

re-setting camera to factory default:

Step 1: Make sure Camera is powered ON.

Step 2: Insert paperclip into reset button.

Step 3: Press and hold down reset button for 3 seconds until camera powers OFF.

Step 4: To continue using, enter the default password labeled on the product.

power off camera:

Hold down the Power button for 1 second and release. Green LED will then turn OFF.

troubleshooting tips:

No Picture or sound

- Move closer to camera to get a connection
- Make sure camera is powered on. LED will turn green for power ON.
- Make sure you are connected to camera network.

Cannot connect to camera

- Make sure password is entered correctly when in WiFi settings.
- Press the reset button located on back of your Liv Cam. See Resetting Camera to factory default.

Camera not powering on

- Make sure camera is fully charged before each use.
- Plug adaptor into camera to turn on. Allow for camera to charge for 1 hr and unplug to see if camera will still operate on battery power.
- For additional assistance, contact a Summer Infant Consumer Representative at 1-800-268-6237.

APP stuck on home screen when launching

- If your device is connected to the camera, force close the Liv Cam app, turn off your device's WiFi and then turn back on within 3 secs. Reconnect to your camera and re-launch your Liv Cam APP.

Summer Infant, Inc. Monitor Warranty Policy

Summer Infant, Inc. will repair or replace (at our option) your unit free of charge for 12 months from the date of purchase if the unit is defective in workmanship or materials. To claim your repair/replacement, the product must be returned to Summer Infant along with a copy of the original purchase receipt. In the absence of the purchase receipt, the warranty will be 12 months from the date of manufacture. This warranty does not apply to normal wear or damage from misuse, abuse, improper storage and handling, installation, accident, unauthorized repair or alteration. Please contact our Customer Service Department by phone at 1-800-268-6237 or via e-mail at www.summerinfant.com/contact for details.

For sale and use in the USA and CANADA. The warranty is null and void if used outside its intended territory.

FCC Information

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CAUTION: Changes or modifications not expressly approved by Summer Infant may void the users authority to operate this equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiver
- Increase the separation between the equipment and the receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

CAUTION: 1.The product comply with the US portable RF exposure limit set forth for an uncontrolled environment and are safe for intended operation as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available. 2. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

The product complies with the US portable RF exposure limit set forth for an uncontrolled environment and are safe for intended operation as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.

IC Caution

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference, and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Radiation Exposure Statement:

The product comply with the Canada portable RF exposure limit set forth for an uncontrolled environment and are safe for intended operation as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.

Remarque d'Industrie Canada

Cet appareil répond aux normes relatives aux appareils radio exempts de licence d'Industrie Canada. Son fonctionnement est soumis aux deux conditions suivantes :

- (1) cet appareil ne doit pas causer d'interférences nuisibles, et
- (2) il doit accepter toute autre interférence reçue, y compris les interférences pouvant entraîner un fonctionnement indésirable.

Déclaration d'exposition aux radiations:

Le produit est conforme aux limites d'exposition pour les appareils portables RF pour les Etats-Unis et le Canada établies pour un environnement non contrôlé. Le produit est sûr pour un fonctionnement tel que décrit dans ce manuel. La réduction aux expositions RF peut être augmentée si l'appareil peut être conservé aussi loin que possible du corps de l'utilisateur ou que le dispositif est réglé sur la puissance de sortie la plus faible si une telle fonction est disponible.
