VOICE RECORDER

Features

- 512MB^3 Flash Memory^5 uses a high capacity IC chip, which may be recorded over and used again and again, with distortion-free clarity.

- ◆ MP3 Playback^4 provides easy playback of unsecured MP3 files by dragging and dropping files into the MP3 folder on the device

- HQ/SP/LP Recording Modes Provide clearer recording of meetings, interviews or dictation. HQ: 57hr 30min, SP: 153hr 25min, LP: 251hr 5min.

- ▲ Built-In USB^1 allows the device to be plugged directly into a USB port on a computer or hub, eliminating the need for cables

- ▲ Digital VOR (Voice Operated Recording) Stops the recording during silent pauses, saving valuable recording time, then begins recording again without missing a single syllable thanks to the digital buffer.

- ▲ Digital Pitch Control allows recordings to be heard at slower than normal speeds without distortion to facilitate transcribing or editing, or faster than normal to move quickly to a desired portion.

- Slim Style Design main controls are easy to use
