Bluetooth Speaker
INSTRUCTION MANUAL

Please read all instructions carefully & retain for future use.

Getting Started

Remove product from packaging. Read instructions carefully before using the product and retain them for future reference. Retain the packaging to store the product, or dispose of (or recycle it) safely and properly.

In the Box

- * Bluetooth Speaker
- * USB charging cable
- * 3.5mm audio connection cable
- * Instruction manual

Features

- * Stream audio wirelessly from Bluetooth devices (or connect via a 3.5mm audio jack)
- * Answer and make calls with the built-in microphone (requires connection with a cellular phone)
- * Delivers deep, rich sound from a portable and compact design
- * Built-in battery can be recharged over USB

Instructions for Use

Charging the internal battery –

Fully charge the unit before use.
Connect the USB cord to the port on the back of the speaker and insert the other end into a port on your computer or other suitable USB outlet. The LED on the side will show that the battery is charging. It will take 2-3 hours to fully charge the Battery.

LED indicator –

- * LED off – Power off
- * Flashing BLUE – Power ON
- * Flashing BLUE – Pairing mode
- * RED – Battery is recharging

Place speaker in Bluetooth Pairing mode -

- * Slide the ON/OFF switch to the ON position to power on your speaker.
- * Wait 2-3 seconds until the LED light flashes red and blue. The speaker is now ready to be paired with another device.

Note: The speaker will remain in pairing mode for 1 minute. To place the unit in pairing mode again, simply turn the speaker off and then on again using the switch on the back of the unit.

Pairing a Bluetooth device with your speaker -

Your wireless speaker can stream audio from any Bluetooth-enabled device within 10m (33 feet). Simply follow the steps below:

- Turn the speaker on to place it in Pairing mode.
- Set your phone, tablet or other device to search for Bluetooth devices (i.e., the speaker).
- When the speaker is found, select it from the list.
- When the pairing process is complete, the LED will light a steady blue.

Taking calls on your speaker (when connected to a phone) -

- * If you are listening to music from your phone, the music will automatically pause.
- Press " " to pick up the call.
- During a call: Press " " again to hang up the call.
- You may also answer/end calls by using your phone as you would normally.

Controlling music playback when connected via Bluetooth -

- Once your Bluetooth audio source is successfully paired to your Bluetooth Speaker any music played will automatically be heard through your speaker.
- Press " " to play/pause the audio.
- Press and hold the " " button to lower the volume level of the unit. Tap this button to go to the last track in a playlist.
- Press and hold the " " button to raise the volume level of the unit. Tap this button to go to the next track in a playlist.
