Features

Integrated Navigation from TomTom®

The XA-NV100T GPS module features a removable TomTom® navigation module and delivers turn by turn navigation with voice guidance. TomTom is the only company to incorporate real world, real-time feedback, providing the most accurate maps available.

Preloaded Maps of US & Canada

TomTom navigation provides the most accurate maps with over 1 million more miles of road in the US than other GPS brands.

LMG³ and 1 Year Free Map Updates⁴

Latest Map Guarantee³ ensures your device has the latest maps. Simply go to tomtom.com/getstarted in the first 90 days of use to download a free update (if available). Also get 1 year of Free Map Updates using the access code included in the box⁴.

USB Connectivity

The XA-NV100T GPS module's USB output cable makes for easy connection to the XAV-701HD or XAV-601BT receivers.

My TomTom Home

My TomTom makes it easy to get new software, download new maps, access free content and more. Simply bring the exclusively designed TomTom Navigation Module from your car and connect to your computer via USB.

IQ Routes™¹

Exclusive technology evaluates routes based on actual traffic speeds, rather than posted speed limits, and will recommend the fastest route for the time of day. Using data collected from over 6 million drivers rather than just relying on posted speed limits.

Advanced Lane Guidance²

Provides extra clarity when you navigate difficult intersections or highway exits to clearly see your lane and never miss a turn. At complex intersections, get clear 3D images showing the route through the junction.

Spoken Street Names

When driving to your destination, the XA-NV100T will announce turn-by-turn directions, including street and place names.

6 Million Points of Interest

Preloaded with the locations of millions of gas stations, restaurants, hotels, hospitals and more.

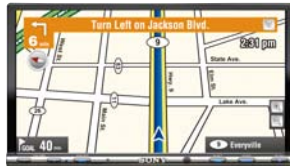

QuickGPSfix™

GPS data that predicts satellite positions and enables quicker GPS pick-up. Faster satellite pick-up means quicker start to the journey.

Help Me! Emergency resources menu

Comprehensive Help Me! menu to assist in any emergency. Quickly obtain address information to the nearest help location (hospital, police station, etc.). First aid guide also provides info on what to do if an accident occurs.

Specifications

1. Feature available in the US and Canada only.
2. Feature available in the US only.
3. One free LMG download per customer. To update, connect the GPS cartridge to tomtom.com/getstarted via PC within 90 days of first use.
