SRS-HG1

Help Guide

(web document for a PC/smartphone)

Explains details about the unit; network and BLUETOOTH® connection method with various devices, High-Resolution Audio playback method, etc.

http://rd1.sony.net/help/speaker/srs-hg1/h_zz

The Help Guide explains:

- Wi-Fi network connection details
- How to link with the SongPal app • Network connections and playback methods for each computer OS
- BLUETOOTH connections and playback methods for various devices
- How to play High-Resolution Audio files

 Software updates • How to connect the second and subsequent devices via Wi-Fi, etc.

STEP 2: Connecting to your Wi-Fi network

A Wi-Fi network enables you to easily enjoy music stored in wireless devices in your home.

Using a Wi-Fi network, you can play music from online music streaming services, or play the music stored on your computer or smartphone, in high quality sound. Also, you can enjoy the music in multiple rooms at the same time.

Choose how to connect the unit to your Wi-Fi network from the followings; • Connecting by SongPal

- Set up this unit from the smartphone/iPhone installed with SongPal.
- Connecting by Wi-Fi Protected Setup™ (WPS) Set up this unit by pressing the WPS button on the wireless router

Connecting by PC

You can also connect from your computer. For details, see Help Guide.

Connecting by SongPal

Required items: Android smartphone or iPhone/iPod touch, the wireless router

Use an Android smartphone or iPhone in which SongPal is installed to configure Wi-Fi settings of the unit. Install SongPal onto your smartphone or iPhone. Follow the application's onscreen instructions to connect

the unit to a Wi-Fi network.

Search for SongPal on Google Play™ (Play Store) or App Store.

• Connect your smartphone or iPhone to this unit via BLUETOOTH. Before the connection, set the

BLUETOOTH feature on your smartphone or iPhone. • Some wireless routers have multiple SSIDs. Connect the unit and your smartphone or iPhone to the same SSID

Go to STEP 3 for playing music 🕨

Connecting by Wi-Fi Protected Setup™ (WPS)

Required item: Wireless router with the Wi-Fi Protected Setup™ (WPS) button

1 Place the unit close to your wireless router, and then press the \odot (power) button to turn on the unit. Before turning the unit on, connect the unit to the supplied USB AC adaptor. The 🖰 (power) indicator starts flashing. Wait until the indicator stops flashing. It may take about 30 seconds.

(U -Lighting Flashing

2 Press and hold the UPDATE/WPS button of the unit until it beeps (about two seconds). While the UPDATE/WPS indicator is flashing, its button does not work for the WPS.

O)WPS Ð

0_

3 Within 90 seconds, press the Wi-Fi Protected Setup™ (WPS) button of the

router.

Depending on the wireless router, press and hold the Wi-Fi Protected Setup (WPS) button for a few seconds. For details, refer to the operating instructions of your router. When the LINK indicator lights up in orange, the Wi-Fi network connection is complete.

Go to STEP 3 for playing music

STEP 1: Charging the battery

- Without charging the battery, this unit cannot be turned on.
- If the battery power is low, the unit cannot be turned on immediately, even when connected to the supplied USB AC adaptor. Use this unit after charging the battery for at least one hour • If the unit is not charged for 30 hours after the unit is turned off, it will switch to power saving mode. In this
- case, it will take 15 to 30 seconds for the unit to turn on, and starting the unit by NFC will not connect the unit to BLUETOOTH. Touch the device to the N-Mark of the unit again

To charge the battery, connect the unit to an AC outlet by using the supplied USB AC adaptor and micro USB cable.

Go to STEP 2 for the wireless connection

STEP 3: Listening to music via Wi-Fi

To listen to music via Wi-Fi, SongPal is recommended to be used for your smartphone or iPhone.

Installing SongPal on your smartphone/iPhone

If SongPal is already installed, skip this installing. See "Listening to music with the unit."

- 1 Install SongPal on your smartphone/iPhone.
- Search for SongPal on Google Play (Play Store) or App Store. 2 Tap [SongPal] on your smartphone/iPhone to start the app, and then follow the creen instructions
- 3 When the screen on the right is displayed, tap [h.ear go (SRS-HG1)].

