XPERIA

Welcome

Important Information

Before you use your device, please read the *Important Information* provided in your device regarding warranty, safety and handling information.
Assembly

To insert the memory card

! Do not insert a micro SIM card into the memory card slot.

! The memory card may not be included at purchase in all markets.

To insert the micro SIM card

! Do not insert a memory card into the micro SIM card slot.

! Inserting the micro SIM card into the device without the SIM card holder could damage your micro SIM card or your device, and Sony Mobile does not warrant and will not be responsible for any damage caused by such action.

TYPE: PM-0500-BvEFF
FCC ID:PY7PM-XXXX
IC: 4170B-PM0500
XXXX

1 Detach the cover of the micro SIM card slot.
2 Place a fingernail under the right or left edge of the label tray, then drag the tray outwards to view the CE mark and the FCC ID.
Protecting your device from water and dust

You can use your device in the following conditions:

Swimming pool   Diving   Shooting photos and videos under water

! You should only use the device in water depths of 1.5 metres or less.

Do not use your device in the following conditions:

Salt water   Other liquid chemicals   Sand/mud

Your device has IP (Ingress Protection) ratings of IP55 and IP58. These ratings mean that your device is dust resistant and is protected against low pressure water stream as well as against the effects of submersion for

30 minutes in fresh (non-saline) water up to 1.5 metres deep.

Always firmly attach all covers to ensure the water and dust resistance of the device. If liquid is detected inside the device, for example, underneath one of the covers, your warranty will be void.

If the speaker, microphone or headset jack get wet, dry these areas and wait for three hours before using them again. You can, however, use other features in the device that do not utilise the speaker or microphone.

Before using your device in water and in dusty conditions, refer to the relevant section of the User guide for your device for more detailed information. An online User guide as well as a downloadable version is available at *www.sonymobile.com/support*.

Basics

Overview
1. Headset jack
2. Proximity sensor/Light sensor
3. Ear receiver/Charging light/Notification light
4. Front camera lens
5. Micro SIM card slot cover
6. Power key
7. Volume/Zoom key
8. Camera key
9. Strap hole
10. Main speaker and microphone
11. Main camera lens
12. Camera light
13. Second microphone
14. NFC™ detection area
15. Memory card slot cover
16. Charger/USB cable port cover
17. Charging dock connector

❗ Do not insert fingers or other objects into the opening for the second microphone (illustrated in item 13 above) to avoid damaging your device.

Turning on the device

To turn on the device

❗ Make sure that the battery is charged for at least 30 minutes before you turn on the device for the first time.
1 Press and hold down the power key (ᑌ) until the device vibrates.
2 Wait a while for the device to start.

Waking up the screen

To activate the screen
• Briefly press the power key (ᑌ).

To unlock the screen

• Swipe up or down on the lower part of the screen.

Setting up your device

What is Android™?

Android is your device's operating system. Since Android is developed by Google™, your device is preloaded with several Google™ services, such as Google Maps™ and Google™ web search. To use some of the services provided by Google™, you need a Google account.

Google™ account

With a Google™ account, you can use Gmail™ to send emails, Hangouts™ to chat with friends, and Google Play™ to download applications and games, music, movies and books.

To set up a Google™ account on your device
1 From your **Home screen**, tap ⋮⋮⋮.
2 Find and tap **Settings** > **Add account** > **Google**.
3 Follow the registration wizard to create a Google™ account, or sign in if you already have an account.

- ☀ You can also sign in to or create a Google™ account from the setup guide the first time you start your device. Or you can go online and create an account at *www.google.com/accounts*.

Basic settings

The first time you start your device, a setup guide explains basic device functions and helps you enter essential settings. You can also access the setup guide later.

To access the setup guide manually
1 From the **Home screen**, tap ⋮⋮⋮.
2 Tap **Settings** > **Setup guide**.

Transferring contacts to your new device

Transferring contacts to your new device can sometimes be complicated, but help is available.
You can transfer contacts from several device brands, including iPhone, Samsung, HTC and Nokia.
You need:
• An Internet-connected PC or Apple® Mac® computer.
• A USB cable for your old device.
• A USB cable for your new Android™ device.
• Your old device and new Android™ device.

Get started transferring your contacts

If you are a PC user, use the PC Companion program to transfer your contacts. It's free, and the installation files are already saved on your new device. PC Companion also offers a range of other features, including help to update your device software. For Apple® Mac® computer users, the Sony™ Bridge for Mac application is available to help you transfer your contacts. It's also free and downloadable from *www.sonymobile.com/support*.

