

VRD-MC5

DVDirect® MC5 Multi-Function DVD Recorder

Introducing the VRD-MC5, the next generation DVDirect DVD recorder. Transfer home video and digital photos to DVD, quickly and easily – Without a PC. Connect virtually any camcorder, VCR, even Digital Video Recorder (DVR) and record video to DVD in real time. Insert a supported memory card into the VRD-MC5 recorder and record digital pictures directly to DVD as a slideshow, or for photo storage. Transfer High Definition video in native 1080i resolution from Sony AVCHD HDD/Memory Stick Handycam® camcorders to discs that playback in Blu-ray Disc™ players. Enhanced connectivity to Sony HDD/DVD/Memory Stick Handycam camcorder family will record video to DVD at up to 6X speed and even “span” multiple DVDs if the video exceeds the capacity of a single DVD. Capability, flexibility, and ease of use make the VRD-MC5 a DVD recorder Like.No.Other.

VRD-MC5 Standard Features:

- Direct, real-time video DVD recording from virtually any camcorder, VCR, or Digital Video Recorder
- Direct, real time recording of digital photos to DVD recording from MemoryStick® Pro, MemoryStick Pro Duo,™ Secure Digital™ (SD/SDHC), Compact Flash,™ or xD™ Picture Card camera memory cards
- Preview video or up to 6 digital photos at a time using built-in 2.5” color LCD screen
- Automatic DVD menu and title creation, choose from 4 preset menu designs
- Automatic DVD chaptering every 5, 10, or 15 minutes, even stop-timer recording!
- Records on 4.7GB DVD+R/+RW and 8.5GB DVD+R Double Layer Discs
- 5 recording quality modes allow up to 12 hours of video to be recorded per disc

Unique Features When Connected to Sony Handycam® Camcorders:

- Transfer high definition video in native 1080i resolution from Sony AVCHD HDD/MemoryStick Handycam camcorders to DVD recorded in H.264 format. This allows up to 95 minutes of HD video to be recorded on a DVD playable on most Blu-ray Disc™ players*
- Record all the video from a Sony HDD/MemoryStick Handycam camcorder, just selected scenes, or only video recorded since the last DVD burn – all at up to 6X speed (60 minutes of video in about 10 minutes). Will “span” multiple DVDs as necessary
- Consolidate several mini camcorder DVDs to full size 5” DVD using Sony DVD Handycam camcorder
