Sony  $\alpha$  lens, Minolta and Konica Minolta AF lens

#### Power

Battery Type: NP-FH50

Number of Still Images: Approx. 510 images with viewfinder, approx. 230 images in live view mode (CIPA standard)

#### Service and Warranty Information

Limited Warranty Term: 1 Year Parts & Labor

#### Software

Supplied Software: PMB (Picture Motion Browser)  
Image Data Converter SR  
Image Data Lightbox SR

Operating System Compatibility: Microsoft  
Windows 2000 Professional  
Windows XP\*SP2  
Windows Vista  
Mac OS X(v10.1.3) or later

#### Dimensions

Weight: Approx. 491g (without battery, memory card, accessories)

Measurements: Approx. 128 x 97 x 71.4mm  
(W/H/D, excluding protrusions)

#### Supplied Accessories

DT18-55mm SAM Kit Lens  
DT55-200mm SAM Kit Lens  
BC-VH1 Battery Charger  
NP-FH50 Rechargeable Battery  
Shoulder strap  
Body cap  
Video cable  
Software CD-ROM

#### Optional Accessories

HVL-F20AM External Flash  
NP-FH50AM Rechargeable Battery  
STP-HS1AM Hand Strap  
STP-XS2AM Shoulder Strap  
LCS-LC1AM Lens Cap Holder  
LCS-WR1AM Wrapping Cloth  
LCS-SC6 Soft Carrying Case

UPC Code: 027242745698

1. Requires BRAVIA® Sync feature in each product, including a compatible BRAVIA HDTV. Please refer to owner's manual to determine compatibility.
2. When fully charged. Actual results may vary based on product settings, usage patterns and environmental conditions.
3. Compatible BRAVIA® HDTV, and component cable (sold separately) required for PhotoTV HD viewing. Specifications of the BRAVIA HDTV shown vary according to market region
