Preface: 9Klr Series Color Monitor

[About This Guide](#) • [Notational Conventions](#)

About This Guide

This guide is intended for anyone who uses the AOC 9Klr Series Color Monitor. It describes the monitor's features, setup, and operation.

The sections are as follows:

- [Safety Instructions](#) lists safety information.
- [Introduction](#) gives an overview of the monitor's features and provides an orientation to the monitor.
- [Setup](#) describes the initial setup process.
- [Using the Monitor](#) gives an overview of how to use the monitor.
- [Drivers](#) provides driver installation instructions for Windows.
- [Troubleshooting](#) provides tips and solutions for common problems.
- [Specifications](#) lists the technical specifications of the monitor.
- [FCC Notice](#) FCC Class B statement.
- [Warranty](#) describes the warranty information for this product.
- [*Product Registration](#) lets you register your product.

*Requires Internet connection.

Notational Conventions

The following subsections describe notational conventions used in this document.

Notes, Cautions, and Warnings

Throughout this guide, blocks of text may be accompanied by an icon and printed in bold type or in italic type. These blocks are notes, cautions, and warnings, and they are used as follows:

 **NOTE:** A NOTE indicates important information that helps you make better use of your computer system.

 **CAUTION:** A CAUTION indicates either potential damage to hardware or loss of data and tells you how to avoid the problem.

▲ WARNING: A WARNING indicates the potential for bodily harm and tells you how to avoid the problem.

Some warnings may appear in alternate formats and may be unaccompanied by an icon. In such cases, the specific presentation of the warning is mandated by regulatory authority.

Precautions: AOC 9Klr Series Color Monitor

 **WARNING: Use of controls, adjustments, or procedures other than those specified in this documentation may result in exposure to shock, electrical hazards, and/or mechanical hazards.**

Read and follow these precautions when connecting and using your computer monitor:

PRECAUTIONS

- Do not use the monitor near water, e.g. near a bathtub, washbowl, kitchen sink, laundry tub, swimming pool or in a wet basement.
- Do not place the monitor on an unstable cart, stand, or table. If the monitor falls, it can injure a person and cause serious damage to the appliance. Use only a cart or stand recommended by the manufacturer or sold with the monitor. If you mount the monitor on a wall or shelf, use a mounting kit approved by the manufacturer and follow the kit instructions.
- Slots and openings in the back and bottom of the cabinet are provided for ventilation. To ensure reliable operation of the monitor and to protect it from overheating, be sure these openings are not blocked or covered. Do not place the monitor on a bed, sofa, rug, or similar surface. Do not place the monitor near or over a radiator or heat register. Do not place the monitor in a bookcase or cabinet unless proper ventilation is provided.
- The monitor should be operated only from the type of power source indicated on the label. If you are not sure of the type of power supplied to your home, consult your dealer or local power company.
- The monitor is equipped with a three-pronged grounded plug, a plug with a third (grounding) pin. This plug will fit only into a grounded power outlet as a safety feature. If your outlet does not accommodate the three-wire plug, have an electrician install the correct outlet, or use an adapter to ground the appliance safely. Do not defeat the safety purpose of the grounded plug.
- Unplug the unit during a lightning storm or when it will not be used for long periods of time. This will protect the monitor from damage due to power surges.
- Do not overload power strips and extension cords. Overloading can result in fire or electric shock.

- Never push any object into the slot on the monitor cabinet. It could short circuit parts causing a fire or electric shock. Never spill liquids on the monitor.
- Do not attempt to service the monitor yourself; opening or removing covers can expose you to dangerous voltages and other hazards. Please refer all servicing to qualified service personnel.
- To ensure satisfactory operation, use the monitor only with UL listed computers which have appropriate configured receptacles marked between 100 - 240V AC, Min. 2.5A.
- The wall socket shall be installed near the equipment and shall be easily accessible.
- Attention: Disconnect the power cord to stop the power supply to the monitor.

Introduction: AOC 9Klr Series Color Monitor

[Overview](#) • [Photos](#)

Overview

Congratulations on purchasing the **AOC 9Klr Series** 19-inch color monitor. This monitor displays sharp and brilliant images at an optimal resolution of 1280x1024 pixels. The maximum resolution of this monitor is 1600x1200 pixels. The AOC 9Klr Series was designed for a wide variety of users ranging from home and small office to large corporate environments. Customers requiring exceptional quality and reliability at an affordable price will appreciate the value that the AOC 9Klr Series delivers.

For more details see [Specifications](#) Section.

Plug and Play DDC1/2B Feature

Plug & Play DDC1/2B Feature

This monitor is equipped with VESA DDC1/2B capabilities according to the VESA DDC STANDARD. It allows the monitor to inform the host system of its identity and, depending on the level of DDC used, communicate additional information about its display capabilities. The communication channel is defined in two levels, DDC1 and DDC2B.

The DDC1 is a unidirectional data channel from the display to the host that continuously transmits EDID information. The DDC2B is a bi-directional data channel based on the I²C protocol. The host can request EDID information over the DDC2B channel.

