Do not clean vehicle with chemicals or water.

FEDERAL COMMUNICATIONS COMMISSION COMPLIANCE

NOTE:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit are expressly approved by the party responsible for compliance and not the user's authority to operate the equipment. Since this equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules, there is no guarantee of interference against harmful interference in a residential installation. This equipment uses an approved radio frequency energy and it may interfere and must be used in accordance with the instructions. You may have interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try and correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

MANUFACTURER'S NOTE

Modifications not authorized by the manufacturer may void users authority to operate the device.

ATTENTION PARENTS

This toy and all accessories need to be periodically examined for potential hazards and any potentially hazardous parts be repaired or replaced.

ROAD RIPPERS PRESCHOOL

GETTING STARTED

Remove the R/C vehicle and controller from the package. Insert batteries into the R/C vehicle and controller to begin full function play (see "Battery Installation" section for further details).

CAUTION

Important Battery Information

- Dispose of batteries properly.
- Do not dispose of batteries in fire.
- Use only batteries of the type recommended.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries.
- Do not mix old and new batteries.
- Remove batteries from R/C vehicle and controller if vehicle will not be used for a long period of time.

BATTERY INSTALLATION

CONTROLLER

1. To remove battery cover, loosen screw to open.
2. Insert 3 "AAA" batteries into the controller. Be sure the + and - are properly matched.

R/C VEHICLE

1. To remove battery cover, loosen screw to open.
2. Insert 3 "AA" batteries into the vehicle. Be sure the + and - are properly matched.

NOTE: For best performance, always use alkaline batteries only.

STRONG BATTERY MEANS OPTIMUM PERFORMANCE
Save the battery by turning off vehicle when not in use.

MUTE SWITCH

This unit is equipped with a mute switch. Use the mute switch when "Quiet Time" is needed. It is located on either the controller or the vehicle.

1

ROAD RIPPERS PRESCHOOL

OPERATING R/C VEHICLE

Toggle DEMO/OFF/PLAY switch located on bottom of R/C vehicle to the PLAY position.

3 WAYS TO PLAY

- Hold button 1 on the controller to drive forward and blow bubbles with lights and sounds.
- Hold button 2 on the controller to turn in reverse with lights and sounds.

• Press button 3 on the vehicle to drive forward and blow bubbles with lights and sounds.

After play, always turn vehicle off. Remove batteries from controller and R/C vehicle when not in use or when storing. Leakage may occur and cause damage if left for a long period of time.

Blow bubbles as you go! Bubble Solution Included.

TROUBLESHOOTING AND CARE FOR R/C VEHICLE

LIMITED RADIO CONTROL RANGE
While R/C vehicle may be visible at a distance, full operational control may be lost. Hide controller high in the air and drive vehicle back.

INTERFERENCE
Other radio signals may cause loss of control. Remove vehicle from an area of interference.

R/C VEHICLE DOES NOT MOVE	<ul style="list-style-type: none"> • Are the + and - contacts correctly matched in the controller? • Are the metal contact tabs touching, rusted or dirty in controller? • Are there batteries in the vehicle and controller? • Is the power switch turned on? • Are the batteries weak or out of power?
R/C VEHICLE MOVES BY ITSELF	<ul style="list-style-type: none"> • There is radio interference in the area. • Another R/C vehicle with the same frequency is close by.
R/C VEHICLE RUNS SLOWLY	<ul style="list-style-type: none"> • There is radio interference in the area. • Another R/C vehicle with the same frequency is close by. • Are the batteries weak or out of power?
PERFORMANCE DROP, INCONSISTENT MOVEMENT OR PAUSE TO RUN	<p>Check batteries. If necessary, replace the batteries in the R/C vehicle and controller with new alkaline batteries.</p>

TREAT YOUR R/C VEHICLE WELL

Radio waves control the R/C vehicle. Care for your vehicle and it will provide hours of fun! Avoid water, heat, sand and high impact crashes!

Store in safe place.

No direct sunlight.

No rain or water.

No sand or dust.

No collisions.

R/C vehicle may get stuck on carpet or grass.

Avoid running 2 vehicles with the same radio control frequency.
