Portable USB Digital and Analogue TV Tuner™

on Your PC or Notebook Computer

Just plug-in to your USB port

The Swann Portable USB Digital TV Tuner™ features convenient TV viewing & recording via your PC or Notebook's USB port for exceptional HD video quality. The application software supports Time Shifting, MPEG-2 recording capabilities, video editing and AVI to MPEG-2 file conversions for convenient TV viewing/capturing entertainment via the on-screen display menu with a host of other amazing features bundled with your USB Digital Tuner.

Designed to easily turn your computer into a TV and digital recording device! The Swann Digital USB Digital TV tuner™ simply connects to your USB port and can play High Definition Digital TV and radio. You'll be able to schedule and even record your favourite TV programs to your hard drive (in high definition) when you're unable to watch them.

This device is also great for families who need an "extra TV" and also a great portable solution for TV on the go.

TV / Video display

- Full motion display up to 30fps
- Resizable video window from free size to full screen
- Full screen display: Max. resolution up to 720x576
- Support for overlay mode to get the best quality
