

alcatel 1T 7

QUICK START GUIDE

Fully charge your device for the first time use.

Open the slot and insert the SD card.

Home screen

You can move frequently used items (applications, shortcuts, folders and widgets) to your Home screen for quick access. Touch the **Home** key to switch to the Home screen.

Status bar

- Status/Notification indicators
- Touch and drag down to open the notification panel.

Search bar

- Touch Google search bar ❶ to enter text search screen.
- Touch microphone icon ❷ to enter voice search screen.

Touch an icon to open an application, folder, etc.

Touch to display application list.

Favorites tray applications

- Touch to enter the application.
- Long press to move or change applications.

The Home screen is provided in an extended format to allow more space for adding application icons, shortcuts etc. Slide the Home screen horizontally left and right to get additional view.

1.1 Status bar

In the status bar, you can see the notifications on the left side and the connection service status on the right side.

Swipe downward from the **Status bar** to access the Notification panel or the Quick Settings panel. To close the panel, touch and drag upward.

Touch this icon to display the Quick settings panel.

Touch to clear all event-based notifications. On-going notifications will remain on the panel.

Notification panel

When there are notifications, you can touch them to view more information.

Quick settings panel

Swipe down from the status bar twice to open the Quick settings panel. Then enable or disable functions or change modes by touching the icons.

Touch to access tablet settings, where you can make changes to more functions.

Touch to edit your profile.

2 Gmail

Gmail is a Google web-based email service. When you first set up your tablet, it is automatically synchronised with your Gmail account. With this app, you can receive and send email, manage your email, and archive your email, etc.

To open Gmail

From the Home screen, touch the Gmail icon.

Gmail displays messages and conversations from one single Gmail account at a time. If you own more than one account, you can add an account by touching the Menu button  and then the down arrow  after your account name from the Inbox screen, then touch **Add account**. When finished, you can switch to another account by touching the name of the account you want to view.

To create and send emails

- 1 Touch the Edit button  from the Inbox screen.
- 2 Enter the recipient(s)'s email address in "To" field.
- 3 To add Copy or Blind copy, touch the down arrow button  and enter the email address in the Cc or Bcc line.
- 4 Enter the subject and the content of the message.
- 5 Touch the Attach button  icon and select **Attach file** to add an attachment.
- 6 Finally, touch the Send button  to send.
- 7 If you do not want to send the email out right away, you can touch the Menu overflow button  and then touch **Save draft**. To view the draft later, touch the Menu button and select the **Drafts** folder. Touch the draft email and then the Edit button to open it.

3 Getting connected

To connect to the Internet with this device, you will need to have an internet connection via Wi-Fi.

3.1 Connecting to the Internet

3.1.1 Wi-Fi

The tablet can also be connected to a Wi-Fi internet service. This can be used without a SIM card or Cellular Data service.

To turn Wi-Fi on and connect to a Wi-Fi network

- Go to **Settings > Network & Internet > Wi-Fi**.
- Touch a Wi-Fi network to connect. If the network you selected is a secured network, you will need to enter a password or other credentials. When finished, touch **CONNECT**.
- For hidden network, touch the Overflow Menu button in the upper right and select **Add network**. Enter the SSID of the network, password and its secured credentials. Then, touch **SAVE**.
