

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Safety Precautions

Please read the following carefully before using the Wireless Charging Pad. Incorrect use or incompatibility with device may result in reduced battery performance or damage to your device.

- Do not attempt to charge Wireless Charging Pad using any method, apparatus or connection other than the charging pad's charging port
- Make sure the cable is securely connected
- Do not leave the product in a humid or high temperature environment for an extended period of time (storage temperature: 0°F - 140°F)
- Keep the product out of direct sunlight

QMADIX

SPECIFICATIONS / PRESUPUESTO

Input / Entrada	5V/2A
Output / Salida	5V/1A
Power / Energía	5 W

Incluye

- Base de Carga Inalámbrica
- Cable de carga
- Manual de usuario

Precauciones de seguridad

Lee cuidadosamente las siguientes precauciones antes de usar la Base de Carga Inalámbrica. Un uso incorrecto o la incompatibilidad con el aparato podrían reducir el rendimiento de la batería o provocar daños a tu aparato.

- No intentes cargar la Base de Carga Inalámbrica mediante ningún método, instrumento o conexión a excepción del puerto del aparato
- Asegúrate de que el cable esté conectado firmemente
- Evita dejar el producto por largos períodos en un ambiente de alta temperatura o humedad (temperatura de almacenamiento: 0°F - 140°F)
- Mantén el producto lejos de la luz solar directa
