Model: W181

Content

1. Introduction to Tablet

1.1 Windows Start Menu: Press Win on the keyboard or click ⊞ on the screen, you can see the Start Menu. These application programs are displayed in the form of "magnet" and list. As long as you click them, you can easily visit them.

You need to log on your Microsoft account before the application program completely runs.

1.2 Introduction to app Interface

In addition to the application programs already pinned on the start menu, you can check the other application list via "Win" - "All apps", such as other software application programs in the Tablet.

If you want to pin more application programs on the start interface, press and hold the application program for about one second, and release the magnet till the pop-up option appears, and select "Pin to Start" to fix to the start screen, or, just press and move to the start screen.
Conversely, if you want to cancel or delete a certain application in the start screen, press and hold the application program magnet for about one second, click , you can also click to check more menu, such as resize the magnet you want.
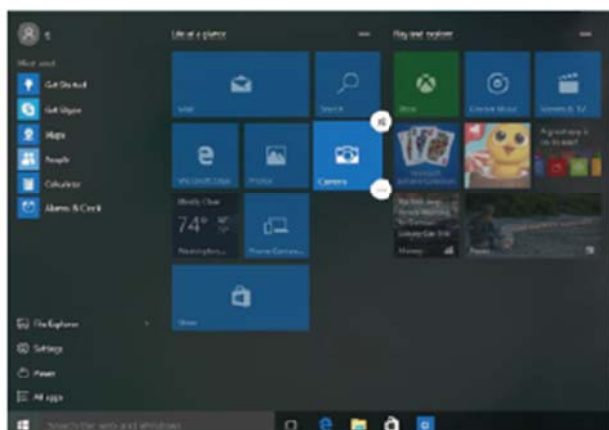

1.3 Action center

Slide it to the left from the right side of the screen to start Action Center to check the tablet status: Rotation lock, Bluetooth, Brightness, etc.
1.4 Running programme

Slide it to the right from the left side of the screen to scan the running program, and you can close it via click ☒ .
2. Basic Operations

2.1 Sleep, restart and shut down

● **Reset / Shutdown forcedly**

If the tablet freezes, you can press and hold the Power button for 8~12 seconds, then the tablet will shutdown.

2.2 Recovery

2.3 Bluetooth

a) Turn on Bluetooth: Start Menu - Settings - Devices - Bluetooth.
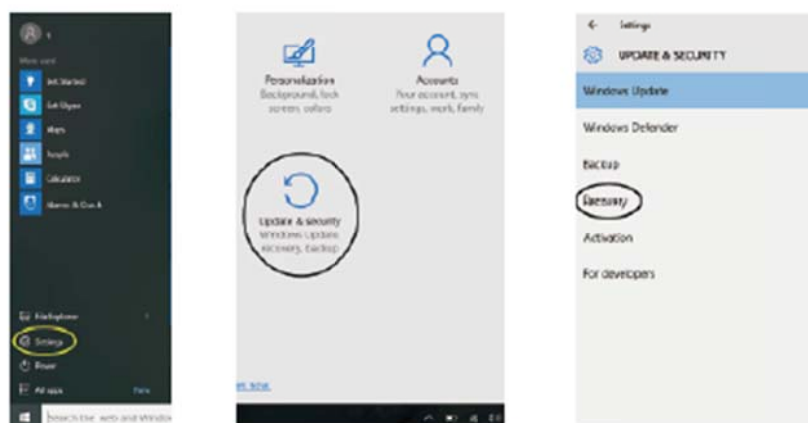

After turn on bluetooth, the tablet will auto-search other device, and you can pair with your device.

b) Send a File: Before sending the files, you should open the window "Select where to send your files": Click 🔲 at lower right corner of tablet - 🔵 - Send a File.

c) Receive a File: Before receiving the files, you should open the window "Waiting for a connection": Click 🔲 at lower right corner of tablet - 🔵 - Receive a File.

2.4 Security management
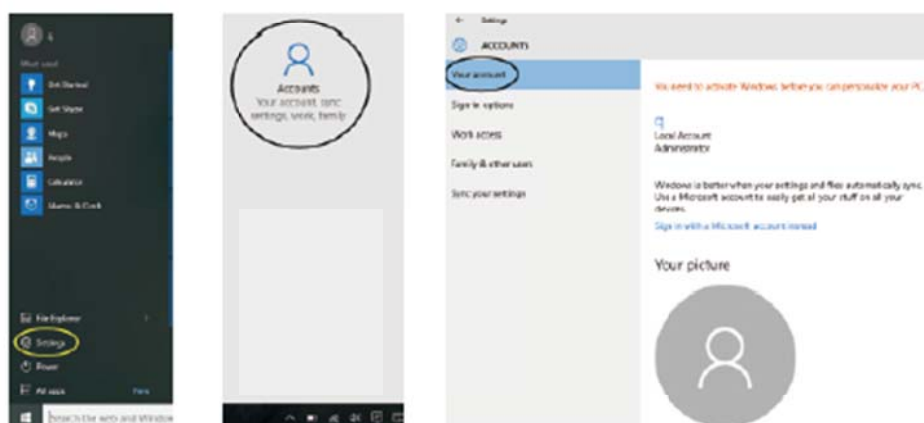

Method for quick setup:

Click the "Win" button in the lower left corner of screen, and select "Settings". Select "Accounts" on the right and click "Create local account" in "Your account" on the right side. After inputting the password of Complete Windows Live Id Account, input username, password, confirm password and password prompt.

3. Warranty & Feedback

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
