**NOTE:** Devices and software are constantly evolving – the screen images and icons you see here are for reference only.

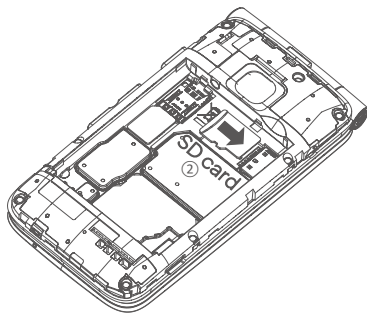

## Setting up your phone

Your phone already has a NANO SIM card installed.

Micro SD cards (up to 32GB) may be purchased separately.

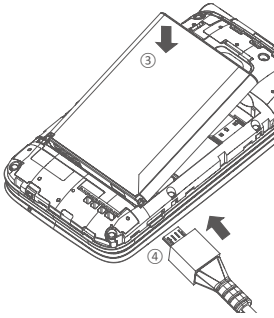

- ① Removing the back cover: With the phone facing down, use your fingernail to carefully lift away the back cover from the phone body.

- ② To insert MicroSD card, push the MicroSD card into the card slot with the gold-colored contacts facing down.

To remove the MicroSD card, push down the plastic spring and pull the MicroSD card out.

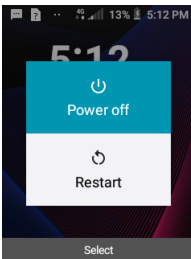

- ③ Install by aligning the contacts on phone and battery. It only fits one way. Press down to snap in place.
- ④ Plug in USB connector to phone and AC power adapter to wall outlet to charge phone battery.

Carefully align the back cover with tabs and press into place. It only fits one direction

## Power on/off your phone

To power on your phone, long press the End key.

To power off your phone, long press the End key, then press the Center soft key **OK**.

# Additional information

## Your wireless device and third-party services

Verizon Wireless is the mobile carrier associated with this wireless device, but many services and features offered through this device are provided by or in conjunction with third parties. Verizon Wireless is not responsible for your use of this device or any non-Verizon Wireless applications, services and products, including any personal information you choose to use, submit or share with others. Specific third-party terms and conditions, terms of use and privacy policies apply. Please review carefully all applicable terms, conditions and policies prior to using this wireless device and any associated application, product or service.

## Hearing aid compatibility information

This phone has been tested and rated for use with hearing aids for some of the wireless technologies that it uses. However, there may be some newer technologies that have not been tested yet for use with hearing aids. It is important to try the different features of this phone thoroughly and in different locations, using your hearing aid or cochlear implant, to determine if you hear any interfering noise. Ask your service provider or the manufacturer of this phone for information on hearing aid compatibility. If you have questions about return or exchange policies, ask your service provider or phone retailer.
