

**Play Fusion**  
Manufactured by TOMY  
Color and contents may vary. All Rights Reserved.  
Toys made in China. Cards made in Belgium.  
Please retain all product information for future reference.  
**IMPORTANT:** Remove any plastic attachments and packaging before giving to children.  
Conforms to the safety requirements of ASTM F963.

**IMPORTANT:**  
• The FusionCore contains a built-in, non-replaceable lithium-ion battery (3.7 V, 200mAh). Lithium-ion batteries deteriorate and their life span will shorten after repeated use. This is not a malfunction of the product.  
• Regularly inspect the toy for any damage to the USB port, enclosure, or other parts.  
• Proper disposal of lithium-ion battery: When disposing the lithium ion battery, use the slash of the FusionCore to the "O" position and dispose of the entire FusionCore by taking it to a recycling center or hazardous waste disposal facility. Note that the electronic function of the figure will no longer work once the FusionCore is removed.  
• If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from a battery comes into contact with your eyes, immediately flush thoroughly with water and see a doctor.

**BATTERY CHARGING**

- When the FusionCore power level gets low, the Power Indicator Lights on the FusionCore will begin to flash at increasingly rapid intervals.
- To charge your FusionCore, connect the micro USB charging cable to the FusionCore's USB port. Connect the other end to a powered USB port.
- While charging, the Power Indicator Lights will flash. The battery is fully charged when light stops flashing and stays on.
- When the battery is charged and the USB is disconnected, the Power Indicator Lights will turn off.

**U.S. FCC Warning:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference, and  
(2) This device must accept any interference received, including interference that may cause undesired operation.

**EMC DECLARATION OF CONFORMITY**  
TOMY hereby declares that "Lightseekers FusionCore" is in conformity with the relevant community harmonized registration as detailed below:  
2009/48/EC, (EC) No 1907/2006, 2006/66/EC, 2014/53/EU, EN11, EN62115, EN55014-1, EN55014-2, EN60950-1, EN62368-1.  
This declaration of conformity is issued under the sole responsibility of TOMY (the manufacturer).

**GETTING STARTED**

- 1 Install the Lightseekers game on your mobile device: [lightseekers.com/download](http://lightseekers.com/download)
  - 2 Enable Bluetooth on your mobile device.
  - 3 Launch Lightseekers game.
  - 4 Remove the back cover from your Hero and insert your FusionCore.
  - 5 Turn on the FusionCore by moving the ON/OFF switch to the "I" position.
  - 6 Pair your Hero with the Lightseekers game using the in-game prompts.
  - 7 Your Hero will instantly appear in the game and light up.
  - 8 Place your weapon securely in either of your Hero's hands. The weapon will light up and instantly appear in the game.
  - 9 To remove the weapon, pull and hold the release lever in the direction of the weapon, then remove the weapon from your Hero's hand.
- 

**USING YOUR CARDS**

Using the camera icon in the Lightseekers game, scan the included AR trading cards for in-game bonuses and augmented reality effects. These cards can also be played in the Lightseekers Trading Card Game.

- **1 HERO CARD** – Exclusive to the starter pack. This card represents the Hero you've chosen and offers AR effects and rewards.
- **1 ITEM CARD** – Exclusive to the starter pack. This card represents your Hero's weapon and offers AR effects and unlocks.
- **3 COMBO CARDS** – Scan for AR effects, unlocks, and powerful in-game abilities.
- **1 TRIBUTE CARD** – Scan your unique card and share it with your friends. The more you share it, the more powerful it becomes.

**TROUBLESHOOTING TIPS**

- If your Hero does not pair with the game, check that your FusionCore is charged and inserted fully into the back of your Hero.
- If your weapon isn't registering, check that it is properly connected into the port on the Hero's hand.
- For additional troubleshooting tips and gameplay information, visit [lightseekers.com](http://lightseekers.com)
- To return your FusionCore to its factory settings set the On/Off switch to the "I" position while holding both trigger buttons down. Keep the trigger buttons held until a tone is heard. This will take 10 seconds and the lights on the FusionCore will stay on throughout. Set the On/Off switch "O" and then "I" again and your FusionCore will be reset.
- For product related issues, contact Customer Support at: [cs@tomy.com](mailto:cs@tomy.com) or 1-800-704-8697
