

## AXM-507 Mouse User Manual

### AXM-507 User's Guide

#### ***1. Connecting with Computer:***

Take out this mouse from the packing. Open the afterbody of the mouse, take the receiver out. Plug the Receiver into the PC USB Port. Under Win2000 or higher, wait for the OS to detect the RF device. Under Windows 98 or lower installation of driver for the device is necessary.

#### ***2. Inserting Batteries:***

- A. Push the battery cover compartment backwards and open it.
- B. Insert 2 AAA batteries Into compartment with correct orientation.

- C. Slide the battery cover into the compartment and close the cover.

#### ***3. ID Link:***

When Factory ID has been changed or wish to be changed, link ID as below:

- A. Press the ID button on the top of the receiver and the led on it starts blinking.

- B. Press the ID button on the bottom of the mouse. If blinking of that led turns faster, ID Link is OK.

**Warning ! ID linking should be completed within 10 seconds or connection would be failed.**

#### ***4. use of special buttons***

Press the button on the bottom,

then you can change the housing of the mouse which you like.
