Safety Precautions

Regarding notations used in this document

- In this manual, keys (key icons) are represented by simplified illustrations such as ⑤, ⑥, ⑥, ⑥,
- Operations of tapping menu items/icons/buttons on the
- screen etc. are indicated as [(name of the item etc.)]. Screen illustrations shown in this manual may look different from the actual screens. In some cases, minor details or a part of a screen may be omitted.
- In this manual, "microSD™ memory card", "microSDHC™ memory card" and "microSDXC™ memory card" are abbreviated as "microSD memory card" or "microSD".
- · All of the indicated amounts exclude tax unless otherwise

au Micro IC Card (LTE)

Your phone number etc. is recorded in the au Micro IC Card (LTE) The product is compatible only with au Micro IC Card (LTF). You cannot use the product with an au IC-card or micro au IC card switched from an au cell phone or au smartphone.

Do not insert an au Nano IC Card (LTF) with a conversion adapter Doing so may cause a fault.

Attaching/removing the au Micro IC Card (LTE)

sure to turn off the product

- Attaching the au Micro IC Card (LTE)
- slot cover while hooking the groove with your fingernal
- 2 Hook the projection of the tray (1) with your fingernail to slide the tray straight out, then remove the tray from the product

1 Open the microUSB connection terminal cover of the product while hooking the groove with your fingernail, and insert the microUSB plug of Common AC Adapter 05 (sold

- 2 Insert the power plug of Common AC Adapter 05 (sold separately) into an outlet Notification LED lights on the product.
- 3 When charging is complete, remove the microUSB plug of and close the microUSB connection terminal cover firmly
- 4 Remove Common AC Adapter 05 (sold separately) from
- Charging with the DC Adapter

You can charge from cigarette lighter socket in a car by using Common DC Adapter 03 (sold separately). For details, refer to instruction manual of Common DC Adapter 03 (sold separately).

The followings describe charging procedure by connecting the product to chargeable USB port on a PC using the microUSB cable of Sony Mobile AC adapter 05 (sold separately).

1 Open the microUSB connection terminal cover of the product while hooking the groove with your fingernail, and insert the microUSB plug of the microUSB cable,

3 Set au Micro IC Card (LTE) into the tray with IC (metal) part facing up (2), insert the tray with the card into the

Pay attention to the orientation of the notch and pressing tray.

4 Close the microSD memory card/au Micro IC Card (LTE) slot cover, press it firmly to ensure that there are no

- 2 [Power off]▶[OK]

1

 Press ⊚ for over 1 second and long-touch "Power off" ► [OK] to restart product in safe mode

When you receive Earthquake Early Warning, ensure your safety and take proper action according to the situation around you. When you receive a Tsunami Warning, draw away from sea coast immediately and evacuate to safe place such as upland or well-built high building.

1 au災害対策 (au Disaster Countermeasure) menu▶[緊急 速報メール (Emergency Rapid Mail)]

 Reception of Emergency Rapid Mail is notified by a special warning tone and vibration. It is not possible to change the warning tone. *Farthquake Farly Warning is notified by warning tone and voice sound ("地震です" (It is an earthquake)), and vibration.

- Earthquake Early Warning may not arrive before strong tremors in areas near the epicenter.
- Tsunami Warning is a major tidal wave/seismic sea wave notification delivered from the meteorological bureau to the area including target coast.
- Disaster and Evacuation Information is a service that distributes bulletins concerning residents' safety including evacuation advisories, evacuation orders and other warnings issued by the national and local governments.
- The service is available only in Japan (it cannot be used overseas) No information fee or communication charge is required for receiving Emergency Rapid Mail.
- · KDDI is not liable for damages suffered by customers resulting from the service's information, lack or delay in the information caused by transmission or system breakdowns. or other events that are outside the responsibility of KDDI. Refer to the Japan Meteorological Agency web page for details
- about distribution of Earthquake Early Warning. http://www.jma.go.jp/

2 Hook the projection of the tray with your fingernail to slide the tray straight out, then remove the tray from the main unit

3 Remove au Micro IC Card (LTE) out of the tray, insert

- the tray into the main unit and then press it all the way Pay attention to the direction of pushing the tray. 4 Close the microSD memory card/au Micro IC Card (LTE)
- slot cover, press it firmly to ensure that there are no gaps between the cover and the main unit

❖Information

- · Note the following points, otherwise handling the au Micro IC Card (LTE) may cause malfunction or damage.
- · Do not touch the IC (metal) part of the au Micro IC Card (LTE). Insert in the correct direction
- · Do not use force to attach or remove
- Do not lose the au Micro IC Card (LTE) after it has been
- removed.

Attaching/Removing microSD memory card

- Attaching microSD memory card
- 1 Open the microSD memory card/au Micro IC Card (LTE) slot cover while hooking the groove with your fingernail.
- 2 Check the orientation for inserting, and insert it until it

Insert the microSD memory card with the contact side down

Force-quitting

1 Open the microSD memory card/au Micro IC Card (LTE) slot cover while hooking the groove with your fingernail press the OFF button (RED) with a fine-tipped object for approximately three seconds, and release your finger after it vibrates three times

- Pressing the OFF button (RED) by a sharp object such as needle may cause malfunction.
- volume key at the same time for approximately three seconds, and release your finger after it vibrates three times.

Initial settings

When you turn on the product for the first time, follow the onscreen instructions to set language, functions, service, etc. For details, refer to "Setting Guide"
