

NEW

The DCR-HC28 offers exceptional control, clarity and quality. Get in close with the 20x Optical/800x Digital Zoom. Minimizing blur is simple with built-in Super SteadyShot® technology. Easy to use and even easier to enjoy, the DCR-HC28 gives you everything you need to capture vivid video with every use.

- **1/6" Advanced HAD™ CCD Imager, 680K Pixels Gross**
1/6" Advanced HAD™ (Hole Accumulation Diode) CCD with 340K (effective) pixels provides stunning detail and clarity with exceptional video (up to 500 lines of horizontal resolution) and still image performance.
- **MiniDV Recording**
Offers up to 500 lines of horizontal resolution, 3X the color bandwidth and a significantly higher signal/noise ratio, to provide spectacular video performance.
- **20X Optical/800X Digital Zoom**
The optical zoom helps to bring the action close up from far away. In addition the Digital Zoom Interpolation means that extreme digital zooming is clearer, with less distortion than previous types of digital zooms.
- **Professional Quality Carl Zeiss® Vario-Tessar® Lens**
Carl Zeiss lenses have an advanced optical multi-layer coating that offers less glare and flare with increased contrast. This results in vivid image brilliance, true-to-life color saturation and perfect renditions of subtle tones.
- **Super SteadyShot® Picture Stabilization System**
Picture stabilization system that uses motion sensors to detect and compensate for camera "shake" without compromising picture quality like some other digital stabilization systems.
- **2.5" Touch Panel SwivelScreen™ LCD Display (123K Pixels)³**
Provides excellent viewing clarity with improved resolution. The high resolution 123K pixel LCD screen rotates up to 270 degrees for multiple viewing angles providing sharp, detailed images for monitoring or playback.
- **i.LINK® DV Interface¹**
A digital high-speed bi-directional interface which provides Audio/Video communication between two compatible devices. This connection allows for pure digital transfer between devices equipped with an IEEE1394 interface, such as camcorders, digital VTRs, capture cards and PCs.
- **InfoLITHIUM® Battery with AccuPower™ Meter System**
Charge the battery at anytime because unlike NiCad (Nickel Cadmium) batteries, Sony's rechargeable Lithium Ion batteries are not subject to a life shortening "memory effect". Sony's exclusive AccuPower™ meter displays the battery time remaining in minutes, in either the viewfinder or on the LCD screen.
- **NightShot® Plus Infrared System**
With Sony's NightShot Plus Infrared System you can capture natural looking video, even when shooting in low light. Record subjects up to 10 feet away using the built-in infrared system, but without the overall monochrome color common with earlier low-light recording systems.
- **Stamina® Battery Power Management System**
Using the optional NP-FH1000 InfoLITHIUM® Battery, the DCR-HC28 can continuously record for up to 14 hours (viewfinder) or up to 12 hours (LCD) on a single full charge, providing extra long battery life².
- **Program AE (Auto Exposure) Modes**
Program AE modes make recording easy even when filming in challenging situations. Choose from Beach & Ski, Landscape, Portrait, Sports Lesson, Spotlight or Sunset & Moon modes.
- **Picture Effects**
Get creative when recording or playing back your videos with Sony's Picture Effect Modes. Effects available in Camera mode: Mosaic and Pastel. Effects available in Playback mode: Monotone, Negative Art, Sepia, and Solarize.
- **Fader Effect(s)**
Enhance your personal videos by adding professional looking fader effects. Choose from Black, Mosaic, Monotone and White.
- **Battery Information**
At the touch of a button, battery information is displayed on the LCD screen when charging and when the camcorder is turned off. The display will show how much the battery is charged, in 10% increments and the recordable time left when using the LCD screen or in the viewfinder.
- **Manual Focus**
Allows the user to manually adjust the focus of the camcorder using the touch panel. Manual focusing also allows the user to control the focus in difficult situations where either the environment or the subject does not allow the camcorder's auto focus to perform optimally, such as when shooting through a window or in a crowded environment.
- **Easy Handycam Button**
Using a camcorder can be intimidating for some people, so with a press of the Easy Handycam button, most of the advanced features of the camcorder are "locked out" leaving only the buttons essential for recording operational.

DCR-HC28

MiniDV Handycam® Camcorder

Specifications

General

Imaging Device: 1/6" Advanced HAD™ CCD
 Pixel Gross: 680K
 Recording Media: MiniDV Cassette (sold separately)
 Recording and Playback Times: SP: up to 60 min., LP: up to 90 min.
 Video Actual: 340K Pixels
 Still Actual: N/A

Convenience

USB Streaming: N/A
 SteadyShot® Image Stabilization: Yes (Electronic)
 Accessory Shoe: N/A
 White Balance: Auto, Indoor, One-push, Outdoor
 Memory Stick PRO™ Media Compatibility: N/A
 Still Image Mode(s): N/A
 Minimum Illumination: 5 Lux (0 Lux with NightShot® Plus Infrared System)

Convenience Features

Easy Operation: Yes
 Multiple Language Display: Yes
 Remote Control: N/A
 Slide Show Mode: No
 Titling: No
 Light/Flash: N/A
 Scene Mode(s): Beach & Ski, Landscape, Portrait, Sports Lesson, SpotLight, Sunset & Moon
 Picture Effect(s): Monotone, Mosaic, Negative Art, Pastel, Sepia and Solarization
 Digital Picture Effect(s): N/A
 PictBridge Compatible: N/A
 Low Light Capability: NightShot® Plus system
 Fader Effect(s): Black, Monotone, Mosaic, White

Inputs and Outputs

LANC Terminal: N/A
 Analog Audio/Video Input(s): N/A
 Analog Audio/Video Output(s): Yes (Multi A/V)
 Digital Audio/Video Input(s): Yes (via i.LINK®)¹
 Digital Audio/Video Output(s): Yes (via i.LINK®)¹
 USB Port(s): N/A
 i.LINK® Interface: Yes
 Component Video (Y/Pb/Pr) Output(s): N/A
 Headphone Jack: N/A
 Microphone Input: N/A
 S-Video Input(s): N/A
 S-Video Output(s): Yes (optional accessory)
 HDMI™ Connection Output(s): N/A

Display

LCD Screen: 2.5" (123K Pixels)
 SwivelScreen™ LCD Display

Hardware

Viewfinder: Color (123K Pixels)
 Docking Station: N/A
 Microphone: Yes (Built-in; Stereo)

Supplied Accessories

Power Adapter/In-Camera Charger (AC-L25)
 InfoLITHIUM® Rechargeable Battery (NP-FP30)
 Stereo A/V Cable
 Lens Cap
 Enjoy Handycam DVD

Optional Accessories

High Grade A/V Cable with S-Video (VMC-30FS)

UPC Code: 027242701403