Q

Listening to music with the unit

Required item: Android smartphone or iPhone/iPod touch

1 Tap your smartphone/iPhone to play music in your smartphone/iPhone by operating SongPal.

← srs- 🔮 O SRS-Connection Status 🐨 Ø

2 After selecting music, start playback and adjust the volume.

To play back music by Google Cast

1. Set up Google Cast. If an application that corresponds with Google Cast is already installed, go to step 2.

a Touch [Settings]

b Touch [Google Cast].

c Touch [Learn how to cast].

d Check how to use the service and which application corresponds with Google Cast, and then select an application to install it. 2. Start the installed application that corresponds with Google Cast.

3. Touch the Cast icon, and then select [h.ear go (SRS-HG1)].

4. Start playback on the application, and adjust the volume.

Other methods

Other methods for listening to music via Wi-Fi

The Help Guide explains how to play music in other ways.

You can listen to the music stored on your Xperia by operating the Music app, or the music stored on your PC by using the free software, MediaGo.

SongPal Link

You can listen to your favorite music with various styles by wireless speaker combinations.

Wireless Multi-room

Enfold your rooms with music by a group of speakers simultaneously.

Wireless Surround

Enjoy even greater surround sound with additional Sony's Sound BAR (not included). * Please refer to the following URL for the compatible Sony's Sound BAR or AV Receiver http://sony.net/nasite/

Pair two speakers together to create wider, stereo sound.

Notes

• Two speakers of the same model are required for using the Wireless Surround function or Wireless Stereo function

- Only music files on the server device of the home network can be played back. Sound from video files cannot
- be played back. • To set a grouping with a sound bar, home theater system, etc., update the software of this unit and the device to the latest version

For more details about the following connections, playback methods, and other information, refer to the Help Guide.

BLUETOOTH

You can listen to music from BLUETOOTH device over a wireless connection. Before using the BLUETOOTH function, perform pairing to register your BLUETOOTH device.

Connected components

You can listen to music from your computer, smartphone, or USB flash drive by connecting to the USB port on this unit. Or, you can listen to music from your portable music player by connecting to the AUDIO IN jack on this unit.

To listen to music stored on a USB flash drive

You can play the music (MP3 only) stored on a USB flash drive.

- **1.** Connect the USB flash drive to the USB port on this unit.
- Depending on the USB flash drive, a commercially available USB conversion cable is necessary. 2. Press the FUNCTION button, so that the USB indicator lights up. Music stored on the USB flash drive will automatically start playing back.
- If it does not, press the FUNCTION button to light another indicator, and then press the button to light the USB indicator again.

When the indicator is lit or flashing

The color of the lit/flashing indicators indicates the condition of the any settings. For details, see Help Guide. To check the Wi-Fi signal strength (reception sensitivity)

Press and hold the VOLUME – button and SET UP button. Depending on the signal strength, indicators 2 to 5 will be lit. The number of lighting indicators is relative to the signal strength. If the signal is weak, no indicators will be lit. For details, see the Help Guide.

When the indicator is lit or flashing

(power) indicator

Indicator status (color)	Unit status
Lights up (green)	The unit is turned on.
Lights up (orange)	The unit is in the BLUETOOTH/ network standby mode.
Lights up (red)	The unit is in the standby mode.
Lights off	The unit is in the power saving mode.
Flashes (green)	 When you turn on the unit, the indicator flashes slowly in green, and then lights up. When you press the VOLUME -/+ buttons, the indicator flashes once or three times according to the volume adjustment.
Flashes (red)	A software update is failed, or the unit is in the protect mode.

LINK indicator

	Indicator status (color)	Unit status
	Lights up (orange)	The unit is connected to a Wi-Fi network.
	Flashes (orange)	The unit is in the process of connecting to a Wi-Fi network.
	Flashes (red)	The network connection failed.
	Lights up (red)	The network connection failed, or connection failed even though the network setting is complete

NETWORK indicator

Indicator status (color)	Unit status
Lights up (white)	The unit is in the NETWORK
	mode.

The color of the lit/flashing indicator changes depending on the connected music service. For details, see the Help Guide.

UPDATE indicator

Indicator status (color)	Unit status
Lights up (orange)	The unit detects the latest software while connected to the Internet.
Flashes (orange)	The unit is updating the software. During the update, you cannot operate the unit.

Before operating the unit, please read this guide thoroughly and retain it for future reference.

Owner's Record

The serial number is located on the bottom. Record the serial number in the space provided below. Refer to them whenever you call upon your Sony dealer regarding this product. Model No. SRS-HG1 Serial No. _

For customers in the USA

Please register this product on line at http:// www.sony.com/productregistration Proper registration will enable us to send you periodic updates about new products, services and other important announcements. Registering your product will also allow us to contact you in the unlikely event that the product needs adjustment or modification. Гhank you.

