Blue LED pulses once every 4 seconds	Connected to device
Red LED flashes	Low battery

Getting Started

1. Before use, fully charge BTunes for 2 hours;
2. Plug the BTunes into your headphones (use adapter when available);
3. Pairing/connecting
Before use the BTunes can be used with our digital device, the two devices must be paired. After the BTunes is paired with your device and connected, you can stream audio to the BTunes from your device.

- Pairing via NFC

- Manual Pairing

1. Press and hold "MFB" button for about 7 seconds until red and blue LED flashes alternately or hearing "pairing" in your headphones, then start to look for the BTunes in the Bluetooth area on your digital device.
2. Select "the BTunes" after it appears on your device.
3. Enter password "0000" on your devices, if asked to do so.
4. Hearing "your device is connected" in your headphones means two devices are paired/connected successfully. It will also show "Connected" on your device's Bluetooth area.

4. Press and hold "MFB" for about 4 seconds to turn on BTunes. Betunes will automatically connect to the last connected device. (If it is the first time to turn on, BTunes will go to pairing mode.)

5. Enjoy
