## Operating Instructions

The R2-MiNi has been designed to operate the majority of current TVs, satellite and cable boxes.

R2-MiNi

1 Programming IR Codes to the R2-MiNi

STEP 1 Turn on TV or cable/ satellite box.

STEP 2 Press and hold device button (TV or CBL/SAT) on remote for 3 seconds. (Device LED will stay on.)

STEP 3 Point the remote towards the device and press CH+ or CH- with single button presses.(The correct IR code is achieved when the device shuts off.)

STEP 4 Press the corresponding device button again to save the code. (The device LED will blink twice to confirm that the code is saved.)

2 Reverting Back to TV or CBL/SAT Channel Control

The channel control will default automatically to the CBL/SAT device when programmed with an IR code.

STEP 1 Press and hold the CBL/SAT button for 3 seconds.(The CBL/SAT LED will stay on.)

STEP 2 Press the VOL + button.

STEP 3 Press the CBL/SAT button for cable /satellite channel control or the TV button for TV channel control.(The device LED will blink twice to confirm the change.)