WARNING

To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.

To reduce the risk of fire, do not cover the ventilation opening of the appliance with

newspapers, tablecloths, curtains, etc Do not expose the appliance to naked flame sources (for example, lighted candles).

Do not install the appliance in a confined space, such as a bookcase or built-in cabinet.

Do not expose batteries or apparatus with battery installed to an excessive heat such as sunshine, fire or the like.

The USB AC adaptor is not disconnected from the mains as long as it is connected to the AC outlet, even if the unit itself has been turned off. As the main plug of USB AC adaptor is used to

disconnect the USB AC adaptor from the mains, connect it to an easily accessible AC outlet. Should you notice an abnormality in it, disconnect it from the AC outlet immediately.

Please note that water doesn't splash, this product is not waterproof specification.

CAUTION

You are cautioned that any changes or

modifications not expressly approved in this manual could void your authority to operate this equipment. NOTE:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not

installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna. Increase the separation between the equipment

and receiver. - Connect the equipment into an outlet on a circuit different from that to which the receiver is

connected. - Consult the dealer or an experienced radio/TV

technician for help. This equipment complies with FCC/IC radiation

exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines and RSS-102 of the IC radio frequency (RF) Exposure rules. This equipment should be installed and operated keeping the radiator at least 20 cm or more away from person's body.

This unit complies with Part 15 of the FCC Rules and Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

(1) This unit may not cause interference;

(2) This unit must accept any interference, including interference that may cause undesired operation of the unit

This equipment must not be co-located or operated in conjunction with any other antenna or

transmitter.

Declaration of Conformity	
Trade Name:	SONY
Model No.:	SRS-HG1
Responsible Party:	Sony Electronics Inc.
Address:	16535 Via Esprillo, San Diego, CA92127 USA
Telephone No.:	858-942-2230

Compliance with FCC requirement 15.407(c) Data transmission is always initiated by software which is the passed down through the MAC. through the digital and analog baseband, and finally to the RF chip. Several special packets are initiated by the MAC. These are the only ways the digital baseband portion will turn on the RF transmitter, which it then turns off at the end of the packet. Therefore, the transmitter will be on only while one of the aforementioned packets is being transmitted. In other words, this unit automatically discontinues transmission in case of either absence of information to transmit or operational failure.

Frequency Tolerance: ±12ppm

5.15-5.35 GHz band is restricted to indoor

operations only. 5.47-5.725 GHz band is restricted to indoor

operations only.

- Important Safety Instructions
- 1) Read these instructions
- 2) Keep these instructions. 3) Heed all warnings
- 4) Follow all instructions.
- Do not use this apparatus near water 6) Clean only with dry cloth.
- 7) Do not block any ventilation openings. Install in accordance with the manufacturer's
- instructions 8) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat
- 9) Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- 10) Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from
- the apparatus. 11) Only use attachments/accessories specified by the manufacturer.

12) Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.

- 13) Unplug this apparatus during lightning storms or when unused for long periods of time.
- 14) Refer all servicing to gualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

For the state of California, USA only Perchlorate Material - special handling may apply, See www.dtsc.ca.gov/hazardouswaste/

perchlorate

For customers in Canada

This unit complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions: (1) this unit may not cause interference, and (2) this unit must accept any interference, including interference that may cause undesired operation of the unit.

High-power radars are allocated as primary users (i.e. priority users) of the bands 5250-5350 MHz and 5650-5850 MHz and that these radars could cause interference and/or damage to LE-LAN devices.

Outdoor use of the 5 GHz Wi-Fi function is prohibited by law.

Troubleshooting

If a problem occurs while operating the unit, check the following to resolve the problem before consulting your nearest Sony dealer.

 Check in Help Guide. http://rd1.sony.net/help/speaker/srs-hg1/h_zz/

- Check information about the problem on the customer support website. For customers in the U.S.A. http://esupport.sony.com/US
- For customers in Canada: http://esupport.sony.com/CA/
- Connect the unit to an AC outlet via the USB AC adaptor to charge the battery. You may be able to resolve some issues by charging the battery. • Push the RESET button on the rear of the unit
- with a pointed object, such as a pin. When pushing the RESET button without the USB AC adaptor, the unit is turned on by pressing and holding the (power) button or connecting it to the USB AC adaptor.

