

Complete Home Automation  
Run your home from wherever.

*It's Hard To Stop A Trane.®*

READ ONLY

### Still innovating after all these years.

For four generations, Trane has been providing people with control over the climate in their homes by building heating and cooling systems that lead the industry in quality, durability, and innovation. It's a legacy of leadership that has made us the most recognized brand in the industry for equipment reliability.\*

Now Trane continues that legacy, providing connected controls enabled with Nexia™ Home Intelligence that give homeowners the power to control the comfort in their homes from across the room, the other side of town, or half a world away using a smartphone, tablet or other web-enabled device. So even if your home is 100 years old, your climate control system can take you well into the future.

Trane ComfortLink™ II  
XL950 Control

## Smart comfort and efficiency begins with even smarter controls.

Trane ComfortLink™ XL850  
and Trane XL824 Controls

Trane XL624 Control

### Every Trane Connected Control includes Nexia Remote Climate Access.\*

With Nexia™ Home Intelligence, you can remotely control your home's temperature to suit your lifestyle and reduce your energy consumption while away. All so you can connect with your home, even when you're not at home.

### Find new friends for your Trane Control.

Trane controls are only the beginning. Nexia also works with hundreds of home automation accessories that allow you to create a more secure and efficient home environment.

Run your home from anywhere by combining  
Trane connected controls with simple web access.

# READ ONLY

\*Nexia Remote Climate Access is included with the purchase of a connected control. Adding accessories to your Nexia™ Home Intelligence system requires a monthly subscription for remote access via most web-enabled smartphones and computers.

# Home automation made simple.

Open, close and monitor your garage door even when you're not home

Turn lights on, off or dim them remotely

Raise or lower the temperature in your home remotely

Remotely view and record what is happening outside your home

Lock or unlock doors remotely

Control small appliances

Get a handle on your energy consumption with scheduling, and use less energy when everyone's away

# READ ONLY

Schedule front porch light to turn on automatically

The Nexia Bridge is the hub of the system that allows devices to connect to the web through a simple pairing process.

Trane XL824 and ComfortLink™ XL850 controls come with a Nexia Bridge inside and have the added advantage of improved pairing. Your independent Trane dealer can help you decide which control is the best choice for you.

Remotely view what is happening inside your home

Get text or email alerts when a window or door has activity or movement

Get text or email alerts when activity or movement is detected

As your needs grow, expand your Nexia™ Home Intelligence System by adding more components.

Nexia is also compatible with Z-Wave® devices. Z-Wave® is a registered trademark of Zensys Inc. and/or its subsidiaries.

## Independent Trane dealers value reliability as much as you do.

Your independent Trane dealer knows his or her reputation is made at every sale, and with every installation. Therefore, they are as personally invested in your comfort as you are, and take great pride in creating your perfect indoor environment.

Trane dealers are some of the most highly trained in the business, with advanced technical skills to optimize every installation and solve any issue. They have an extensive understanding of the

movement and conditioning of air, and the expertise to create a perfectly balanced, ultra-efficient system for every home. Trane dealers believe in doing the job right, every time. Otherwise, they wouldn't be Trane dealers.

The products they sell provide peace of mind as well, with no-nonsense warranties. Additional warranty details are available from your dealer. So relax and get comfortable. You have a Trane.

## What you need to get started with Nexia™ Home Intelligence.

- Active broadband internet connection
- A computer with internet access and a supported internet browser
- A valid email address
- A compatible cell phone or smartphone with an internet data plan and an SMS (text message) plan for remote features

Nexia Remote Climate Access is included with the purchase of a connected control. Adding accessories to your Nexia™ Home Intelligence system requires a monthly subscription for remote access via most web-enabled smartphones and computers.

## What sets Nexia apart?

- No cancellation fees or fixed term contracts
- Compatible with over 160 other connected devices
  - Dedicated customer support
- Subscriber welcome program for onboarding
  - Best-In-Class set-up wizard for consumers

Ingersoll Rand (NYSE:IR) advances the quality of life by creating comfortable, sustainable and efficient environments. Our people and our family of brands—including Club Car®, Ingersoll Rand®, Thermo King® and Trane®—work together to enhance the quality and comfort of air in homes and buildings; transport and protect food and perishables; and increase industrial productivity and efficiency. We are a global business committed to a world of sustainable progress and enduring results.
