Bluetooth Headset User Manual

1. Getting Started

   Charge the headset using the adapter. It takes 2 to 2.5 hours to fully recharge the battery

2. Pairing

   Press and hold the ON/OFF button until you hear two short low tones.

   The headset indicator light flashes green and red, indicating the pairing mode is on.

   The default ID Code is "1111".

3. Turn the headset on

   Press and hold the ON/OFF button until you hear a short tone.

   The headset indicator light flashes green, indicating the pairing mode is on. If the battery is low, the light flashes red.

4. Turn the headset off

   Press and hold the button key until you hear a short low tone following a short high tone.

   The headset indicator light is switched off.

5. Adjusting the volume

   To increase the volume, press the "+" button

   To decrease the volume, press the "-" button

6. Making a call

   Enter the number on the mobile keypad.

   When the call has been set up, the voice will be transferred to headset.

   End the call by pressing the ON/OFF button.

7. Answering calls

   When the headset rings, press the ON/OFF button.

   End the call by pressing the ON/OFF button.