Tilt/Swivel Base: AOC 9Klr Series Color Monitor

- [Attaching the Tilt/Swivel Base](#) • [Removing the Tilt/Swivel Base](#)
-

Tilt/Swivel Base

With the Tilt/Swivel, you can tilt and/or swivel the monitor for the most comfortable viewing angle.

Note: This monitor is shipped with the tilt/swivel base detached.

Attaching the Tilt Swivel Base

1. Turn off the monitor and unplug it from the electrical outlet.
2. Place the monitor upside-down on a padded, flat work surface.

3. Align the tabs on the swivel base with the corresponding slots on the bottom of the monitor.

☒ *NOTE: The base will align with the monitor slots in only one position.*

4. Press the swivel base onto the monitor until the tabs are fully engaged in the slots, and then push the swivel base toward the front of the monitor until the release latch clicks into the locked position.

Removing the Tilt Swivel Base

1. Place the monitor upside-down on a stable, flat work surface.
2. Push release latch on the bottom of the rear cabinet.

And push the swivel base toward the back of the monitor at the same time and lift up to remove the base.

⚠ CAUTION: Be careful to avoid pinching or scraping fingers when removing the tilt/swivel base.

Attaching the Cables: AOC 9Klr Series Color Monitor

Cable Connections On Back of Monitor and Computer

1. Turn off your computer and unplug its power cable.
2. Connect the connector of signal cable to the blue video port on the back of your computer
3. Connect the power cable for your monitor to the power port on the back of the monitor.
4. Plug the power cables of your computer and your monitor into a nearby outlet.
5. Turn on your monitor and computer.

If your monitor displays an image, installation is complete. If it does not display an image, see [Troubleshooting](#).

[Back to Contents Page](#)

Installing Drivers: AOC Color Monitor

Please note that monitor drivers do not control the number of colors you can display in Windows. They only enable Windows to recognize the maximum resolution and refresh rate of your monitor. If you are having problems displaying more than 16 colors in Windows, you need to install a driver for your Video Card. Contact your Video Card or Computer maker for help.

[Windows 95](#) • [Windows 98](#) • [Windows ME & 2000](#)

Windows 95

1. Click **START**.
2. Click **SETTINGS**.
3. Select **CONTROL PANEL**.
4. From the **CONTROL PANEL**, double click the **DISPLAY** icon.
5. From the Display Properties Window, select the **SETTINGS** tab.
6. Click **CHANGE DISPLAY TYPE** or **ADVANCED PROPERTIES**.
7. Select **MONITOR** & Click **CHANGE**.
8. Click **HAVE DISK**.
9. Enter "D:\ENGLISH\DRIVERS" (where "D" is the driver letter of your CD ROM drive) in the space provided.
10. Click **OK**.
11. Double click your monitor's **MODEL NUMBER**.
12. Click **OK** and then Click **CLOSE**.

[Back To Top](#)

Windows 98

1. Click **START**.
2. Select **SETTINGS**.
3. Select **CONTROL PANEL**.
4. From the **CONTROL PANEL**, double click the **DISPLAY** icon.
5. From the Display Properties Window, select the **SETTINGS** tab.
6. Click the **ADVANCED** button.
7. Click the **MONITOR** tab.
8. Click **CHANGE**.

If the "Update Device Driver Wizard" appears on the screen, follow steps 9, 10, & 11 otherwise skip to step 12.

9. Click **NEXT**.
10. Select "Display all the drivers in a specific location, so you can select the driver you want".
11. Click **NEXT**.
12. Click **HAVE DISK**.
13. Enter "**D:\ENGLISHDRIVERS**" (where "D" is the driver letter of your CD ROM drive) in the space provided.
14. Click **OK**.
15. Make sure that the line "**SHOW ALL HARDWARE**" is the one that is selected from the two available choices. Double click the model from the list provided that matches the **MODEL** of your monitor.
16. Click **NEXT**.
17. Click **FINISH**.
18. Click **CLOSE**.
19. Click **OK**.

[Back To Top](#)

Windows ME & 2000

1. Click **START**.
2. Click **SETTINGS**.
3. Select **CONTROL PANEL**.

TECHNICAL SUPPORT (FAQ)

Problem & Question	Possible Solutions
Power LED Is Not ON	<ul style="list-style-type: none"> • Make sure the power button is ON and the Power Cord is properly connected to a grounded power outlet and to the monitor.
No Plug & Play	<ul style="list-style-type: none"> • In order for the Plug & Play feature of the monitor to work, you need a Plug & Play compatible computer & video card. Check with your computer manufacturer. Also check the monitor's video cable and make sure none of the pins are bent. • Make sure the AOC Monitor Drivers are installed (AOC Monitor Drivers are available at : http://www.aoc-europe.com)
Picture Is Fuzzy & Has Ghosting Shadowing Problem	<ul style="list-style-type: none"> • Adjust the Contrast and Brightness Controls. • Make sure you are not using an extension cable or switch box. We recommend plugging the monitor directly to the video card output connector on the back of your computer.

