

Important Information

Before you use your device, please read the *Important Information* provided in your device regarding warranty, safety and handling information.

Protecting your device from water and dust

Your device has IP (Ingress Protection) ratings of IP55 and IP58. These ratings mean that your device is dust resistant and is protected against low pressure water stream as well as against the effects of submersion for 30 minutes in fresh (non-saline) water up to 1.5 metres deep.

Always firmly attach all covers to ensure the water and dust resistance of the device. If liquid is detected inside the device, for example, underneath one of the covers, your warranty will be void.

Before using your device in water and in dusty conditions, refer to the relevant section of the User guide for your device for more detailed information. An online User guide as well as a downloadable version is available at www.sonymobile.com/support.

Overview

Assembly

⚠ Don't confuse the micro SIM card slot with the memory card slot.

To insert the micro SIM card

⚠ If you insert the micro SIM card while the device is powered on, the device restarts automatically.

- 1 Detach the cover for the micro SIM card slot.
- 2 Insert the micro SIM card into the micro SIM card slot.

- 3 Re-attach the cover.

To insert the memory card

- 1 Remove the memory card slot cover.
- 2 With the gold coloured contacts facing down, insert the memory card into the memory card slot, then re-attach the memory card slot cover.

Basics

Turning on the device

Make sure that the battery is charged for at least 30 minutes before you turn on the device for the first time.

To turn on the device

- 1 Press and hold down the power key until the device vibrates.
- 2 Wait a while for the device to start.

Waking up the screen

To activate the screen

- Briefly press the power key .

Setting up your device

Setup guide

The first time you start your device, a setup guide opens to help you configure basic settings, sign in to some accounts (for example, your Google™ account), and personalise your device. You can also manually access the setup guide at a later stage.

To access the setup guide manually

- 1 From the Home screen, tap .
- 2 Tap > Setup guide.

Accessing settings

View and change settings for your device from the Settings menu. The Settings menu is accessible from both the Application screen and the Quick settings panel.

To access your device settings

- 1 From your Home screen, tap .
- 2 Find and tap .

Transferring your contacts

Xperia™ Transfer is an application within the PC Companion and the Sony Bridge for Mac computer programs that helps you to collect contacts from your old device and transfer them to your new device. Xperia™ Transfer supports several device brands, including iPhone, Samsung, HTC, BlackBerry, LG, and Nokia.

You need:

- An Internet-connected computer.
- A USB cable for your old device.
- A USB cable for your new Android™ device.
- Your old device.
- Your new Android™ device.

To transfer contacts to your new device

- 1 Search and download PC Companion (on a PC) or Bridge for Mac (on a Mac computer) from www.sonymobile.com if the application is not already installed.
- 2 After successful installation, open the PC Companion application or the Sony Bridge for Mac application, then click *Xperia™ Transfer* and follow the relevant instructions to transfer your contacts.

Finding your way

Using the keys

- Back navigation key
 - Go back to the previous screen within an application or close the application.
- Home navigation key
 - Exit an application and go back to the Home screen.
- Task navigation key
 - Open the recently used applications window and the small apps bar.
- Application screen
 - Open the Application screen.

Basic applications and settings

- Make phone calls by dialling the number manually or by using the smart dial function.
- Use the Messaging application to send and receive text and multimedia messages.
- Go to Google Play™ to download free and paid applications for your device.
- Optimise the device settings to suit your own requirements.

Status and notifications

To open or close the Notification panel

⚠ Drag down two fingers instead of one to open the Quick settings panel instead.

Support on the web

Visit www.sonymobile.com/support to access a range of support options for your device, including downloads, troubleshooting tips and a User guide.
