

Sunpak 9002TM Tri-Monopod

Highlights

The 9002TM is one in a new line of Sunpak Tri-Monopods which allows the photographer to have greater usefulness without carrying extra equipment. Tri-Monopods can be set up as full size tripods or can be used as a monopod if the situation arises. The 9002TM is designed for today's latest DSLR cameras with large zoom lenses. Some of the features that it offers include a 3-way fluid-effect pan head with quick release plate, built-in bubble level, leg braces for added stability and rubber feet with retractable leg spikes. This tripod comes with a limited lifetime warranty.
