# **Intel Copper Trail Remote 2012**

# **Regulatory Information**

To be included in the documentation shipped with the system.

### IMPORTANT SAFETY INSTRUCTIONS

Read these instructions. Keep these instructions.

Heed all warnings. Follow all instructions.

Make sure the TV receiver of monitor is mounted to the wall, furniture or stand as required by the manufacturer to maintain stability and prevent tip over if accessible to children, before installing this unit. Large TV can cause severe injury or death if pulled over and fall upon small children.

Carefully route cords away from areas accessible by young children to reduce the chance of the cords being pulled and causing the unit from falling off the TV or resulting in the TV and unit being pulled off the mounting surface. Large TV can cause severe injury or death if pulled over and fall upon small children.

**LITHIUM COIN CELL SAFETY NOTICE:** KEEP COIN CELL BATTERIES OUT OF REACH OF CHILDREN, coin cell batteries can be accidentally ingested. If ingested, these batteries may leak harmful contents causing chemical burns, perforation of soft tissue, and in severe cases may cause death. Lithium coin batteries must be removed immediately if swallowed. Seek medical attention immediately. If you or your doctor suspects that a battery has been ingested-for assistance in the US call the NATIONAL BATTERY INGESTION HOTLINE any time at (202) 625-3333: in Canada call 416-813-5900.

Protect the power cords from being walked on Or crushed or pinched.

Do not use this apparatus near water. Clean only with dry cloth. Do not block any ventilation openings. Install in accordance with the instructions provided.

Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.

If the provided power supply plug pins do not fit into your outlet, consult an electrician for replacement of the obsolete outlet. Do not plug the power supply into an extension cord as it is intended to be connected to the wall outlet.

Refer all servicing to qualified service personnel.

Servicing is required when the apparatus has been damaged in any way, for example the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

#### CAUTION concerning the Power Cord:

It is recommend that appliances be placed upon a dedicated circuit; that is, a single outlet circuit which powers only that appliance and has no additional outlets or branch circuits. Check the specification page of this owner's manual to be certain.

Do not connect too many appliances to the same AC power outlet as this could result in fire or electric shock.

Do not overload wall outlets, or the power supply receptacle. Overloaded wall outlets, loose or damaged wall outlets, extension cords, frayed power cords, or damaged or cracked wire insulation are dangerous. Any of these conditions could result in electric shock or fire. Periodically examine the cord of your appliance, and if its appearance indicates damage or deterioration, unplug it, discontinue use of the appliance, and have them replaced with an exact replacement part by an authorized servicer. Protect the power cord from physical or mechanical abuse, such as being twisted, kinked, pinched, closed in a door, or walked upon. Pay particular attention to plugs, wall outlets, and the point where the cord exits the appliance.

Keep the product away from direct sunlight.

#### Cleaning

When cleaning, unplug the power cord and scrub gently with a soft cloth to prevent scratching. Do not spray water or other liquids directly on the unit or TV as electric shock may occur. Do not clean with chemicals such as alcohol, thinners or benzene.

#### Ventilation

Install the unit where there is proper ventilation. Do not install in a confined space such as a bookcase. Do not cover the product with cloth or other materials (e.g.) plastic while plugged in. Do not install in excessively dusty places.

If you smell smoke or other odors coming from the unit or hear strange sounds, unplug the power cord contact an authorized service center.

#### **FCC NOTICE**

### Class B digital device

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
