

Hydra (WSAP-5030)

and

FCC RF Exposure

FCC ID: H9PWSAP5030.

The User Guide for the WSAP5030 will be amended as follows:

Delete:

“It is advisable to use the device only in the normal operating position and it is recommended that no part of the human body be allowed to come too close to the antenna during operation of the equipment”.

Add:

“It is advisable to use the device only in the normal operating position”.

Maintain:

“To comply with FCC RF exposure requirements, antennas that are mounted externally at remote locations or operating near users at stand-alone desktop of similar configurations must operate with a minimum separation distance of 20 cm from all persons”

I trust the information I have provided will enable an FCC Grant to be obtained.
