Setting Up Your Phone

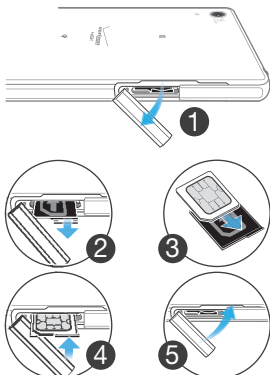

Welcome to Verizon Wireless. You're now part of a growing movement that's about speed, signal and strength. This guide will show you how to set up and use your phone, access special features, and find help.

Insert the SIM Card

NOTE: If not already inserted, follow the instructions below to insert your 4G LTE SIM card.

To insert the SIM card:

1. Open the SIM card slot cover.
2. Using a fingernail, pull out the SIM card holder.
3. Carefully insert the 4G LTE SIM card into the SIM card holder with the Verizon logo facing down.
4. Push the SIM card holder back into place.
5. Close the SIM card slot cover.

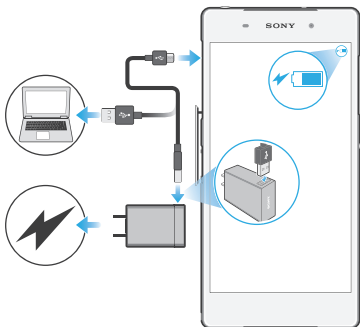

Charge the Phone

Before turning on your phone, charge it fully

1. Connect the USB cable to the charger.
2. Insert the other end of the USB cable into the charger port on the left side of the phone.
3. Plug the charger into a compatible electrical outlet.

WARNING! Please use only an approved charging accessory to charge your phone. Improper handling of the charging port, as well as the use of an incompatible charger, may cause damage to your device and void the warranty.

Optional: Insert the microSD Card

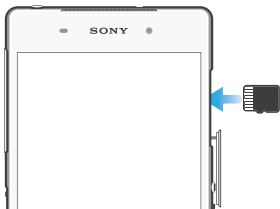

If you have a microSD card, slide the microSD card into the microSD card slot

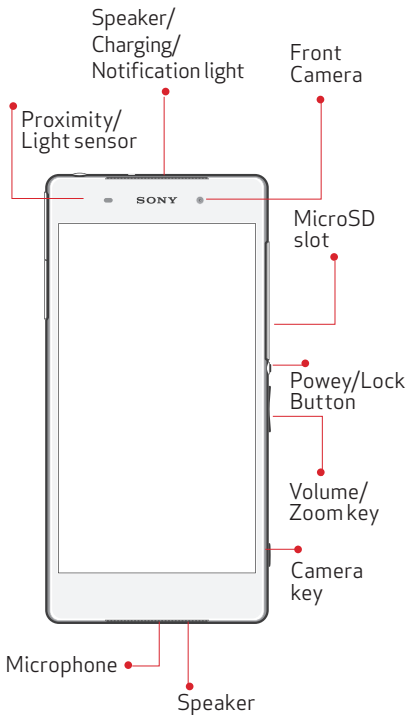

To insert the microSD card:

1. Open the microSD card slot cover.
2. Carefully slide the microSD card into the microSD slot with the gold contacts facing up.
3. Close the microSD slot cover.

(To remove the microSD card, carefully push the card inward to release it from the slot.)

NOTE: The microSD card is sold separately.

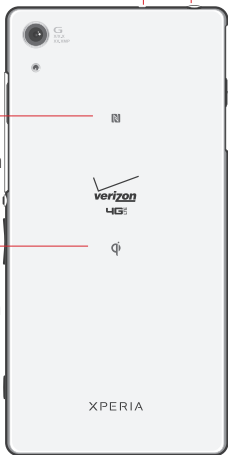

NOTE: Devices and software are constantly evolving—the screen images and icons you see here are for reference only.
