Open the app and follow the instructions to pair your tracker to your account.
Get help pairing your tracker: striiv.com/customercare

5. REINSERT MODULE

Push the module into the wristband from the bottom opening.

396.0

6. YOU'RE SET!

Put the clasp end through the hole end and pinch it closed.
Put it on snugly, but not too tight.

Waking the tracker

Tap the **side** of the device **twice** quickly and firmly.

Have a small wrist?

Cut the band after the second hole and use the optional band loop to secure it.

Important note

Do not submerge the tracker, or wear it in the shower.

FCC Statement
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