If the problem persists after doing all of the above, consult your nearest Sony dealer.

Precautions

- Note when using with a mobile phone • For details on operation of your mobile phone when receiving a telephone call while
- transmitting the sound using the BLUETOOTH connection, refer to the operating instructions supplied with the mobile phone

On safety

- The nameplate and important information concerning safety are located on the bottom exterior of the main unit and on the surface of the USB AC adaptor
- Before operating the unit, be sure that the operating voltage of the unit is identical with that of your local power supply.

Where purchased Operating voltage All countries/regions 100 V – 240 V AC 50 Hz/60 Hz

Notes on the USB AC adaptor

- When connecting or disconnecting the USB AC adaptor, turn off the unit beforehand. Otherwise, it may cause malfunction.
- Use only the supplied USB AC adaptor and micro-USB cable. To avoid damaging the unit, do not use any other USB AC adaptor.

- Plug the USB AC adaptor into a nearby AC outlet. In the case of a problem, unplug it from the AC
- outlet immediately • Do not install the USB AC adaptor in a confined space, such as a bookcase or built-in cabinet.
- The MAC address of Wi-Fi network is located on the bottom exterior of this unit.
- Before operating the unit, be sure that the operating voltage of the unit is identical with that of your local power supply.

SONY® LIMITED WARRANTY (U.S. Only)

Sony Electronics Inc. ("Sony") warrants this product against defects in material or workmanship for the time periods and as set forth below when purchased directly from Sony or a Sony Retailer. Pursuant to this Limited Warranty, Sony will, at its option, (i) repair the product using new or refurbished parts or (ii) replace the product with a new or refurbished product. For purposes of this Limited Warranty, "refurbished" means a product or part that has been returned to its original specifications. In the event of a defect, these are your exclusive rem-

Labor: For a period of one (1) year from the original date of purchase of the product ("Labor Warranty"), Sony will, at its option, repair or replace with new or refurbished product, product determined to be defective. If Sony elects to replace the product after this Labor Warranty has expired but while the Parts Warranty below is still in effect, it will do so for the applicable labor charge.

Parts: For a period of one (1) year from the original date of purchase of product ("Parts Warranty"), Sony will supply new or refurbished replacement parts in exchange for parts determined to be defective

This Limited Warranty covers only the hardware components packaged with the Product. It does not cove technical assistance for hardware or software usage and it does not cover any software products whether or not contained in the Product; any such software is provided "AS IS" unless expressly provided for in any enclosed software Limited Warranty. Please refer to the End User License Agreements included with the Product for your rights and obligations with respect to the software

Instructions: To obtain warranty service, you must deliver the product, freight prepaid, in either its original packaging or packaging affording an equal degree of protection to the Sony authorized service facility specified. It is your responsibility to backup any data, software or other materials you may have stored or preserved on your unit. It is likely that such data, software, or other materials will be lost or reformatted during service and Sony will not be responsible for any such damage or loss. A dated purchase receipt from Sony or a Sony Retailer is required. For specific instructions on how to obtain warranty service for your

1-800-488-SONY (7669)

Repair / Replacement Warranty: This Limited Warranty shall apply to any repair, replacement part or replacement product for the remainder of the original Limited Warranty period or for ninety (90) days, whichever is longer. Any parts or product replaced under this Limited Warranty will become the property of Sony.

This Limited Warranty only covers product issues caused by defects in material or workmanship during ordinary consumer use; it does not cover product issues caused by any other reason, including but not limited to product ues due to commercial use, acts of God, misuse, limitations of technology, or modification of or to any part of the Sony product or product purchased from other than Sony or a Sony Retailer. To determine if a retailer is part of the Sony Retailer Network, please contact Sony's Customer Service Call Center or go to www.sony.com/ support. This Limited Warranty does not cover Sony products sold AS IS or WITH ALL FAULTS or consumables (such as fuses or batteries). This Limited Warranty is invalid if the factory-applied serial number has been altered or removed from the product. This Limited Warranty is valid only in the United States.

LIMITATION ON DAMAGES: SONY SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR BREACH OF ANY EXPRESS OR IMPLIED WARRANTY ON THIS PRODUCT

DURATION OF IMPLIED WARRANTIES: EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ANY MPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ON THIS PRODUCT IS LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages, or allow limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This Limited Warranty gives you specific legal rights and you may have other rights which vary from state to state.