<p>Picture Bounces, Flickers Or Wave Pattern Is Present In The Picture</p>	<ul style="list-style-type: none"> • Move electrical devices that may cause electrical interference as far away from the monitor as possible. • Use the maximum refresh rate your monitor is capable of at the resolution your are using.
<p>Monitor Is Stuck In "Active Off-Mode"</p>	<ul style="list-style-type: none"> • The Computer Power Switch should be in the ON position. • The Computer Video Card should be snugly seated in its slot. • Make sure the monitor's video cable is properly connected to the computer. • Inspect the monitor's video cable and make sure none of the pins are bent. • Make sure your computer is operational by hitting the CAPS LOCK key on the keyboard while observing the CAPS LOCK LED. The LED should either turn ON or OFF after hitting the CAPS LOCK key.
<p>Missing one of the primary colors (RED, GREEN, or BLUE)</p>	<ul style="list-style-type: none"> • Inspect the monitor's video cable and make sure that none of the pins are bent. • Make sure the monitor's video cable is properly connected to the computer.

FCC Class B Statement: AOC Color Monitor

FCC Class B Radio Frequency Interference Statement WARNING: (FOR FCC CERTIFIED MODELS)

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.

NOTICE :

1. The changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
 2. Shielded interface cables and AC power cord, if any, must be used in order to comply with the emission limits.
 3. The manufacturer is not responsible for any radio or TV interference caused by unauthorized modification to this equipment. It is the responsibilities of the user to correct such interference.

Warranty Statement

LIMITED THREE-YEAR WARRANTY*

AOC Spectrum Color Monitors sold within Europe

AOC International (Europe) GmbH warrants this product to be free from defects in material and workmanship for a period of Three (3) years after the original date of consumer purchase. During this period, AOC International (Europe) GmbH will, at its option, either repair the defective product with new or rebuilt parts, or replace it with a new or rebuilt product at no charge except as *stated below. The defective products that are replaced become the property of AOC International (Europe) GmbH.

If the product appears to be defective, please contact your local dealer or refer to the warranty card when attached to the product.

Deliver the product freight pre-paid, along with the dated proof of purchase, to the AOC Authorized Service Center. If you cannot deliver the product in person:

- Pack it in its original shipping container (or equivalent)
- Put the RMA number on the address label
- Put the RMA number on the shipping carton
- Insure it (or assume the risk of loss/damage during shipment)
- Pay all shipping charges

AOC International (Europe) GmbH is responsible neither for any damage or loss during inbound transport damage nor to inbound product that was not properly packaged.

AOC International (Europe) GmbH will pay the return shipping charges within one of the countries specified within this warranty statement. AOC International (Europe) GmbH is not responsible for any costs associated with the transportation of product across international borders. This includes the international border within the European Union.

* This limited warranty does not cover any losses or damages that occur as a result of

- Shipping or improper installation or maintenance
- Misuse
- Neglect
- Any cause other than ordinary commercial or industrial application
- Adjustment by non-authorized source
- Repair, modification, or installation of options or parts by anyone other than an AOC Authorized Service

Center

- Improper environment
- Excessive or inadequate heating or air conditioning or electrical powers failures, surges, or other irregularities

This limited warranty does not cover any of the product firmware or hardware that you or any third party have modified or altered; you bear the sole responsibility and liability for any such modification or alteration.

ALL EXPRESS AND IMPLIED WARRANTIES FOR THIS PRODUCT (INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE) ARE LIMITED IN DURATION TO A PERIOD OF THREE (3) YEARS FOR PARTS AND LABOR FROM THE ORIGINAL DATE OF CONSUMER PURCHASE. NO WARRANTIES (EITHER EXPRESSED OR IMPLIED) APPLY AFTER THIS PERIOD.

AOC INTERNATIONAL (EUROPE) GMBH OBLIGATIONS AND YOUR REMEDIES HEREUNDER ARE SOLELY AND EXCLUSIVELY AS STATED HERE. AOC INTERNATIONAL (EUROPE) GMBH LIABILITY, WHETHER BASED ON CONTRACT, TORT, WARRANTY, STRICT LIABILITY, OR OTHER THEORY, SHALL NOT EXCEED THE PRICE OF THE INDIVIDUAL UNIT WHOSE DEFECT OR DAMAGE IS THE BASIS OF THE CLAIM. IN NO EVENT SHALL AOC INTERNATIONAL (EUROPE) GMBH BE LIABLE FOR ANY LOSS OF PROFITS, LOSS OF USE OR FACILITIES OR EQUIPMENT, OR OTHER INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGE. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU. ALTHOUGH THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, YOU MAY HAVE OTHER RIGHTS, WHICH MAY VARY FROM COUNTRY TO COUNTRY. THIS LIMITED WARRANTY IS ONLY VALID FOR PRODUCTS PURCHASED IN THE MEMBER COUNTRIES OF THE EUROPEAN UNION.
