

Precautions!

Before you read anything else, please observe the following:

Warning!

Uniden America Corporation **DOES NOT** represent this unit to be waterproof. To reduce the risk of fire, electrical shock, or damage to the unit, **DO NOT** expose this unit to rain or moisture.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

Important!

Read this section before using your wireless phone.

This wireless phone is a radio transmitter and receiver. When the phone is on, the antenna is the part of the phone that sends out and receives radio frequency (RF) energy in the 824 to 894 MHz range using common frequency modulation (FM) techniques. When you use your phone, the wireless system handling your call controls the power level (usually 0.006 watts to 3 watts) at which your phone transmits.

In 1991, the Institute of Electrical and Electronics Engineers (IEEE), and in 1992 the American National Standards Institute (ANSI) updated the 1982 ANSI Standard for safety levels with respect to human exposure to RF energy. Over 120 scientists, engineers, and physicians from universities, government health agencies, and industry, after reviewing the available body of research, developed this updated Standard. In March, 1993, the Federal Communication Commission (FCC) proposed the adoption of this updated Standard. For the safe and efficient operation of your phone, observe these guidelines:

1. **Warning:** Uniden Multimedia Corporation **does not** represent this unit to have been **waterproofed**. To reduce the risk of electrical shock, fire hazard, or damage to the unit, do not expose to rain or moisture.
2. Do not operate this wireless phone when holding the antenna, or when any person is within 4 inches of the antenna. To limit RF exposure, control the duration of your calls.

UDZZ-

3. Do not use the phone with a damaged antenna. If a damaged antenna comes into contact with the skin, a minor burn may result. If the antenna is damaged, replace it with a Uniden-approved antenna before operating the phone. Contact your Uniden dealer for more information.
4. When using your phone while driving, Uniden recommends that you only use the phone when the vehicle is stationary. This ensures that you maintain full attention to driving while the vehicle is in motion. You are responsible for driving safely and using reasonable judgment while using your wireless phone.
5. RF energy from wireless telephones may affect some personal medical devices (pacemakers, hearing aids, etc.) Consult your physician or the device manufacturer for information regarding the effect of RF energy on personal medical devices.
6. Do not use this wireless phone in an airplane.
7. Do not allow children to play with the phone. It is not a toy. Children could hurt themselves or others (by poking themselves or others in the eye with the antenna, for example). Children could also damage the phone or make calls that increase your telephone bills.
8. Obey the warning signs that require mobile radios to be turned off. This is typically required near construction sites where blasting occurs, and in health care facilities.
9. Turn your phone off when in any area with a potentially explosive atmosphere. These areas include fueling areas such as gas stations, below deck on boats, chemical transfer and storage facilities, and areas where the air contains particles (grain, dust, or metal powders.)

The FCC Wants You To Know

Changes or modifications to this product not expressly approved by Uniden, or operation of this product in any way other than as detailed by the owner's manual, could void your authority to operate this product. The equipment cannot be used on public coin phone service provided by the telephone company. Connection to party line service is subject to state tariffs. (Contact the state public utility commission, public service commission or corporation commission for information.)

Wireless Telephone Privacy

Wireless telephones are radio devices. Communications between the handset and base of your wireless telephone are accomplished by means of radio waves which are broadcast over the open airways. Because of the inherent physical properties of radio waves, your communications can be received by radio receiving devices other than your own wireless telephone unit. Consequently, any communications using your wireless telephone may not be private.

Adapter Safety Features

If the AC adapter furnished with this phone has a polarized line plug (a plug having one blade wider than the other), this plug will fit into the power outlet only one way. If you are unable to insert the plug fully into the outlet, try reversing the plug.

Do not alter the shape of the blades of the polarized plug!

NOTE: If you cannot plug the AC adapter into the outlet, contact someone about replacing the outlet.

Plug the AC Adapter into a standard 120 VAC wall outlet.
Do not use an outlet controlled by a wall switch.

Use only the Uniden AC Adapter supplied with this phone.

One Year Limited Warranty

Important: Evidence of original purchase is required for warranty service.

WARRANTOR: UNIDEN MULTIMEDIA CORPORATION ("Uniden")

ELEMENTS OF WARRANTY: Uniden warrants, for one year, to the original retail owner, this Uniden Product to be free from defects in materials and craftsmanship with only the limitations or exclusions set out below.

WARRANTY DURATION: This warranty to the original user shall terminate and be of no further effect 12 months after the date of original retail sale. The warranty is invalid if the Product is (A) damaged or not maintained as reasonable or necessary, (B) modified, altered, or used as part of any conversion kits, subassemblies, or any configurations not sold by Uniden, (C) improperly installed, (D) serviced or repaired by someone other than an authorized Uniden service center for a defect or malfunction covered by this warranty, (E) used in any conjunction with equipment or parts or as part of any system not manufactured by Uniden, or (F) installed or programmed by anyone other than as detailed by the owner's manual for this product.

STATEMENT OF REMEDY: In the event that the product does not conform to this warranty at any time while this warranty is in effect, warrantor will either, at its option, repair or replace the defective unit and return it to you without charge for parts, service, or any other cost (except shipping and handling) incurred by warrantor or its representatives in connection with the performance of this warranty. Warrantor, at its option, may replace the unit with a new or refurbished unit. THE LIMITED WARRANTY SET FORTH ABOVE IS THE SOLE AND ENTIRE WARRANTY PERTAINING TO THE PRODUCT AND IS IN LIEU OF AND EXCLUDES ALL OTHER WARRANTIES OF ANY NATURE WHATSOEVER, WHETHER EXPRESS, IMPLIED OR ARISING BY OPERATION OF LAW, INCLUDING, BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THIS WARRANTY DOES NOT COVER OR PROVIDE FOR THE REIMBURSEMENT OR PAYMENT OF INCIDENTAL OR CONSEQUENTIAL DAMAGES. Some states do not allow this exclusion or limitation of incidental or consequential damages so the above limitation or exclusion may not apply to you.

LEGAL REMEDIES: This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. This warranty is void outside the United States of America.

PROCEDURE FOR OBTAINING PERFORMANCE OF WARRANTY: If, after following the instructions in the owner's manual you are certain that the Product is defective, pack the Product carefully (preferably in its original packaging). The Product should include all parts and accessories originally packaged with the Product. Include evidence of original purchase and a note describing the defect that has caused you to return it. The Product should be shipped freight prepaid, by traceable means, or delivered, to warrantor at:

Uniden Multimedia Corporation

4701 Buckingham, Fort Worth, TX 76155

Uniden offers 30 days of toll free support and you can call (800)297-1023, 8 a.m. to 5 p.m. Central, Monday through Friday. Beyond that period, you can obtain assistance by calling (900)224-4UAC.
