PRODUCT OVERVIEW

You can use this item with iPad®, iPhone®, iPod® and many types of smartphones to stream music and enjoy handsfree calling. In order to get the best results when using this device, please read this manual first before using. This unit has IPX 7 rating: Protected against water immersion for 30 minutes at a depth of one meter.

PAIRING

- PAIRING

 1. Make sure your Bluetooth® audio source is held within 10 metres of your speaker.

 2. Press and hold the "Power ON/OFF" button for about one second to turn the speaker ON. The Bluetooth® blue LED indicator will blink slowly and the voice prompt will say, "Power ON" and "Pairing", then the Bluetooth® blue LED indicator will blink quickly.

 3. Enable your Bluetooth® device and make sure it is in searching mode.

 4. Select "HR Urban-L" from the list of discovered Bluetooth® devices on your mobile phone. The voice prompt will say, "Your device is connected". Once paired the blue LED will turn colid.
- solid
- You can now listen to your music or make/receive telephone calls on the speaker.
- To increase or decrease the volume while playing music, press the "Volume-" or "Volume+" buttons.

Outrons.

7. To turn the speaker OFF hold the "Power ON/OFF" button for about one second. The voice prompt will say, "Power off".

Tip: The next time you switch the speaker ON it will connect automatically; as long as your Bluetooth® function is switched ON on your audio device. The voice prompt will say, "Power on", while the blue LED indicator will blink slowly, then the voice prompt will say "Your device is connected" and the blue LED indicator will turn solid blue.

When you disconnect the speaker while paired, the blue LED light will start to blink quickly and the voice prompt will say, "Your device is disconnected." The speaker has entered into pairing mode. If there is no device paired within 5 minutes, the speaker will turn OFF.

PAIRING BY ONE-TOUCH CONNECTION WITH NFC

- Enable the NFC function on your device.
 Use your NFC enabled device and touch the NFC logo on the speaker.
- Confirm the NFC connection on your device. This will vary depending on your device, check your device manual for compatibility.
 After paired, the speaker voice prompt will say, "Your device is connected".

CHARGING

This speaker has a built-in rechargeable Li-Ion battery. Fully charge the speaker before first use. Charge the battery as follows:

- Connect one end of the included USB charging cable to the charging port on your speaker. Then plug the other end of the USB charging cable into a suitable port on your computer or 5V/2A power adapter (sold separately).

 The three side white LED lights will turn ON to indicate that the unit is charging. When the

charge is complete the white LED lights will be solid.

3. It will take about 8 hours to fully charge the speaker by PC USB port.

Tip: When the battery is low the voice prompt will say "Battery Low" every 5 minutes to warn that the speaker needs to be recharged. After approximately 15 minutes, if the speaker does not get recharged, the speaker will turn off and the voice prompt will say, "Power off."

CHARGING OUT/INTERNAL POWER BANK

- 1. The unit has a charging out feature to support your portable devices with a back-up power

2. Connect your portable device by its charging cable to the USB jack.
3. Power bank function works only when the speaker is powered ON.
*This product is designed for charging portable devices with a charging current of 1A or lower. Charging tablets or other high power portable devices is not recommended and may damage the speaker.

HANDSFREE SPEAKERPHONE

When a smartphone is connected to your speaker follow the steps below to take calls

- If there is an incoming call while streaming music, the speaker will beep to notify the call.
 Short press the "Play/Pause" button to pick up the call; short press the "Play/Pause"
- button again to hang up the call.

 3. Press and hold the "Play/Pause" button for one second to reject the call.

1. Use the supplied 3.5mm cable to connect the speaker directly to your device. Tip: Once LINE-IN is connected, note that Bluetooth® function takes priority. In order to play music from LINE-IN, ensure Bluetooth® function is disabled. Both modes will play until one has been disabled.

TO PLAY MUSIC FROM YOUR PC OR LAPTOP

To pair your PC or laptop to the speaker, right-click on the speaker icon on the lower right hand corner of the task bar, select "Playback devices". Under the "Playback" tab, the paired device will show within the list. To connect to it, click on the speaker to set it as default.