To install PC Companion
1 **New device**: Turn on your new Android™ device and connect it to a PC using a USB cable.
2 **New device**: Tap **Install** to install PC Companion on the PC.
3 **Computer**: If a popup window appears to notify you about available PC software, select *Run Startme.exe*.
4 **Computer**: Click *Install* to start the installation and then follow the instructions to complete the installation.

To transfer contacts to your new device using PC Companion
1 Make sure that PC Companion is installed on your PC.
2 Open the PC Companion program on the PC, then click *Contacts Setup* and follow the instructions to transfer your contacts.

To install Sony™ Bridge for Mac
1 Using your Apple Mac computer, go to *www.sonymobile.com/support*, then search for and download the Sony™ Bridge for Mac application to a folder on the computer.
2 After the download is complete, open the folder and double-click the *Sony Bridge for Mac.dmg* file to start the installation.
3 Follow the instructions on your Apple® Mac® computer to complete the installation.

To transfer contacts to your new device using Sony™ Bridge for Mac
1 Make sure the Sony™ Bridge for Mac application is installed on your Apple® Mac® computer.
2 Open the Sony™ Bridge for Mac application on your Apple® Mac® computer.
3 Double-click the Sony™ Bridge for Mac icon in the Applications folder, then follow the instructions to transfer your contacts.

Finding your way

Home screen

The Home screen is your gateway to the main features on your device. You can customise your **Home screen** with applications, widgets, shortcuts, folders, themes, and wallpaper.

The **Home screen** extends beyond the regular screen display width, so you need to flick left or right to view content in all of the Home screen's panes.

- The items in the bar at the bottom of the screen are always available for quick access.

To go to the Home screen
- Press ⌂.

Application screen

The Application screen, which you open from your **Home screen**, contains the applications that come pre-installed on your device as well as the applications you download. The Application screen extends beyond the regular screen width, so you need to flick left and right to view all content.

To open the Application screen
- From your **Home screen**, tap ⁞⁞⁞.

To open an application
- From your **Home screen** or the Application screen, tap the application.

Status and notifications

The status bar at the top of your screen shows what's going on in your device. For example, new message and calendar notifications appear here.

Checking notifications and ongoing activities

You can drag down the status bar to open the Notification panel and get more information. For example, you can use the panel to open a new message or view a calendar event. You can also open some applications that run in the background, such as the music player.

To open the Notification panel

• Drag the status bar downwards.

Using the keys

↩ Back
   • Go back to the previous screen
   • Close the on-screen keypad, a dialog box, an options menu, the Notification panel, or an application

⌂ Home
   • Go to the **Home screen**

▭ Task
   • Tap to open a window showing your most recently used applications and a small apps bar

More basics

Calling

1 From your **Home screen**, tap ▦.
2 Find and tap **Phone**.
3 Enter the number of the recipient and tap 📞.

To end a call
• Tap 📵.

To answer a call

• Drag 📞 to the right across the screen.

Multimedia and text messaging

To create and send a message
1 From your **Home screen**, tap ▦, then find and tap ▣.
2 Tap ✎.
3 Tap ☰, then tap **Add recipient** and select a contact from the Contacts list. If the recipient is not listed as a contact, enter the recipient's number manually and tap ➕.
4 When you are finished adding recipients, tap **Done**.
5 Tap **Write message** and enter your message text.
6 If you want to add a media file, tap 📎 and select an option.
7 To send the message, tap **Send**.

Settings menu

View and change settings for your device from the Settings menu.

To access your device settings
1 From your **Home screen**, tap ▦.
2 Tap **Settings**.

🔆 You can also drag the status bar downwards on the Home screen and tap ✖ to access your device settings.

Troubleshooting

My device is not responding

If your device hangs, or if you cannot restart it normally, you can force the device to shut down.

To force the device to shut down
1 Detach the cover of the micro SIM card slot.
2 Using the tip of a pen or a similar object, press and hold down the OFF button until the device shuts down.

❗ Do not use overly sharp objects that could damage the OFF button.

The device does not recognise my wired headset

• Make sure the wired headset that you are using complies to the CTIA standard. Your device supports the CTIA standard, and may not be fully compatible with other standards such as OMTP.
• If you have a wireless headset that is compatible with your device, try using that instead.

Legal information

Sony C6902/C6903/C6906/C6943

Google Play™ is not available in all countries. Some of the services and features described in this Startup guide are not supported in all countries/regions or by all networks and/or service providers in all areas. Without limitation, this applies to the GSM International Emergency Number 112. Please contact your network operator or service provider to determine availability of any specific service or feature and whether additional access or usage fees apply.
